

MAKING AND REMAKING THE BALKANS

**NATIONS
AND STATES
SINCE 1878**

ROBERT C. AUSTIN

Remaking The Balkans

D. Hupchick

Remaking The Balkans:

Remaking the Balkans Christopher Cviic, 1995 A comprehensive analysis of the political and security implications for southeastern Europe indeed for the whole of Europe resulting from the collapse of communism This second edition has been significantly revised to include an assessment of the consequences of the disintegration of Yugoslavia and the ensuing war in Bosnia

Making and Remaking the Balkans Robert Clegg Austin, 2019-04-08 With more than 25 years since the collapse of communism the end of the wars and billions of dollars in aid the Balkans are still characterized by corruption state capture and decidedly unmodern states that are often either weak or authoritarian Taking the contemporary Balkans as a starting point Making and Remaking the Balkans studies the region's history combined with observations based on more than twenty years of field experience Primarily concerned with current issues in the Balkans since 1989 this book explains why the region has endured such a prolonged and fraught transition to democracy and eventual membership in the European Union The young and educated have largely left Governmental crisis and economic stagnation is the norm and much needed regional cooperation has been suppressed by renewed nationalism Wars on corruption have proved to be largely rhetorical Making and Remaking the Balkans offers a systematic study of the issues the entire region faces as it struggles to complete the European integration process at a time when the European Union faces bigger problems elsewhere

Separatism Metta Spencer, 1998 As we approach the millennium the world is experiencing civil wars exclusively half of which are being waged over the issue of secession This book offers a comparative view of nine historic separatist movements some of which have achieved the break up of an empire or a state and others that to date have not Separatist struggles occur in waves that tend to coincide with upsurges of democratization Several chapters explore this connection making comparisons with economic and geopolitical causes The authors analyze the long term effects of secession after partition ethnic strife typically continues for generations minorities decline in status and democracy and human rights are derogated The break up of one state often leads to further fragmentation as in the disintegration of the Ottoman Austro Hungarian and Russian empires where years later separatism unfolded in the successor states of Yugoslavia Czechoslovakia Palestine Chechnya and Tatarstan The authors attribute much of today's separatism to the demagoguery of politicians losing legitimacy in post communist states for whom nationalism is a convenient populist ideology A broader explanation however points to the failure of modern democracies to develop constitutional mechanisms reconciling the expression of particularistic identities with the universalism of citizenship The book reviews proposals toward that end

Integrating the Balkans Máire Braniff, 2011-06-30 Emerging from a decade of violent ethnic and inter state conflict during the 1990s the countries of the Western Balkans entered a phase of rebuilding and reconciliation Due to the key role played by the EU in the region's rebuilding efforts Integrating the Balkans explores this institution's considerable efforts to influence and shape the nature of state society and foreign relations as it utilised the promise of membership as a vital tool to exert its influence The picture

that materialises is one of the EU's discernible but often contradictory impact as it offers the carrot of EU membership in the hope that the legacies of the past conflict can be re-evaluated, re-imagined and transformed. By also analysing the conditions that come with EU aid such as co-operation with the International Criminal Tribunal for the former Yugoslavia (ICTY), Maire Braniff offers an extremely important perspective for all those involved in the study and practice of the processes of European integration and post-conflict resolution.

Imagining the Balkans Maria Todorova, 2009-04-15 If the Balkans hadn't existed they would have been invented was the verdict of Count Hermann Keyserling in his famous 1928 publication *Europe*. Over ten years ago Maria Todorova traced the relationship between the reality and the invention. Based on a rich selection of travelogues, diplomatic accounts, academic surveys, journalism and belles lettres in many languages, *Imagining the Balkans* explored the ontology of the Balkans from the sixteenth century to the present day, uncovering the ways in which an insidious intellectual tradition was constructed, became mythologized and is still being transmitted as discourse. Maria Todorova, who was raised in the Balkans, is in a unique position to bring both scholarship and sympathy to her subject and in a new afterword she reflects on recent developments in the study of the Balkans and political developments on the ground since the publication of *Imagining the Balkans*. The afterword explores the controversy over Todorova's coining of the term 'Balkanism'. With this work, Todorova offers a timely, updated, accessible study of how an innocent geographic appellation was transformed into one of the most powerful and widespread pejorative designations in modern history.

Imagining the Balkans Мария Николаева Тодорова, 1997 Starting in the 18th and 19th centuries and continuing up to the present, *Imagining the Balkans* covers the Balkans' most formative years.

The Balkans Mark Biondich, 2011-02-17 Examines the origins of political violence in the Balkans since the 19th century while treating the region as an integral part of modern European history, reminding us that political violence and ethnic cleansing are hardly unique to this region.

