Religious Case For Abortion

Douglas Laycock

Religious Case For Abortion:

Euthanasia, Abortion, Death Penalty and Religion - The Right to Life and its Limitations Hans-Georg Ziebertz, Francesco Zaccaria, 2018-11-16 This book considers how the termination of life might be accepted in the view of a general obligation to protect life. It features more than 10 papers written by scholars from 14 countries that offer international comparative empirical research. Inside readers will find case studies from such areas as India, Chile, Germany, Italy, England, Palestine, Lithuania, Nigeria, and Poland. The papers focus on three limitations of the right to life: the death penalty, abortion, and euthanasia. The contributors explore how young people understand and evaluate the right to life and its limitations. The book presents unique empirical research among today's youth and reveals that among other concepts, religiosity matters. It provides insight into the acceptance, perception, and legitimation of human rights by people from different religious and cultural backgrounds. This investigation rigorously tests for inter-individual differences regarding political and judicial rights on religious grounds while controlling for other characteristics. It will help readers better understand the many facets of this fundamental yet controversial philosophical question. The volume will be of interest to students, researchers, as well as general readers searching for answers.

The Religious Case for Abortion Hamilton Gregory, 1983 *Abortion--Analyzing the Arguments Old and NEW* Dr. Bob O'Connor, 2019-03-15 The right to abortion is a major concern in most countries. Should it ever be allowed? Should it be allowed only in the first trimester? When does life start? Should I seek an abortion? Does society need more unwanted babies? Does the Bible specifically condemn abortion? What does each child want? Or unwanted cost society? These are questions that women and men must ask. Legislators should inquire deeply, as should judges. These and many more questions are discussed, and answers often implied.

Abortion Rights as the Free Exercise of Religion Peter S. Wenz, 2025-07-18 This book is the first to analyze Supreme Court decisions related to religious freedom and abortion rights, showing that the Court gives women a religious right to abortions at least during the first half of pregnancy. The Court considers any sincerely claimed religious belief to be worthy of accommodation if it causes no great harm. Therefore, a woman who claims that having a child would interfere with work dedicated to God's glory should receive an accommodation that exempts her from state laws restricting abortion, as that is the kind of relief accorded by the Court to others seeking religious exemptions from generally applicable laws and other rules. The Court cannot claim in this case that abortion causes great harm, because it maintains even in its most recent abortion decision that it is neutral on the question of when the unborn attains a right to life, and loss of the unborn's life is the central harm claimed by others regarding abortion. The book argues that 21 weeks of gestation is the earliest point at which a right to life can be attributed to the fetus on a scientific basis.

Holy Abortion? A Theological Critique of the Religious Coalition for Reproductive Choice Michael J. Gorman, Ann Loar Brooks, 2003-03-13 Four mainline Protestant denominations, the ECUSA, PCUSA, UCC, and UMC, are affiliated with RCRC. In this important new book, the authors carefully examine the literature and liturgical aids produced by RCRC, demonstrating

