By Man Shall His Blood Be Shed Edward Feser,Joseph Bessette,2017-03-15 The Catholic Church has in recent decades been associated with opposition to the death penalty It was not always so This timely work recovers and calls for a revival of the Catholic tradition of support for capital punishment Drawing upon a wealth of philosophical scriptural theological and social scientific arguments the authors show that it is the perennial and irreformable teaching of the Church that capital punishment can in

principle be legitimate not only to protect society from immediate physical danger but also for purposes such as retributive justice and deterrence They show that the recent statements of churchmen in opposition to the death penalty are merely prudential judgments with which faithful Catholics are not obliged to agree They also show that the prudential grounds for opposition to capital punishment offered by Catholics and others in recent years are without force The extreme statements made by some Catholics in opposition to the death penalty do grave harm to the Church by falsely suggesting a rupture in her traditional teaching thereby inadvertently casting doubt on the reliability of the Magisterium And they do grave harm to society by removing a key component of any system of criminal justice which can protect the lives of the innocent inculcate a horror of murder and affirm the dignity of human beings as free and rational creatures who must be held responsible for their actions By *Man Shall His Blood Be Shed* is a challenge to contemporary Catholics to move beyond simple minded sloganeering to a serious engagement with scripture tradition natural law and the actual social scientific evidence and a faithful exercise of the hermeneutic of continuity called for by Pope Benedict XVI *Moral Choices* Scott B. Rae, 2009 Now in its third edition this foremost college ethics text helps students form a basis for practical ethical decision making in contemporary culture Substantial updates and revisions include a new chapter on ethics and economics online resources for instructors current case studies new material on bioethics and stem cell research and more *Christian Ethics* Norman L. Geisler, 2010 This update of a classic text evaluates contemporary ethical options and pressing issues of the day from a biblical perspective *A 21st Century Rationalist in Medieval America* John Bice, 2007 Exploring the power of preaching to the converted this motivating collection challenges other atheists secularists agnostics and freethinkers to become vocal and involved in their own local media adding a rational voice to the daily dialogue taking place in newspapers across the country

Routledge Handbook on Capital Punishment Robert M. Bohm, Gavin Lee, 2017-12-15 Capital punishment is one of the more controversial subjects in the social sciences especially in criminal justice and criminology Over the last decade or so the United States has experienced a significant decline in the number of death sentences and executions Since 2007 eight states have abolished capital punishment bringing the total number of states without the death penalty to 19 plus the District of Columbia and more are likely to follow suit in the near future Nebraska reinstated its death penalty in 2016 Worldwide 70 percent of countries have abolished capital punishment in law or in practice The current trend suggests the eventual demise of capital punishment in all but a few recalcitrant states and countries Within this context a fresh look at capital punishment in the United States and worldwide is warranted The Routledge Handbook on Capital Punishment comprehensively examines the topic of capital punishment from a wide variety of perspectives A thoughtful introductory chapter from experts Bohm and Lee presents a contextual framework for the subject matter and chapters present state of the art analyses of a range of aspects of capital punishment grouped into five sections 1 Capital Punishment History Opinion and Culture 2 Capital Punishment Rationales and Religious Views 3 Capital Punishment and Constitutional Issues 4 The Death Penalty 5

Budziszewski,2023-05-16 Why do we demand happiness on terms that make happiness impossible And what can we do about it Acclaimed philosopher J Budziszewski addresses these questions in the brilliantly persuasive book The Line Through the Heart finding the answers in the natural law The journey of exploration takes us through politics religion ethics law philosophy and more with Budziszewski as expert guide While investigating the natural law and its implications Budziszewski boldly confronts a wide range of contemporary issues offering a newly integrated view of abortion evolution euthanasia capital punishment runaway courts and the ersatz state religion built in the name of religious toleration Written in Budziszewski's usual crystalline style The Line Through the Heart shows that natural law is a matter of concern not merely to scholars but to everyone for it touches how each of us lives and how all of us live together His profound examination of this subject helps us make sense of why habits that run against our nature have become second nature and why our world seems to be going mad A Call for Reckoning Erik C. Stabile,2012-11-01 Although raised Roman Catholic Susan Stabile was ordained as a Tibetan Buddhist nun and devoted 20 years of her life to practicing Buddhism before returning to Catholicism in 2001 In Growing in Love and Wisdom she draws on this unique dual perspective to explore the value of interreligious dialogue the spiritual dynamics that operate across faith traditions and how Buddhist meditation practices can deepen Christian prayer She begins by examining the values and principles shared by the two faiths and shows that both traditions seek to effect a fundamental transformation in the lives of believers Both stress the need for experiences with deep emotional resonance that goes beyond the level of concepts to touch the heart The center of the book offers 15 Tibetan Buddhist contemplative practices adapted for Christian use Stabile provides clear instructions on how to do these meditations and helpful commentary on each explaining its purpose and the relation between the Buddhist original and her