Reconstructing the Balkans Derek R. Hall, Darrick Danta, 1996-10-21 The past few years have seen the re-emergence of the Balkans as the cockpit of Europe. The break-up of Yugoslavia, the regional conflict between ethnic groups, the creation of new states like Slovenia and the transformation of existing ones like Albania have made the area of prime importance in geopolitical terms once again. *Reconstructing the Balkans* looks at the complex and rapidly changing human geography of the Balkans and considers the cultural, social and political geographies of the region and its neighbours. It provides both an examination of the history of the Balkans, emphasising ethnicity and nationality issues, and an evaluation of the historical and geographical roots of contemporary Balkan disputes from a range of national viewpoints. Written by acknowledged experts in the field, the book assesses some of the geographical consequences of the region's conflicts and analyses the post-socialist restructuring, reconstruction and reconfiguration regionwide and country by country. It also gives projections of likely regional development trends. This is a unique book as it represents diverse viewpoints from a wide range of ethnic, national and disciplinary approaches. It draws upon expertise from the USA, the UK and everyone concerned with the Balkan regions.

making it essential reading for analysts and consultants in banks funding agencies and government departments It will also be of interest to advanced students of European Studies Geography International Relations Politics Development and History

Local Agency and Peacebuilding S. Kappler, 2014-01-30 Investigating local responses to EU peacebuilding this book develops a relational and spatial concept of agency helping to understand the processes in which peacebuilding actors engage and interact with one another The focus on cultural actors reveals the contested nature of local agency and its potential to challenge institutional policies

Britain and the Balkans Carole Hodge, 2006-04-18 This book traces the evolution of British policy in former Yugoslavia from the onset of war in Croatia and Bosnia to the NATO action in Kosovo and beyond examining the underlying factors which have governed Britain's Balkans policy

Diplomacy and Crisis Management in the Balkans Gazmen Xhudo, 2016-07-27 Since the fall of the Berlin Wall observers and players of American foreign policy have been wrestling with what US policy is and more importantly what it should be in the post Cold War era The breakdown of communism in the East has coincided with the outbreak of warfare in the former Yugoslavia to add a new sense of urgency for those seeking a direction for US foreign policy This work seeks to demonstrate how reactive rather than proactive measures by the US in both democracy promotion and in crisis management have been short sighted resulting in the present failure

Balkan Genocides Paul Mojzes, 2011-10-16 During the twentieth century the Balkan Peninsula was affected by three major waves of genocides and ethnic cleansings some of which are still being denied today In *Balkan Genocides* Paul Mojzes provides a balanced and detailed account of these events placing them in their proper historical context and debunking the common misrepresentations and misunderstandings of the genocides themselves A native of Yugoslavia Mojzes offers new insights into the Balkan genocides including a look at the unique role of ethnoreligiosity in these horrific events and a characterization of the first and second Balkan wars as mutual genocides Mojzes also looks to the region's future discussing the ongoing trials at the International Criminal Tribunal in Yugoslavia and the prospects for dealing with the lingering issues between Balkan nations and different religions *Balkan Genocides* attempts to end the vicious cycle of revenge which has fueled such horrors in the past century by analyzing the terrible events and how they came to pass

The Balkans D. Hupchick, 2002-01-11 The tragedies of Bosnia and Kosovo are often explained away as the unchangeable legacy of centuries old hatreds In this richly detailed expertly balanced chronicle of the Balkans across fifteen centuries Hupchick sets a complicated record straight Organized around the three great civilizations of the region Western European Orthodox Christian and Muslim this is a much needed guide to the political social cultural and religious threads of Balkan history with a clear convincing account of the reasons for nationalist violence and terror

The Balkans Since the Second World War R. J. Crampton, 2014-07-15 Since the collapse of Eastern European communism the Balkans have been more prominent in world affairs than at any time since before the First World War Crises in the area have led NATO to fire its first ever shots in anger whilst international forces have been deployed on a scale and in a manner unprecedented in Europe