how its theology radically contradicts the statements on abortion issued by its affiliated churches Religious Freedom Restoration Act of 1991 United States. Congress. House. Committee on the Judiciary. Subcommittee on Civil and Constitutional Rights,1993 **Political Secularism, Religion, and the State** Jonathan Fox,2015-04-27 This book examines how the competition between religious and secular forces influenced state religion policy between 1990 and 2008 While both sides were active the religious side had considerably more success The book examines how states supported religion as well as how they restricted it **Religious Liberty, Vol. 1** Douglas Laycock,2010-02-22 The Collected Works on Religious Liberty comprehensively collects the scholarship advocacy and explanatory writings of leading scholar and lawyer Douglas Laycock illuminating every major religious liberty issue from both theoretical and practical perspectives This first volume gives the big picture of religious liberty in the United States It fits a vast range of disparate disputes into a coherent pattern from public school prayers to private school vouchers to regulation of churches and believers Laycock clearly and carefully explains what the law is and argues for what the law should be He also reviews the history of Western religious liberty from the American founding to Protestant Catholic conflict in the nineteenth century using this history to cast light on the meaning of our constitutional guarantees Collected Works on Religious Liberty is unique in the depth and range of its coverage Laycock helpfully includes both scholarly articles and key legal documents and unlike many legal scholars explains them clearly and succinctly All the while he maintains a centrist perspective presenting all sides believers and nonbelievers alike fairly **Religious Liberty, Volume 5** Douglas Laycock,2018-12-18 One of the most respected and influential scholars of religious liberty in our time Douglas Laycock has argued many crucial religious liberty cases in the United States Supreme Court His noteworthy scholarly and popular writings are being collected in five comprehensive volumes under the title Religious Liberty In this final volume Laycock documents the use of the Constitution's Free Speech Clause and Establishment Clause in legal briefs scholarly and popular articles House testimonies and written debates These two clauses have been vitally important in religious liberty cases concerning religious speech in schools politics and the workplace government funding of religious schools and social services and the meaning of separation of church and state **Why Politics Needs Religion** Brendan Sweetman,2010-07-17 Can religion and politics mix Many voices reply No way Yet in this provocative and timely book Brendan Sweetman argues against this charge and the various sophisticated arguments that support it As we witness the clash of religious and secular worldviews he claims that our pluralistic democratic society will be best served when the faith elements of secularism are acknowledged and the rational elements of religious arguments are allowed to inform the momentous debates taking place in the public square In fact Sweetman contends that politics needs religion if it is to be truly democratic concerned with fairness among worldviews equality and a vigorous public discussion The Religious Freedom Restoration Act United States. Congress. Senate. Committee on the Judiciary,1993 **The End of Roe** Jeanine E. Kraybill,2025-09-17 The End of Roe assesses abortion and the American legal and political system in the

aftermath of the United States Supreme Court's June 2022 decision in *Dobbs v Jackson Women's Health Organization*. In *Dobbs*, the US Supreme Court held that a woman did not have a constitutional right to terminate her pregnancy. This decision further polarized an already divided nation by overturning nearly fifty years of precedent under *Roe v Wade* following on from two highly contentious presidential elections. Now as Christian conservative legal organizations seek to tighten access to abortion through attempts to limit chemical abortion, the most widely used method to terminate pregnancies in the United States, as well as cut off other avenues to the procedure, access to abortion seems uncertain and increasingly complicated across the United States. This book discusses how widely differing abortion laws have evolved across the United States as well as how religious groups and conservatives have turned to the legal process in their fight to restrict abortion further and how more progressive states have countered with the passage and implementation of safe harbor laws shielding physicians who perform abortions and the women who wish to procure them mainly when their home state is hostile to their medical situation or choice. This book demonstrates how abortion will continue to shape future elections and the consequences of these political contests on this issue. This book will appeal to students and scholars of American politics, ethics, politics and religion, and women and politics, as well as practitioners in the areas of law, political science, sociology, and philosophy, and anyone interested in the abortion debate in the United States.

Collected Works on Religious Liberty, Vol. 1 Douglas Laycock, 2010. One of the most respected and influential scholars of religious liberty in our time, Douglas Laycock has argued many crucial religious liberty cases in the U.S. appellate courts and Supreme Court. His noteworthy scholarly and popular writings are being collected in four comprehensive volumes under the title *Religious Liberty*. This first volume gives the big picture of religious liberty in the United States, fitting a vast range of disparate disputes into a coherent pattern from public school prayers to private school vouchers to regulation of churches and believers. Laycock's clear overviews provide the broad historical, helpful context often lacking in today's press.

