The Maturing Church Ermias G. Mamo, 2017-12-31 For a church to be considered mature, an integrated approach between contextualization, discipleship, and mission is required. Globally, the church is facing multiple challenges both from within and from without. Despite the challenges, however, churches in the Majority World continue to grow rapidly. But is this growth in numbers accompanied by spiritual depth? And is this growth built upon biblical and theological foundations so that the church can play its transforming role in the world? In this book, Dr. Ermias Mamo makes the case for an integrated approach, guiding the reader through the topics of discipleship, mission, and contextualization, for which he uses his home country of Ethiopia as a working example. Dr. Mamo closes with strategies for effective contextualized discipleship and the impact such an approach will have on the future of the church. This is a resource that will benefit all who wish to be part of a church that seeks to shape its theological learning, institutional structure, and core values around their identity in Christ and God-given mission.
