Reminiscences Of Tolstoy Chekhov Andre:

Tolstoy or Dostoevsky George Steiner, 2013-04-16 The first book of criticism from the acclaimed author of *After Babel* a provocative and probing look at Russian literature's most influential writers The New York Times Literary criticism writes Steiner should arise out of a debt of love Abiding by his own rule Tolstoy or Dostoevsky is an impassioned work inspired by Steiner's conviction that the legacies of these two Russian masters loom over Western literature By explaining how Leo Tolstoy and Fyodor Dostoevsky differ from each other Steiner demonstrates that when taken together their work offers the most complete portrayal of life and the tension between the thirst for knowledge on one hand and the longing for mystery on the other An instant classic for scholars of Russian literature and casual readers alike Tolstoy or Dostoevsky explores two powerful writers and their opposing modes of approaching the world and the enduring legacies wrought by their works

Freedom from Violence and Lies Michael C. Finke, 2021-11-11 An enlightening nuanced and accessible introduction to the life and work of one of the greatest writers of short fiction in history Anton Chekhov's stories and plays endure far beyond the Russian context as outstanding modern literary models In a brief remarkable life Chekhov rose from lower class provincial roots to become a physician leading writer and philanthropist all in the face of a progressive fatal disease In this new biography Michael C Finke analyzes Chekhov's major stories plays and nonfiction in the context of his life both fleshing out the key features of Chekhov's poetics of prose and drama and revealing key continuities across genres as well as between his lesser studied early writings and the later works An excellent resource for readers new to Chekhov this book also presents much original scholarship and is an accessible comprehensive overview of one of the greatest modern dramatists and writers of short fiction in history Katherine Mansfield and Continental Europe Gerri Kimber, Janka

Kascakova, 2015-02-03 This volume offers new interpretations of Katherine Mansfield's work by bringing together recent biographical and critical theoretical approaches to her life and art in the context of Continental Europe It features chapters on Mansfield's reception in several European countries together with her own translations of other European writers

Translation as Collaboration Claire Davison, 2014-06-16 This study focuses on the considerable but neglected body of works translated by S S Kotliansky in collaboration with Virginia Woolf and Katherine Mansfield Russian Modernism in the Memories of the Survivors Irina Evdokimova, 2021-05-02 In the late 1960s and early 1970s Soviet philologist literary dissident and university professor Viktor Duvakin made it his mission to interview the members of the artistic avant garde who had survived the Russian Revolution Stalin's purges and the Second World War Based on archival materials held at the Moscow State University Library *Russian Modernism in the Memories of the Survivors* catalogues six interviews conducted by Duvakin The interviewees talk about their most intimate life experiences and give personal accounts of their interactions with famous writers and artists such as Vsevolod Meyerhold Sergei Eisenstein and Marina Tsvetaeva They offer insights into the world of Russian emigrants in Prague and Paris the uprising against the Communist government what it was like to work

at the United Nations after the Second World War and other important aspects of life in the Soviet Union and Europe during the first half of the twentieth century Archival photographs as well as hundreds of annotations to the text are included to help readers understand the historical and cultural context of the interviews The unique and previously unpublished materials in Russian Modernism in the Memories of the Survivors will be of great interest to anyone who wants to learn more about this fascinating period in Soviet history

Orthodoxy, Modernity, and Authenticity Heather Bailey, 2020-10-21 Ernest Renan was one of the most renowned European intellectuals of the second half of the nineteenth century Yet the impact of his most popular work Life of Jesus has been underestimated when not altogether ignored While commonplace now the idea that Jesus was merely human was at one time a novelty with significant socio political cultural and religious implications A case study in the Russian encounter with modernity Orthodoxy Modernity and Authenticity The Reception of Ernest Renan s Life of Jesus in Russia demonstrates that Renan s book has had long lasting and broad appeal in Russia because it presents an alternative to a strictly materialist worldview on the one hand and an Orthodox worldview on the other Renan offered his readers the possibility to accept the tenets of modernity while still retaining both an admiration for the importance of religion in history and a sense of religious feeling or even belief in a higher religious ideal Assessments of Renan s alternative belief system whether positive negative or mixed were often simultaneously evaluations of the moral socio political and spiritual condition of European society in general and Russian society in particular The interpretive history of Renan s Life of Jesus in Russia reveals a persistent disillusionment with a strictly materialist interpretation of history and of life

Postcolonial Memoir in the Middle East Norbert Bugeja, 2012-11-27 This book reconsiders the notion of liminality in postcolonial critical discourse today By visiting Mashriqi writers of memoir Bugeja offers a unique intervention in the understanding of in between and threshold states in present day postcolonialist thought His analysis situates liminal space as a fraught form of consciousness that mediates between conditions of historical contingency and the memorializing present Within the present Mashriqi memoir form liminal spaces may be read as articulations of representational spaces narrative spaces that based as they are within the histories of local communities are nonetheless redolent with memorial and

imaginary elements Liminal consciousness today Bugeja argues is a direct consequence of the impact of volatile present day memories on the re conception of the open wounds of history Incisive readings of life writings by Mourid Barghouti Amin Maalouf Orhan Pamuk Amos Oz and Wadad Makdisi Cortas demonstrate the double edged representational chasm that opens up when present acts of memorializing are brought to bear upon the elusive histories of the early twentieth century Mashriq Sifting through the wide ranging theoretical literature on liminality and challenging received views of the concept this book proposes a nuanced materialist and original rethinking of the liminal as a more vigilant outlook onto the political literary and historical predicaments of the contemporary Middle East

