Handbook of Religion and the Authority of Science James R. Lewis,Olav Hammer,2010-11-19 The present collection examines the many different ways in which religions appeal to the authority of science The result is a wide ranging and uniquely compelling study of how religions adapt their message to the challenges of the contemporary world From Primitive to Indigenous James L. Cox,2016-04-22 The academic study of Indigenous Religions developed historically from missiological and anthropological sources but little analysis has been devoted to this classification within departments of religious studies Evaluating this assumption in the light of case studies drawn from Zimbabwe Alaska and shamanic traditions and in view of current debates over primitivism James Cox mounts a defence for the scholarly use of the category Indigenous Religions Trauma Controversy, The , **Asian Visions of Authority** Charles F. Roberts,2013-05-29 Through a wide ranging and close analysis of archival sources this book re evaluates both the role of royal authority and of local agency in the French religious wars in the lead up to the Edict of Nantes of 1598 Drawing on extensive research it provides a new perspective on the political religious social and cultural history of the conflict **Authority in Crisis in French Literature, 1850-1880** Seth Whidden,2016-04-15 By the 1850s the expansion of printing and distribution technologies provided writers with more readers and literary outlets than ever before while the ever changing political contexts occasioned by the revolutions of 1830

and 1848 brought about differing degrees of political social and literary censure and pressure Seth Whidden examines crises of literary authority in nineteenth century French literature both in response to the attempts of the Second Empire 1852 1870 to restore the unquestioned imperial authority that had been established by Napoleon I and in the aftermath of the bloody Paris Commune of 1871 In each of his chapters Whidden offers a representative case study highlighting one of several phenomena literary collaboration parody destabilized poetic form the substitution of one poetic or narrative voice with that of the man that enabled challenges to the traditional status of the writer and by extension the political authority that it reflected Whidden focuses on the play *Le Supplice d'une femme* 1865 the *Cercle Zutiste* a group of writers musicians and artists who met regularly in the fall of 1871 only months after the fall of the Second Empire Arthur Rimbaud's Commune era poems and Jules Verne's 1851 *Un voyage en ballon* later reprinted as *Un drame dans les airs* in 1874 Whidden concludes with a futuristic look at authority and auctority as it pertains to midcentury writers taking stock of the weakened authority still possible in a post Second Empire France and envisioning what kind of auctority is still to come

Religion, Authority, and the State Leo D. Lefebure, 2016-08-03 In commemoration of Constantine's grant of freedom of religion to Christians this wide ranging volume examines the ambiguous legacy of this emperor in relation to the present world discussing the perennial challenges of relations between religions and governments The authors examine the new global ecumenical movement inspired by Pentecostals the role of religion in the Irish Easter rebellion against the British and the relation between religious freedom and government in the United States Other essays debate the relation of Islam to the violence in Nigeria the place of the family in church state relations in the Philippines the role of confessional identity in the political struggles in the Balkans and the construction of Slavophile identity in nineteenth century Russian Orthodox political theology The volume also investigates the contrast between written constitutions and actual practice in the relations between governments and religions in Australia Indonesia and Egypt The case studies and surveys illuminate both specific contexts and also widespread currents in religion state relations across the world

Krishnamurti* Jiddu Krishnamurti,1991 **Reproducing the State** Jacqueline Stevens,2020-12-08 People are said to acquire their affiliations of ethnicity race and sex at birth Hence these affiliations have long been understood to be natural independent of the ability of political societies to define who we are Reproducing the State vigorously challenges the conventional view as well as post structuralist scholarship that minimizes state power Jacqueline Stevens examines birth

based theories of membership and group affiliations in political societies ranging from the Athenian polis to tribes of Australia to the French republic to the contemporary United States The book details how political societies determine the kinship rules that are used to reproduce political societies Stevens analyzes the ways that ancestral and territorial birth rules for membership in political societies pattern other intergenerational affiliations She shows how the notion of ethnicity depends on the implicit or explicit invocation of a past present or future political society She also shows how geography is used to represent political regions including continents as the seemingly natural underpinning for racial taxonomies perpetuated through miscegenation laws and birth certificates And Stevens argues that sex differences are also constituted through membership practices of political societies In its chronological and disciplinary range *Reproducing the State* will reward the interest of scholars in many fields including anthropology history political science sociology women s studies race studies and ethnic studies