Religion in Politics Michael J. Perry, 1999-01-21. Most Americans are religious believers. Among these, there is disagreement about many fundamental religious moral matters. Because the United States is both such a religious country and such a religiously pluralistic country, the issue of the proper role of religion in politics is extremely important to political debate. In *Religion in Politics*, Michael Perry addresses a fundamental question: what role may religious arguments play if any, either in public debate about what political choices to make or as a basis of political choice? He is principally concerned with political choices that ban or otherwise disfavor one or another sort of human conduct based on the view that the conduct is immoral. He divides the controversy into two debates: the constitutionally proper role of religious arguments in politics and a related but distinct debate about the morally proper role. Perry concludes that political choices about the morality of human conduct should not be based on religion. The newest work by one of the most important constitutional theorists writing today, *Religion in Politics* is sure to spark a new debate on the subject.

Abortion Jacqui Bailey, 2011-12-15. Presents information on abortion, the current laws, around the procedure.

and the debates on all sides of the abortion controversy *The Right to Religious Freedom in International Law* Anat Scolnicov, 2010-10-18 This book explores the right to religious freedom within international law Analysing legal structures in a variety of both Western and Non Western jurisdictions the book sets out a topography of the different constitutional structures of religion within the state and their compliance with international human rights law **The Oxford Handbook of Religion and Ecology** Roger S. Gottlieb, 2006-11-09 The last two decades have seen the emergence of a new field of academic study that examines the interaction between religion and ecology Theologians from every religious tradition have confronted world religions past attitudes towards nature and acknowledged their own faiths complicity in the environmental crisis Out of this confrontation have been born vital new theologies based in the recovery of marginalized elements of tradition profound criticisms of the past and ecologically oriented visions of God the Sacred the Earth and human beings The proposed handbook will serve as the definitive overview of these exciting new developments Divided into three main sections the books essays will reflect the three dominant dimensions of the field Part one will explore traditional religious concepts of and attitudes towards nature and how these have been changed by the environmental crisis Part II looks at larger conceptual issues that transcend individual traditions Part III will examine religious participation in environmental politics **Law and Religion** Stephen M. Feldman, 2000-09 Few issues arouse as much passionate debate as the relationship between church and state Political parties and coalitions have long jockeyed for position in the battle to either keep the two separate or to unify them in one nation indivisible from God While the battle has been raging in the political arena figures from academia the media and myriad other vantage points have commented on the context and constitutionality of laws governing religious expression In *Law and Religion* Stephen M Feldman brings together the many perspectives that have shaped policy on this important national issue In giving voice to the political left and right as well as to cultural philosophical sociological and historical perspectives the book serves as an even handed treatment of an issue all too often clouded by biases Contributors ranging from Stanley Fish to Richard John Neuhaus explore issues extending from religious morality and religious freedom to fundamentalism the separation of church and state religion and public schooling and liberal political theory Comprehensive in scope *Law and Religion* will stand as an important reference for anyone seeking to further understand this complex and highly emotional topic **The Virginia Statute for Religious Freedom** Merrill D. Peterson, Robert C. Vaughan, Robin W. Lovin, 2003-10-30 This book colourfully examines a famous Jeffersonian document which set the precedent for the US Constitution s guarantee of religious liberty Jefferson wrote the Virginia Statute shepherded it through a decade long struggle to adoption and included it in his epitaph along with the Declaration of Independence and the founding of the University of Virginia The Statute s history reflects two key revolutionary principles absolute freedom of religious conscience and the separation of church and state Both principles remain lively topics of debate on the contemporary religious and political scene Papers collected here were presented at a conference sponsored by the National Endowment for the

Humanities and the Virginia Foundation for the Humanities and Public Policy Among the contributors are several of America's most prominent religious and political historians and experts on jurisprudence

Religion as a Social Determinant of Public Health Ellen L. Idler, 2014 Religion as a Social Determinant of Public Health explores the complex multifaceted role of faith traditions in public health throughout history today and in the future The volume brings together leading scholars in the social sciences public health and religion to address the important yet often neglected role of religious institutions in health and development efforts around the globe

The Top Books of the Year Religious Case For Abortion The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have enthralled audiences this year. Religious Case For Abortion : Colleen Hoover "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Religious Case For Abortion : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Religious Case For Abortion : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
