Renaissance 1401 161:

Absolutism in Renaissance Milan Jane Black, 2009-10-08 Jane Black shows how authority above the law once the preserve of pope and emperor was seized exploited and eventually relinquished by the ruling Milanese dynasties Lawyers supported the free use of absolute power at first but both sides realised that society could not function unless property and other rights were respected

The Renaissance Will Durant, Ariel Durant, 1953 A history of civilization in Italy from the birth of Petrarch to the death of Titian 1304 to 1576

Art of Renaissance Venice, 1400 1600 Loren Partridge, 2015-03-14 A comprehensive and richly illustrated survey of Venetian Renaissance architecture sculpture and painting created between 1400 and 1600 addressed to students travellers and the general public The works of art are analysed within Venice's cultural circumstances political economic intellectual and religious and in terms of function style iconography patronage classical sources gender art theories and artist's innovations rivalries and social status The text has been divided into two parts the fifteenth century and the sixteenth century each part preceded by an introduction that recounts the history of Venice to 1500 and to 1600 respectively including the city's founding ideology territorial expansion social classes governmental structure economy and religion The twenty six chapters have been organized to lead readers systematically through the major artistic developments within the three principal categories of art governmental ecclesiastic and domestic and have been arranged sequentially as follows civic architecture and urbanism churches church decoration ducal tombs and altarpieces refectories and refectory decoration section two only confraternities architecture and decoration palaces palace decoration devotional works portraits secular painting and halls of state villas and villa decoration The conclusion offers an overview of the major types of Venetian art and architectural patronage and their funding sources Provided by publisher

Gothic & Renaissance Bindings Ernst Philip Goldschmidt, 1928

Art and Authority in Renaissance Milan Evelyn S. Welch, 1995-01-01 Milan was one of the largest and most important cities in Renaissance Italy Controlled by the Visconti and Sforza dynasties from 1277 until 1500 its rulers were generous patrons of the arts responsible for commissioning major monuments throughout the city and for supporting artists such as Giovanni di Balduccio Filarete Bramante and Leonardo da Vinci But the city was much more than its dukes Milan had a distinct civic identity one that was expressed above all through its neighbourhood religious and charitable associations This book moves beyond standard interpretations of ducal patronage to explore the often overlooked city itself showing how the allegiances of the town hall and the parish related to those of the servants and aristocrats who frequented the Visconti and Sforza court In this original and stimulating interdisciplinary study Evelyn Welch illustrates the ways in which the myths of Visconti and Sforza supremacy were created Newly discovered material for major projects such as the cathedral hospital and castle of Milan permits a greater understanding of the political economic and architectural forces that shaped these extraordinary buildings The book also explores the wider social networks of the artists themselves Leonardo da Vinci for example is de-mythologised far from being an isolated highly prized court artist he spent

his almost eighteen years in the city working within the wider Milanese community of painters sculptors goldsmiths and embroiderers The broad perspective of the book ensures that any future study of the Renaissance will have to re evaluate the place of Milan in Italian cultural history

Murder in Renaissance Italy Trevor Dean,K. J. P. Lowe,2017-07-13 This invaluable collection explores the many faces of murder and its cultural presences across the Italian peninsula between 1350 and 1650 These shape the content in different ways the faces of homicide range from the ordinary to the sensational from the professional to the accidental from the domestic to the public while the cultural presence of homicide is revealed through new studies of sculpture paintings and popular literature Dealing with a range of murders and informed by the latest criminological research on homicide it brings together new research by an international team of specialists on a broad range of themes different kinds of killers by gender occupation and situation different kinds of victim by ethnicity gender and status and different kinds of evidence legal judicial literary and pictorial It will be an indispensable resource for students of Renaissance Italy late medieval early modern crime and violence and homicide studies

Jews in An Iberian Frontier Kingdom Mark Meyerson,2004-05-01 This book treats the tumultuous history of the Jews in the colonial kingdom of Valencia through focusing on one town Morvedre Based on archival sources it explores the Jews activities as settlers and officials their role in the new kingdom s economic development and their rapidly changing relations with the Christian conquerors and the subject Muslims It dissects the Jewish community s internal social and political struggles while it dealt with the monarchy s heavy fiscal demands It also considers the controversies surrounding Jewish moneylending and the Jews embattled position during the rebellions and wars that rocked the kingdom in the fourteenth century The book is important for students of Jewish history Spanish history and interfaith relations in the Middle Ages

The Routledge History of the Renaissance William Caferro,2017-03-27 Drawing together the latest research in the field The Routledge History of the Renaissance treats the Renaissance not as a static concept but as one of ongoing change within an international framework It takes as its unifying theme the idea of exchange and interchange through the movement of goods ideas disease and people across social religious political and physical boundaries Covering a broad range of temporal periods and geographic regions the chapters discuss topics such as the material cultures of Renaissance societies the increased popularity of shopping as a pastime in fourteenth century Italy military entrepreneurs and their networks across Europe the emergence and development of the Ottoman empire from the early fourteenth to the late sixteenth century and women and humanism in Renaissance Europe The volume is interdisciplinary in nature combining historical methodology with techniques from the fields of anthropology sociology psychology and literary criticism It allows for juxtapositions of approaches that are usually segregated into traditional subfields such as intellectual political gender military and economic history Capturing dynamic new approaches to the study of this fascinating period and illustrated throughout with images figures and tables this comprehensive volume is a valuable resource for all students and scholars of the Renaissance

