Remembering Kabbalah:

I Belong Bianca Lepori, 2012-11 A change of perspective By seeing cancer from the point of view of an embodied evolving monad rather than simply as a physical body threatened with death the book questions cultural stereotypes and clears illusions about disease and traditional medicine It is about accepting cancer as a pointer towards our true nature thus about honoring the disease as something that needs to be understood rather than fought as a hidden message that needs to be listened to It describes a personal experience that gives evidence of cancer as an opportunity to heal the soul and as a challenge to uncover individual responsibility towards ourselves and the fulfilling of our destiny Despite Eastern and Western types of cure and alternative complementary shamanistic and energetic treatments the book explains how the final healing occurs when karmic wounds are dissolved thus when present life patterns have found their causes within the Universal Law of Rebirth The purpose of disease thus explained and broken the pattern of suffering cancer can therefore be seen as instrumental in bringing joy and meaning to one's life

Frieda's Journey Frieda Lefebvre, 2003-10-07 Not long after graduating from the Pennsylvania Academy of the Fine Arts at the age of 83 Frieda Lefebvre decided to embark on yet another creative adventure writing her first book In Frieda's Journey she tells her story from her birth in Germany in 1915 right up to the present day Frieda shares with readers her vivid memories of the horrors of World War I post war Germany the depression life under the Hitler regime and the pre World War II persecution of the Jews that culminated in Kristallnacht In opposition to the serious and gruesome details of her fear of and eventual escape from life in Germany she shares humorous anecdotes from her childhood and her experiences as a foreigner struggling with a new language as well as memories of her many successes and lucky breaks She also discusses the many issues facing America's immigrant population in the latter half of the

Twentieth Century as well as the joys and talents that can be found unexpectedly even late in life Frieda's Journey is an inspiration and will remind the young and old alike how to live passionately and with wisdom and to overcome hardships and come out all the better for it **Remembering the Crusades and Crusading** Megan Cassidy-Welch, 2016-11-03

commentaries that collect rearrange and carry on the earlier kabbalistic interpretation of the rabbinic ritual system In this unusual light much kabbalistic culture appears as an ongoing semiotic intensification of deep structures governing the discourse and practice of the Jews so that for instance institutional cultic orders are integrated by other forms of order in imagination thought writing and experience *Lucid dreaming with angels and greek gods* Doris Fabian,2021-10-31 The most important angels what happens when we have angels close to us How can angels help us What are the characteristics of angels See how we can perceive them and have them around Greek gods what are your characteristics What are the Greek Goddesses what are their attributes How can we have the Greek gods around us Hesiod s Theogony how can we experience it The meditation used by Carl Gustav Jung answers how we can interact with them See how this Jungian therapist facilitated access to the sacred with this technique and what results were obtained *Memory - Papers Read at the Jewish and Christian Perspectives Conference, Utrecht 2022* ,2025-07-28 Memory Papers Read at the Jewish and Christian Perspectives Conference Utrecht 2022 connects past present and future This conference volume demonstrates the diversity of memory in the Jewish and Christian traditions Memory turns out to be a key to investigating and better understanding many aspects of Judaism and Christianity including their mutual relationship In these traditions memory is not simply about recalling events but about preserving identity culture and divine teachings The act of remembering is central to how communities pass down their religious beliefs laws and moral frameworks across generations It also plays a role in communal cohesion ensuring that the experiences of the fathers and their wisdom would not get lost but rather actively re lived and celebrated
