The European Population, 1850-1945 F. Rothenbacher, 2017-02-10 The European Population 1850 1945 is the first volume of two on demographics The second volume will appear as part of the Societies of Europe series in 2003 and will cover changes until the year 2000 The European Population 1850 1945 is a comparative and historical data handbook and accompanying CD ROM presenting series data on demographic developments population and household structures for the countries of Western and Central Europe All major fields of demographic change are covered fertility mortality marriage and divorce Population figures are given for each population census by sex civil status and age Major demographic developments within the family are described providing a commentary on the main population structures and trends in Europe since the 19th century **Statistical Sources for Social Research on Western Europe 1945-1995** Franz

Rothenbacher, 2013-11-11 The intention of this book is to give a picture of the complex material that has been published in the field of social and economic statistics in Western Europe Although there are many guides bibliographies and reference books on special topics of this broad theme a general overview has been missing With this book I hope to fill this gap The frame of reference is a scientific one enabling and facilitating comparative social research on Western Europe In some respect this book enlarges and updates the bibliography written by Peter Flora Quantitative Historical Sociology published in Current Sociology in 1975 In principle this guide is an annotated bibliography of the most important printed material in the field of official statistics The legitimacy of such an approach lies in the fact that even today printed statistics are the most important form of dissemination of statistical results although microcomputers CD ROMs and the Internet have changed this situation In any case a special section on statistical databases is included for every country describing the main databases of the statistical offices Furthermore the Internet address of each international or national statistical institute is provided in the introductory paragraph This enables the reader to get fast access to online databases and supplementary online information on statistics via the Internet *Technical Innovation and British Economic Performance* Keith Pavitt, 2016-01-01 *British*

Monetary Policy 1924-1931 D. E. Moggridge, 1972-03-23 **British Economic Growth 1688-1959** Phyllis Deane, W. A. Cole, 1967-11-02 *Industrial Pricing in the United Kingdom* K. J. Coutts, Kenneth Coutts, Wynne Godley, William

Nordhaus, 1978-05-25 **Wages Policy in the British Coalmining Industry** L. J. Handy, 1981-03-26 Monograph on national level wage policy in the coal mining public enterprise in the UK discusses environment for wage determination wage payment systems wage structure the 1966 collective agreement on wage rates collective bargaining strategy etc

Bibliography pp 304 to 307 graphs and references **The Economic Impact of the Patent System** C. T. Taylor, Aubrey Silberston, 1973-12-06 **Planning Problems in the USSR** Michael Ellman, 1973-09-27 *Applied Economics* Brian

Atkinson, Bob Milward, Frank Livesey, 1998-11-11 Written by a team of experienced writers with contributions from specialist economists Applied Economics combines up to date information with theory to provide an excellent introduction to real world economics The book includes chapters on the most important aspects of micro and macro economics each containing the appropriate theory but with the main emphasis on application There are numerous examples with a focus on Europe in every chapter This is an essential text for students on undergraduate courses in economics business and social science

Programming and Interregional Input-Output Analysis A. Ghosh, A.