since World War Two An understanding of why this happened is impossible without some knowledge of the history of the area before the fall of communism of how the communists came to power and how they used their authority thereafter Covering the communist states of Albania Bulgaria Romania and Yugoslavia and including Greece Richard Crampton provides a highly readable introduction to that history one that will be read by journalists diplomats and anyone interested in the region and its impact on world politics today *The Routledge Handbook of Balkan and Southeast European History* John R. Lampe,Ulf Brunnbauer,2020-10-19 Disentangling a controversial history of turmoil and progress this Handbook provides essential guidance through the complex past of a region that was previously known as the Balkans but is now better known as Southeastern Europe It gathers 47 international scholars and researchers from the region They stand back from the premodern claims and recent controversies stirred by the wars of Yugoslavia s dissolution Parts I and II explore shifting early modern divisions among three empires to the national movements and independent states that intruded with Great Power intervention on Ottoman and Habsburg territory in the nineteenth century Part III traces a full decade of war centered on the First World War with forced migrations rivalling the great loss of life Part IV addresses the interwar promise and the later authoritarian politics of five newly independent states Albania Bulgaria Greece Romania and Yugoslavia Separate attention is paid in Part V to the spread of European economic and social features that had begun in the nineteenth century The Second World War again cost the region dearly in death and destruction and as noted in Part VI in interethnic violence A final set of chapters in Part VII examines postwar and Cold War experiences that varied among the four Communist regimes as well as for non Communist Greece Lastly a brief Epilogue takes the narrative past 1989 into the uncertainties that persist in Yugoslavia s successor states and its neighbors Providing fresh analysis from recent scholarship the brief and accessible chapters of the Handbook address the general reader as well as students and scholars For further study each chapter includes a short list of selected readings *Nordic, Central, and Southeastern Europe 2022-2023* Wayne C. Thompson,2022-07-15 The World Today Series Nordic Central and Southeastern Europe is an annually updated presentation of each sovereign country in Nordic Central and Southeastern Europe past and present It is organized by individual chapters for each country and presents a complete and authoritative overview of each region s geography people history political system constitution parliament parties political leaders and elections The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Now in its 21st edition the content is thorough yet perfect for a one semester introductory course or general library reference Available in both print and e book formats and priced low to fit student and library budgets **Understanding the War in Kosovo** Florian Bieber,Zidas Daskalovski,2004-08-02 The war in Kosovo has been a defining moment in post Cold War Europe Kosovo has great importance beyond the Balkans as the most ambitious attempt of the international community to prevent internal conflicts

and rebuild a society destroyed by war and ethnic cleansing As the danger of ethnic conflict prevails in the region and elsewhere around the world the experience of Kosovo offers important lessons This is a comprehensive survey of developments in Kosovo leading up to during and after the war in 1999 providing additionally the international and regional framework to the conflict It examines the underlying causes of the war the attempts by the international community to intervene and the war itself in spring 1999 It critically examines the international administration in Kosovo since June 1999 and contextualizes it within the relations of Kosovo to its neighbours and as part of the larger European strategy in Southeastern Europe with the stability pact It does not seek to promote one interpretation of the conflict and its aftermath but brings together a range of intellectual arguments from some sixteen researchers from the Balkans the rest of Europe and North America

The A to Z of Bosnia and Herzegovina Ante Cuvalo, 2010-04-08 Diversity has always been at the heart of Bosnia and Herzegovina's character even its dual name and physical geography display a particular heterogeneity The medieval Bosnian state never enjoyed lasting political and ideological unity as its feudal regional and religious rifts pulled at the country's seams Furthermore because of its location and by a quirk of history three major world religious and cultural traditions Catholicism Islam and Orthodoxy became cohabitants in this small Balkan country Recently the rebirth of its statehood has been exceptionally bloody and its diversity has been shaken Even 11 years after the guns were silenced the country is still under the benevolent protection of the international community whose officials are keeping the state building process in perpetual suspense with no final result in sight The A to Z of Bosnia and Herzegovina sheds light on the uncertain situation Bosnia and Herzegovina faces while providing essential background information This is accomplished through a chronology an introduction a bibliography and more than 300 cross referenced dictionary entries on individual topics spanning Bosnia and Herzegovina's political economic religious and social system along with short biographies on important figures

Nordic, Central and Southeastern Europe 2012 Wayne C. Thompson, 2012-08-09 This is an annually updated presentation of each sovereign country in Nordic Central and Southeastern Europe past and present It is broken down into individual chapters on each country dealing with its geography people history political system constitution parliament decentralization and states if a federation parties political leaders and elections There are also sections on foreign and defense policy economy culture future and a lengthy bibliography

Nordic, Central, and Southeastern Europe 2023-2024 Wayne C. Thompson, 2023-06-23 The World Today Series Nordic Central and Southeastern Europe is an annually updated presentation of each sovereign country in Nordic Central and Southeastern Europe past and present It is organized by individual chapters for each country and presents a complete and authoritative overview of each region's geography people history political system constitution parliament parties political leaders and elections The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Now in

its 21st edition the content is thorough yet perfect for a one semester introductory course or general library reference
Available in both print and e book formats and priced low to fit student and library budgets
