shaping the modern Western worldview **Poetry and Pedagogy** J. Retallack, J. Spahr, 2016-04-30 This anthology is a new reading of the contemporary poetries The collection gathers together the work of a number of scholars poets and teachers on the challenges and productive possibilities that arise when teaching contemporary writing today The Absence of America Gavin Hollis, 2015 The Absence of America the London Stage 1576 1642 looks at London theatre at the time of Shakespeare and how it represented the New World considering whether early modern drama was anti American as some contemporaries suggested Science and Empire in the Atlantic World James Delbourgo, Nicholas Dew, 2008-09-25 Science and Empire in the Atlantic World is the first book in the growing field of Atlantic Studies to examine the production of scientific knowledge in the Atlantic world from a comparative and international perspective Rather than focusing on a specific scientific field or single national context this collection captures the multiplicity of practices people languages and agendas that characterized the traffic in knowledge around the Atlantic world linking this knowledge to the social processes fundamental to colonialism such as travel trade ethnography and slavery *Modern philosophy* Herbert Ernest Cushman, 1911 *Dominion and Civility* Michael Leroy Oberg, 2018-08-06 Was the relationship between English settlers and Native Americans in the New World destined to turn tragic This book investigates how the newcomers interacted with Algonquian groups in the Chesapeake Bay area and New England describing the role that original Americans occupied in England's empire during the critical first century of contact Michael Leroy Oberg considers the history of Anglo Indian relations in transatlantic context while viewing the frontier as a zone where neither party had the upper hand He tells how the English pursued three sets of policies in America securing profit for their sponsors making lands safe from both European and native enemies and civilizing the Indians and explains why the British settlers found it impossible to achieve all of these goals Oberg places the history of Anglo Indian relations in the early Chesapeake and New England in a broad transatlantic context while drawing parallels with subsequent efforts by England as well as its imperial rivals the French Dutch and Spanish to plant colonies in America Dominion and Civility promises to broaden our understanding of the exchange between Europeans and Indians and makes an important contribution to the emerging history of the English Atlantic world **Imagining the Americas in Medici Florence** Lia Markey, 2016-11-30 The first full length study of the impact of the discovery of the Americas on Italian Renaissance art and culture Imagining the Americas in Medici Florence demonstrates that the Medici grand dukes of Florence were not only great patrons of artists but also early conservators of American culture In collecting New World objects such as featherwork codices turquoise and live plants and animals the Medici grand dukes undertook a vicarious conquest of the Americas As a result of their efforts Renaissance Florence boasted one of the largest collections of objects from the New World as well as representations of the Americas in a variety of media Through a close examination of archival sources including inventories and Medici letters Lia Markey uncovers the provenance history and meaning of goods from and images of the Americas in Medici collections and she shows how these novelties were incorporated into the culture of the

Florentine court More than just a study of the discoveries themselves this volume is a vivid exploration of the New World as it existed in the minds of the Medici and their contemporaries Scholars of Italian and American art history will especially welcome and benefit from Markey s insight

Florence Ki Jadugarni Salman Rushdie,2014-02-13 This is a translation from English book *The Enchantress of Florence* written by Salman Rushdie A tall yellow haired young European traveller calling himself Mogor dell Amore the Mughal of Love arrives at the court of the real Grand Mughal the Emperor Akbar with a tale to tell that begins to obsess the whole imperial capital The Stranger claims to be the child of a lost Mughal princess the youngest sister of Akbar s grandfather Babar Qara Koz Lady Black Eyes a great beauty believed to possess powers of enchantment and sorcery who is taken captive first by an Uzbek warlord then by the Shah of Persia and finally becomes the lover of a certain Argalia a Florentine soldier of fortune commander of the armies of

the Ottoman Sultan When Argalia returns home with his Mughal mistress the city is mesmerized by her presence and much trouble ensues The Enchantress of Florence is the story of a woman attempting to command her own destiny in a man's world It brings together two cities that barely know each other the hedonistic Mughal capital in which the brilliant emperor wrestles daily with questions of belief desire and the treachery of sons and the equally sensual Florentine world of powerful courtesans humanist philosophy and inhuman torture where Argalia's boyhood friend il Machia Niccolo Machiavelli is learning the hard way about the true brutality of power These two worlds so far apart turn out to be uncannily alike and the enchantments of women hold sway over them both But is Mogor's story true And if so then what happened to the lost princess And if he's a liar must he die *The Popes and Science* James Joseph Walsh, 1908
