Reluctant Pioneer:

Reluctant Pioneer Cecile Betts, 2003-03-01 **The Reluctant Pioneer** Janet Lenora Wing, 1999 The Reluctant pioneer Pearl Packard, 1968 **Pioneer Muskoka** Ray Love, 2016-07-25 The history of Ontario's premier cottage destination Muskoka was not commonplace or uneventful Beginning in the 1860s emigrants from the British Isles and Europe were lured to this desolate region with the promise of free land grants for farming What they found were mature forests swamp and never ending rock Their heroic attempts to make a living farming on the Precambrian Shield did not come without considerable discomfort Pioneer Muskoka documents the struggles faced by these early homesteaders and their response to hardship isolation disease and poverty This is the tale of a community banding together to overcome fear with courage and determination Readers will be astounded by the lengths these settlers went in their quest to make a home for themselves and future generations in Muskoka The eventual shift from farming to more profitable industries such as lumber and tourism brought a shift in attitude towards this now highly sought after locale The first families through their enormous efforts were able to create this positive and enduring change Norwegian American Women Betty A. Bergland, Lori Ann Lahlum, 2011 Explores the vital role of women in the creation of Norwegian American communities from farm to factory and as caregivers educators and writers **The Farm Novel in North America** Florian Freitag, 2013 Provides the first history of the North American farm novel a genre which includes John Steinbeck's The Grapes of Wrath Sheila Watson's The Double Hook and Louis Hémon's Maria Chapdelaine From John Steinbeck's The Grapes of Wrath and Martha Ostenso's Wild Geese to Louis Hémon's Maria Chapdelaine some of the most famous works of American English Canadian and French Canadian literature belong to the genre of the farm novel In this volume Florian Freitag provides the first history of the genre in North America from its beginnings in the middle of the nineteenth century to its apogee in French Canada around the middle of the twentieth Through surveys and selected detailed analyses of a large number of farm novels written in French and English Freitag examines how North American farm novels draw on the history of farming in nineteenth century North America as well as on the national self conceptions of the United States English Canada and French Canada portraying farmers as national icons and the farm as a symbolic space of the American English Canadian and French Canadian nations Turning away from traditional readings of farm novels within the frameworks of regionalism and pastoralism Freitag takes a comparative look at a genre that helped to spatialize North American national dreams Florian Freitag is Assistant Professor of American Studies at the University of Mainz Germany **The Lost Frontier** Mark Asquith, 2014-06-19 The success of The Shipping News and the film of Brokeback Mountain brought Proulx international recognition but their success merely confirms what literary critics have known for some time Proulx is one of the most provocative and stylistically innovative writers in America today She is at her best in the short story format and the best of these are to be found in her Wyoming trilogy in which she turns her eye on America's West both past and present Yet despite the vast amount of print expended reviewing her books there

has been nothing published on the Wyoming Stories There is appetite for such a work the plethora of critical work on McCarthy's Border Trilogy indicates that the reinvention of the West is a subject for serious academic study Provided by publisher Reluctant Pioneer Thomas Osborne, 2013-05-18 In the 1870s in Ontario's Muskoka teenager Thomas Osborne endured starvation freezing accidents with axes and boats and narrow escapes from wolves and bears Decades later after moving to the United States Osborne wrote down all his adventures in a graphic memoir four years before his death in 1938

The Hammonds Stewart Angus Weaver, 1997 Here for the first time is the story of one of history's great scholarly and marital collaborations J L and Barbara Hammond were among the most innovative and influential historians of the twentieth century Between 1911 and 1934 they wrote eight books together that amount in effect to the first sustained social history of modern England Three of their books in particular *The Village Labourer* 1911 *The Town Labourer* 1917 and *The Skilled Labourer* 1919 not only anticipated what came to be known as history from below but also permanently changed the way most people think about the Industrial Revolution which they defined in the apocalyptic terms to which we have become accustomed The Hammonds were also public figures prominently involved along with L T Hobhouse J A Hobson C P Scott and others in the definition and dissemination of the new liberalism From the point of involvement in the politics of one century they helped give enduring historical shape to another and thus exercise like their friends Sidney and Beatrice Webb a dual fascination Of the two Hammonds J L was the more prolific writing six books on his own and serving as a political journalist for virtually his entire professional life which saw him intervene editorially in every public crisis from the Boer War to the Second World War Ireland was after the Industrial Revolution arguably his greatest passion one to which he devoted much of his editorial life and his supreme literary effort *Gladstone and the Irish Nation* 1938 Barbara Hammond was an accomplished classicist the first woman to earn a First Class degree in Greats at Oxford She is shown here to have done much more work on the labourer books than has been previously recognized and to sustain through her letters an artful running commentary on the foibles of her age Through her especially the author evokes a radical but also doggedly Victorian sensibility that survived uneasily into the age of Bloomsbury and beyond The Hammonds were unique in the extent of their fused identity in the extent to which they became as G M Trevelyan once put it one flesh and one author The Hammonds is part dual biography part evocation of an age but it is also a study of marriage a marriage at a particular moment in history a marriage in the art and craft of history *The Gendered West* Gordon Morris Bakken, Brenda Farrington, 2013-09-13 First Published in 2001 This anthology of western history articles emphasizes the New Western History that emerged in the 1980s and adds to it a heavy dose of legal history a field frequently ignored or misunderstood by the New Western historians From first contact American Indians knew that Europeans did not understand the gendered nature of America Confusion regarding the role of women within tribes and bands continued from first contact well into the late nineteenth century The journal articles that follow give readers a true sense of the gendered West Racial and ethnic heritage played a role in female experience

