Israel's Restoration Is Near John Taylor, 2024-01-18 Israel's Restoration Is Near is a book that gives a breakdown of all prophetic events beginning with John the Baptist and ending with America It shows how the United States although not directly referenced in Scripture is God's end time nation that is being used to usher in the ultimate salvation of Israel It describes the prophetic calendar used throughout history and explains how God uses the 490 year period to usher in new events throughout history This book describes how the ancient prophets predicted the fall of Jerusalem and explains how during this fall salvation came to the world to provoke Israel to jealousy and fulfill Scripture Israel's Restoration Is Near shows how the Holy Roman Empire was used to temporarily replace the ancient Israel and rid the world from idol worship It shows how this empire helped the world to transition from an ancient world to the modern world Once modern nations emerged God's prophetic clock and 490 years again began its countdown resulting in a series of events that led to the rebirth of the nation of Israel and the rise of the greatest nation in history America Israel's Restoration Is Near shows that at the end of the 490 year period which began in the Reformation of 1517 the time line for America's demise also began in 2007 and the birth of Islamic movement began which would ultimately lead to the Gog and Magog war and not the rapture The book shows according to Scripture that period of Antichrist and tribulation occurs one thousand years before Gog and Magog During this prophetic countdown unlike the typical prophetic interpretations the world is being prepared for as Scripture predicts the deliverer salvation of

Israel and a temporary period of peace that would lead to the Gog and Magog war
