Reminiscences of D[avid] H[erbert] Lawrence John Middleton Murry, 1936 **Russomania** Rebecca Beasley, 2020-03-31 *Russomania* Russian Culture and the Creation of British Modernism provides a new account of modernist literature s emergence in Britain British writers played a central role in the dissemination of Russian literature and culture during the early twentieth century and their writing was transformed by the encounter This study restores the thick history of that moment by analyzing networks of dissemination and reception to recover the role of neglected as well as canonical figures and institutions as well as individuals The dominant account of British modernism privileges a Francophile genealogy but the turn of the century debate about the future of British writing was a triangular debate a debate not only between French and English models but between French English and Russian models Francophile modernists associated Russian literature especially the Tolstoyan novel with an uncritical immersion in life at the expense of a mastery of style and while individual works might be admired Russian literature as a whole was represented as a dangerous model for British writing This supposed danger was closely bound up with the politics of the period and this book investigates how Russian culture was deployed in the close relationships between writers editors and politicians who made up the early twentieth century intellectual class the British intelligentsia *Russomania* argues that the most significant impact of Russian culture is not to be found in stylistic borrowings between canonical authors but in the shaping of the major intellectual questions of the period the relation between language and action writer and audience and the work of art and lived experience The resulting account

brings an occluded genealogy of early modernism to the fore with a different arrangement of protagonists different critical values and stronger lines of connection to the realist experiments of the Victorian past and the anti formalism and revived romanticism of the 1930s and 1940s future **D.H. Lawrence** Kenneth Young,1960 **The Annual of Psychoanalysis, V. 20** Jerome A. Winer,2013-05-13 Volume 20 of The Annual of Psychoanalysis ably traverses the analytic canvas with sections on Theoretical Studies Clinical Studies Applied Psychoanalysis and Psychoanalysis and Philosophy The first section begins with Arnold Modell s probing consideration of the paradoxical nature of the self provocatively discussed with John Gedo Modell focuses on the fact that the self is simultaneously public and private dependent and autonomous Alice Rosen Soref next explores innate motivation and self protective regulatory processes from the standpoint of recent infancy research her notion of a lifelong two track model of self and relatedness helps establish a normative baseline that can anchor psychoanalytic theory George Mahl makes an interesting contribution to Freud studies in the form of a new chronology of Freud s works and the number of pages they contain in the Standard Edition The section ends with Robert Galatzer Levy and Mayer Gruber s quasi experiment about disgust They test and disconfirm the hypothesis that disgust is an affective response to an abstract sense of disorder rather than a transformation of a concrete bodily experience by systematically exploring references to concepts of disgust in the Old Testament Section II on Clinical Studies opens with Henry Smith s fascinating elaboration of Freud s notion of screen memories into a theory of screening that denotes the general process by which mental content is organized He illustrates his thesis by invoking the screen language employed by a patient throughout her analysis Ernest Wolf next explores the tension between being a scientist and a healer in Freud and his followers to illuminate struggles within the psychoanalytic movement and to help account for current attitudes toward abstinence neutrality and gratification Kenneth Newman focuses on this same triptych of technical precepts He argues in the spirit of Winnicott and Kohut that analysts can only alter the hostile internal environments of their patients by becoming usable objects and cultivating an optimally responsive analytic environment A particularly rich collection of applied analytic studies forms Section III of the volume Individual chapters focus on the childhood of Vincent van Gogh W W Meissner the psychological healing process depicted in George Eliot s Silas Marner Richard Almond the self psychological meaning of blood brotherhood in D H Lawrence s Women in Love James Cowan ecstatic mysticism in the 19th century Indian saint Sri Ramakrishna Sudhir Kakar the disintegration of the Tyrone family in Eugene O Neill s Long Day s Journey into Night Frank and Annette Lachmann and the nature and analytic significance of Freud s aesthetic response to Michelangelo s Moses Gary Goldsmith Finally in Section IV George Brook examines the commonsense psychological knowledge of everyday life that is the nonpsychoanalytic knowledge on which much of clinical psychoanalysis ultimately depends Taken together the four sections of Volume 20 of The Annual offer an exciting overview of contemporary psychoanalysis Section I highlights recent trends in psychoanalytic theorizing and the testing of psychoanalytic propositions Section II explores the relevance of new theoretical

perspectives to clinical work Section III demonstrates the applicability of these new perspectives to psychobiographical and literary analysis and Section IV provocatively explores the points of connection between everyday ideas and attitudes and the tenets of psychoanalytic practice The Widowing of Mrs. Holroyd and Other Plays David Herbert Lawrence, 2001 A Collier's Friday Night The Widowing of Mrs Holroyd The Daughter in Law The Fight for Barbara Touch and Go Oxford English Drama offers plays from the sixteenth to early twentieth centuries in selections that make available both rarely printed and canonical works The texts are freshly edited using modern spelling Critical introductions wide ranging annotation and informative bibliographies illuminate the play's cultural contexts and theatrical potential for reader and performer alike The series should reshape the canon in a number of significant areas A splendid and imaginative project Anne Barton Cambridge University