Risky Markets Giovanni Ceccarelli,2020-11-23 Risky

Markets explores a crucial moment in the history of insurance when tools designed to tackle sea risks were in their first making Renaissance Florence is the setting for one of the first attempts to develop a market specialized in protecting maritime trade Drawing on a unique collection of sources the book provides a wide ranging account about the players institutions business practices and organizations of the insurance business shedding light on the forecasting techniques underwriters used Ceccarelli shows that the market was a small club where trust relations and shared codes of conduct prevail over competition In a world without probability this was the way by which a business community managed transforming uncertainty into a calculable risk

Divine Domesticity: Augustine of Thagaste to Teresa of Avila Marjorie O'Rourke Boyle, 2021-11-01 This volume is a cultural analysis of the home during the Christian centuries when home was believed to be heaven It investigates the traditional belief in the divine indwelling but by

reversing the history of doctrine to venture doctrine as history Analysis proceeds not by speculation on faculties of the soul but by research on actualities of housing What did believers experience about habitat its relationships its rooms The book examines four cultural constructs of dwelling the inn the sanctuary the villa and the castle Its focus is the hearth as the familial place A lesson in alterity it exposes the rejection of the divine indwelling as at home John 14 23 It discovers a fundamental disparity between domesticity and the asceticism that dominated western civilization The Complete Guide to the Art of Modern Cookery Auguste Escoffier,1979 Explains the art of modern French cooking *Man, Myth, and Sensual Pleasures* Jan Gossaert,Stijn Alsteens,Nadine Orenstein,Lorne Campbell,Metropolitan Museum of Art (New York, N.Y.),National Gallery (Great Britain),2010 Issued in connection with an exhibition held Oct 5 2010 Jan 17 2011 Metropolitan Museum of Art New York and Feb 23 May 30 2011 National Gallery London selected paintings only **Masterpieces of Western Art** Robert Suckale,2002 This volume traces the history of painting from medieval times to modern times with a focus on each era and its major artists This volume traces the history of painting from medieval times to modern times with a focus on each era and its major artists Admiration and Awe Antonio Urquizar Herrera,2017 This book explores the appropriation of Islamic architecture by Spanish historians during the sixteenth and seventeenth centuries illuminating its relationship to the development of Spanish national identity Representation of Places Peter Bosselmann,1998-03-21 People live in cities and experience them firsthand while urban designers explain cities conceptually In Representation of Places Peter Bosselmann takes on the challenging question of how designers can communicate the changes they envision in order that the rest of us adequately understand how those changes will affect our lives New modes of imaging technology from two dimensional maps charts and diagrams to computer models allow professionals to explain their designs more clearly than ever before Although architects and planners know how to read these representations few outside the profession can interpret them let alone understand what it would be like to walk along the streets such representations describe Yet decisions on what gets built are significantly influenced by these very representations A portion of Bosselmann s book is based on innovative experiments conducted at the University of California Berkeley s Visual Simulation Laboratory In a section titled The City in the Laboratory he discusses how visual simulation was applied to projects in New York City San Francisco and Toronto The concerns that Bosselmann addresses have an impact on large segments of society and lay readers as well as professionals will find much that is useful in his timely accessibly written book **The Birth of Theory** Andrew Cole,2014-06-15 Modern theory needs a history lesson Neither Marx nor Nietzsche first gave us theory Hegel did To support this contention Andrew Cole s The Birth of Theory presents a refreshingly clear and lively account of the origins and legacy of Hegel s dialectic as theory Cole explains how Hegel boldly broke from modern philosophy when he adopted medieval dialectical habits of thought to fashion his own dialectic While his contemporaries rejected premodern dialectic as outdated dogma Hegel embraced both its emphasis on language as thought and its fascination with the categories of identity and

difference creating what we now recognize as theory distinct from systematic philosophy Not content merely to change philosophy Hegel also used this dialectic to expose the persistent archaism of modern life itself Cole shows establishing a method of social analysis that has influenced everyone from Marx and the nineteenth century Hegelians to Nietzsche and Bakhtin all the way to Deleuze and Jameson By uncovering these theoretical filiations across time *The Birth of Theory* will not only change the way we read Hegel but also the way we think about the histories of theory With chapters that powerfully reanimate the overly familiar topics of ideology commodity fetishism and political economy along with a groundbreaking reinterpretation of Hegel's famous master slave dialectic *The Birth of Theory* places the disciplines of philosophy literature and history in conversation with one another in an unprecedented way Daring to reconcile the sworn enemies of Hegelianism and Deleuzianism this timely book will revitalize dialectics for the twenty first century
