Morgan, Robert A. Peterson, 2009-09-20 What about those who have never heard The debate swirls and feelings run deep What is the fate of the unevangelized The traditional position that apart from an explicit faith in Jesus no one is saved seems to have fallen out of favor with many evangelicals Here is a passionate but irenic response to the arguments of those who believe that the unevangelized can or might be saved apart from knowledge of Jesus Christ Building on the insights of others nine scholars introduce readers even those with little background to the ongoing discussion Key questions Is general revelation sufficient Are other religions salvific Do holy pagans exist Must faith be explicit Is exclusivism unjust are probed and answered from a biblical theological and historical perspective The book's positive thrust is summed up by editors Robert Peterson and Christopher Morgan God is passionately engaged in gathering people to know love and worship him from every tribe language people and nation And he has called us to join him on this mission      **The Romans** Antony Kamm, 2008-08-13 The second edition of *The Romans* An Introduction is a concise readable and comprehensive survey of the civilization of ancient Rome It covers more than 1200 years of political and military history including many of the famous and infamous personalities who featured in them Further it describes the religions society and daily life of the Romans and their literature art architecture and technology illustrated by extracts in new translations from Latin and Greek authors of the times This second edition contains extensive additional and revised material designed to enhance the value of the book to students especially of classical or Roman civilization Roman history or elementary Latin as well as to general readers and students of other disciplines for whom an understanding of the civilization and literature of Rome is desirable In particular the chapter on religions has been expanded as have the sections on the role of women and on Roman social divisions and cultural traditions There is more too on the diversity and administration of the empire at different periods on changes in the army and

Land, 2008-07-17 The Diffusion of Ecclesiastical Authority explores the leadership of the church in Acts from a sociological perspective Two primary models emerge from a sociologically informed investigation of first century Greco Roman and Jewish religious leadership manager leader and innovator leader An examination of seven passages in Acts reveals that the leaders of the early church although initially conforming to cultural expectations are best described as innovator leaders whose counter cultural actions resulted in the empowerment of new leaders and the advancement of the gospel Through the use of fictive kinship language the voluntary sharing of authority the fostering of a sense of mutual dependence on God as the common patron and the redefinition of what is honorable the leaders in Acts consistently enabled others to share authority in the church **Roman Religion and the Cult of Diana at Aricia** C. M. C. Green, 2007 The sanctuary dedicated to Diana at Aricia flourished from the Bronze age to the second century CE From its archaic beginnings in the wooded crater beside the lake known as the mirror of Diane it grew into a grand Hellenistic style complex that attracted crowds of pilgrims and the sick Diana was also believed to confer power on leaders This book examines the history of Diana s cult and healing sanctuary which remained a significant and wealthy religious center for more than a thousand years It sheds new light on Diana herself on the use of rational as well as ritual healing in the sanctuary on the subtle distinctions between Latin religious sensibility and the more austere Roman practice and on the interpenetration of cult and politics in Latin and Roman history **Scenting Salvation** Susan Ashbrook Harvey, 2015-08-25 This book explores the role of bodily sensory experience in early Christianity first seventh centuries AD by focusing on the importance of smell in ancient Mediterranean culture Following its legalization in the fourth century Roman Empire Christianity cultivated a dramatically flourishing devotional piety in which the bodily senses were utilized as crucial instruments of human divine interaction Rich olfactory practices developed as part of this shift with lavish uses of incense holy oils and other sacred scents At the same time Christians showed profound interest in what smells could mean How could the experience of smell be construed in revelatory terms What specifically could it convey How and what could be known through smell Scenting Salvation argues that ancient Christians used olfactory experience for purposes of a distinctive religious epistemology formulating knowledge of the divine in order to yield in turn a particular human identity Using a wide array of Pagan Jewish and Christian sources Susan Ashbrook Harvey examines the ancient understanding of smell through religious rituals liturgical practices mystagogical commentaries literary imagery homiletic conventions scientific medical and cosmological models ascetic disciplines theological discourse and eschatological expectations In the process she argues for a richer appreciation of ancient notions of embodiment and of the roles the body might serve in religion **Beck on**