Everyman's Encyclopaedia Ernest Franklin Bozman, 1967 **Reminiscences of Tolstoy, Chekhov, and Andreev** Maxim Gorky, 2014 This eBook version of Reminiscences of Tolstoy Chekhov and Andreev presents the full text of this literary classic

Russia's Dangerous Texts Kathleen F. Parthe, 2008-10-01 Russia's Dangerous Texts examines the ways that writers and their works unnerved and irritated Russia's authoritarian rulers both before and after the Revolution Kathleen F Parth identifies ten historically powerful beliefs about literature and politics in Russia which include a view of the artistic text as national territory and the belief that writers must avoid all contact with the state Parth offers a compelling analysis of the power of Russian literature to shape national identity despite sustained efforts to silence authors deemed subversive No amount of repression could prevent the production distribution and discussion of texts outside official channels Along with tragic stories of lost manuscripts and persecuted writers there is ample evidence of an unbroken thread of political discourse through art The book concludes with a consideration of the impact of two centuries of dangerous texts on post Soviet Russia

The Cambridge Introduction to Chekhov James N. Loehlin, 2010-10-07 Chekhov is widely acknowledged as one of the most influential literary figures of modern times Russia's preeminent playwright he played a significant role in revolutionizing the modern theatre His impact on prose fiction writing is incalculable he helped define the modern short story Beginning with an

engaging account of Chekhov's life and cultural context in nineteenth century Russia this book introduces the reader to this fascinating and complex personality Unlike much criticism of Chekhov it includes detailed discussions of both his fiction and his plays The Introduction traces his concise impressionistic prose style from early comic sketches to mature works such as Ward No 6 and In the Ravine Examining Chekhov's development as a dramatist the book considers his one act vaudevilles and early works while providing a detailed act by act analysis of the masterpieces on which his reputation rests The Seagull Uncle Vanya Three Sisters and The Cherry Orchard

Wonder Confronts Certainty Gary Saul Morson, 2023-05-16 Gary Saul Morson brings to life the intense intellectual debates shaping two centuries of Russian writing Dialogues of great writers with philosophical wanderers and blood soaked radicals reveal a contest between unyielding dogmatism and open minded wonder rendering the Russian literary canon at once distinctive and universally human

Reading Backwards Muireann Maguire, Timothy Langen, 2021-06-18 This book outlines with theoretical and literary historical rigor a highly innovative approach to the writing of Russian literary history and to the reading of canonical Russian texts Anticipatory plagiarism is a concept developed by the French Oulipo group but it has never to my knowledge been explored with reference to Russian studies The editors and contributors to the proposed volume a blend of senior and beginning scholars Russians and non Russians offer a set of essays on Gogol Dostoevsky and Tolstoy which provocatively test the utility of AP as a critical tool relating these canonical authors to more recent instances some of them decidedly non canonical The senior scholars who are the editors and most of the contributors are truly distinguished The volume is likely to receive serious attention and to be widely read I recommend it with unqualified enthusiasm William Mills Todd III Harry Tuchman Levin Professor of Literature Harvard University As the founder of the notion of plagiarism by anticipation which was stolen from me in the sixties by fellow colleagues I am delighted to learn that my modest contribution to literary theory will be used to better understand the interplay of interferences in Russian literature Indeed one would have to be naive to think that the great Russian authors would have invented everything In fact they were able to draw their ideas from their predecessors but also from their successors testifying to the open mindedness that characterizes the Slavic soul This book restores the truth Pierre Bayard Professor of Literature University of Paris 8 This edited volume employs the paradoxical notion of anticipatory plagiarism developed in the 1960s by the Oulipo group of French writers and thinkers as a mode for reading Russian literature Reversing established critical approaches to the canon and literary influence its contributors ask us to consider how reading against linear chronologies can elicit fascinating new patterns and perspectives Reading Backwards An Advance Retrospective on Russian Literature re assesses three major nineteenth century authors Gogol Dostoevsky and Tolstoy either in terms of previous writers and artists who plagiarized them such as Raphael Homer or Hall Caine or of their own depredations against later writers from J M Coetzee to Liudmila Petrushevskaja Far from suggesting that past authors literally stole from their descendants these engaging essays contributed by both early career and senior scholars of Russian

and comparative literature encourage us to identify the contingent and familiar within classic texts By moving beyond rigid notions of cultural heritage and literary canons they demonstrate that inspiration is cyclical influence can flow in multiple directions and no idea is ever truly original This book will be of great value to literary scholars and students working in Russian Studies The introductory discussion of the origins and context of plagiarism by anticipation alongside varied applications of the concept will also be of interest to those working in the wider fields of comparative literature reception studies and translation studies Soviet Russia ,1922 *Adult Catalog: Subjects* Los Angeles County Public Library,1970