whether Hispanic Japanese or Irish Women's work was part western history but women did not confine themselves to plow handles or brothels Women were very much a part of most occupations or in the process of breaking down barriers of access They worked in the fields for wages as well as for family welfare and prosperity Women demanded access to the professions whether teaching or law accounting or medicine The process of eliminating barriers varied in time and space but the struggle was constant Yet the story of women in polygamous Utah or Idaho was different and an integral part of the fabric of western history Because of their beliefs and practices these women suffered at the hands of the federal government and persevered Reluctant Pioneer Thomas Osborne, 2017-09-20 In the 1870s in Ontario's Muskoka teenager Thomas Osborne endured starvation freezing accidents with axes and boats and narrow escapes from wolves and bears Decades later after moving to the United States Osborne wrote down all his adventures in a graphic memoir four years before his death in 1938

Summey, 2022-05 Women's Voices from the Rainforest Janet Gabriel Townsend, 2005-08-05 Women's Voices from the Rainforest explores the position of the women whose families are tearing down the rainforest These women of Central and Latin America have been largely invisible until now but they are at last turning their voices into action International development policy and its top down culture must take much of the blame for environmental and social destruction of the rainforest Presenting the contrasting results of different methodologies a comprehensive literature review and the voices of the rainforest women themselves told in life histories the authors argue for the adoption of grassroots strategies not international solutions **Lewis Cass and the Politics of Moderation** Willard Carl Klunder, 1996 A champion of spread eagle expansionism and an ardent nationalist Cass subscribed to the Jeffersonian political philosophy embracing the principles of individual liberty the sovereignty of the people equality of rights and opportunities for all citizens and a strictly construed and balanced constitutional government of limited powers **LGBTQ+ Athletes Claim the Field** Kirstin Cronn-Mills, Alex Jackson Nelson, 2016-09-01 In 2015 the world watched as soccer star Abby Wambach kissed her wife after the US women's World Cup victory Milwaukee Brewers minor league first baseman David Denson came out as gay And Caitlyn born Bruce Jenner an Olympic decathlete came out as transgender It hasn't always been this way Many great athletes have stayed in the closet their whole lives or at least until retirement Social attitudes institutional policies and laws are slow to change but they are catching up Together athletes families educators allies and fans are pushing for competitive equity so that every athlete regardless of identity can have the opportunity to play at their very best **Historicising the Women's Liberation Movement in the Western World** Laurel Forster, Sue Bruley, 2019-07-09 The Women's Liberation Movement WLM of the late 1960s 1970s and 1980s emerged

out of a particular set of economic and social circumstances in which women were unequally treated in the home the workplace and in culture and wider society As part of the WLM women collected together in disparate groups and contexts to express their dissatisfaction with their role and position in society making their concerns apparent through consciousness raising and activism This important time in women s history is revisited in this collection which looks afresh at the diversity of the movement and the ways in which feminism of the time might be reconsidered and historicised The contributions here cover a range of important issues including feminist art local activism class distinction racial politics perceptions of motherhood girls education feminist print cultures the recovery of feminist histories and feminist heritage and they span personal and political concerns in Britain Canada and the United States Each contributor considers the impact of the WLM in a different context reflecting the variety of issues faced by women and helping us to understand the problems of the second wave This book broadens our understanding of the impact and the implication of the WLM explores the dynamism of women s activism and radicalism and acknowledges the significance of this movement to ongoing contemporary feminisms The chapters in this book were originally published as a special issue of Women s History Review
