**Second Metropolis** Blair A. Ruble, 2001-05-28 By exploring and comparing North America's Russia's and Japan's second cities Chicago Moscow and Osaka *Second Metropolis* discloses the extent to which social fragmentation frequently viewed as an obstacle to democratic development actually fostered a pragmatic pluralism that nurtured pluralistic public policies Such policies are explored through six case studies the politics of street railways and charter reform in Chicago adult education and housing in Moscow and harbor revitalization and poverty alleviation in Osaka that illustrate how even those with massive political and economic power were stymied by the complexity of their communities Chicago Moscow and Osaka though the products of very different nations and cultures nonetheless shared an important experience of inclusive politics during an era of extraordinary growth and social diversity The success of all three cities which went well beyond mere survival rested on a distinctive political resource pragmatic pluralism *Interurban Knowledge Exchange in Southern and Eastern Europe, 1870-1950* Eszter Gantner, Heidi Hein-Kircher, Oliver Hochadel, 2020-10-22 Around 1900 cities in Southern and Eastern Europe were persistently labeled backward and delayed Allegedly they had no alternative but to follow the role model of the metropolises of London Paris or Vienna This edited volume fundamentally questions this assumption It shows that cities as diverse as Barcelona Berdyansk Budapest Lviv Milan Moscow Prague Warsaw and Zagreb pursued their own agendas of modernization In order to solve their pressing problems with respect to urban planning and public health they searched for best practices abroad The solutions they gleaned from other cities were eclectic to fit the specific needs of a given urban space and were thus often innovative This applied urban knowledge was generated through interurban networks and multi directional exchanges Yet in the period around 1900 this transnational municipalism often clashed with the forging of urban and national identities highlighting the tensions between the universal and the local This interurban perspective helps to overcome nationalist perspectives in historiography as well as outdated notions of center and periphery This volume will appeal to scholars from a large number of disciplines including urban historians historians of Eastern and Southern Europe historians of science and medicine and scholars interested in transnational connections **Handbook of Urban Politics and Policy** Ronald K. Vogel, 2024-07-05 This authoritative Handbook provides a comprehensive overview of research into urban politics and policy in cities across the globe Leading scholars examine the position of urban politics within political science and analyse the critical approaches and interdisciplinary pressures that are broadening the field *Who Ran the Cities?* Ralf Roth, 2017-03-02 The question of who actually ran cities in the eighteenth nineteenth and twentieth centuries has been increasingly debated in recent years As well as trying to understand the distribution of political power and the rise of broad political participation urban historians have questioned how and whether elites retained influence in municipal government The essays in this collection provide a detailed examination of the relationship between urban elites and the exercise of power bringing together economic social and cultural history with the political history of power resources and

decision making The volume challenges common perceptions of a monolithic urban elite by looking at specific case studies Collectively these essays provide a more sophisticated view of the exercise of urban power as the negotiation of various elite groups defined by their economic social political or cultural privilege To contribute to this complex account of the history of cities elites and their influence the collection applies a range of methodological approaches to studying European and American cities as well as the wider world Odessa: Genius and Death in a City of Dreams Charles King, 2011-02-28 Winner of a National Jewish Book Award Fascinating A humane and tragic survey of a great and tragic subject Jan Morris Literary Review From Alexander Pushkin and Isaac Babel to Zionist renegade Vladimir Jabotinsky and filmmaker Sergei Eisenstein an astonishing cast of geniuses helped shape Odessa a legendary haven of cosmopolitan freedom on the Black Sea Drawing on a wealth of original sources and offering the first detailed account of the destruction of the city's Jewish community during the Second World War Charles King's *Odessa* is both history and elegy a vivid chronicle of a multicultural city and its remarkable resilience over the past two centuries

**Function-Based Spatiality and the Development of Korean Communities in Japan** David Rands, 2014-05-21 Function Based Spatiality and the Development of Korean Communities in Japan utilizes the theoretical model of complex adaptive systems and introduces the concept of function based spatiality to investigate the roles of the urban environments of Tokyo and Osaka in the development of Korean communities in Japan Analysis of distinct Korean communities allows for the examination of urban factors of each city which contributed to the patterns of Korean immigration and community formation By utilizing a comparative narrative of the two cities distinctions between the organic growth of Osaka and the planned city of Tokyo are illuminated Additionally the discussion utilizes the concept of function based spatiality to show how each city interacted with its surrounding regional national and global spheres The functions of Tokyo as a gateway to Western modernization and center of the Japanese state shaped the interactions with Korean immigrants Likewise Osaka's functions as a center of mercantilism and second city played a large role in how Koreans were incorporated into the urban ethnoscape Taken together these two examples provide insight to the dynamics of urban systems on the development of immigrant communities *Planet of Slums* Mike Davis, 2007-09-17 The profound brilliant account of the rise of the world's slums and the failures of modern urbanization by the world's leading urbanist Arundhati Roy activist and Booker Prize winning author According to the United Nations more than one billion people now live in the slums of the cities of the South In this brilliant and ambitious book Mike Davis explores the future of a radically unequal and explosively unstable urban world From the sprawling barricadas of Lima to the garbage hills of Manila urbanization has been disconnected from industrialization and even from economic growth Davis portrays a vast humanity warehoused in shantytowns and exiled from the formal world economy He argues that the rise of this informal urban proletariat is a wholly unforeseen development and asks whether the great slums as a terrified Victorian middle class once imagined are volcanoes waiting to erupt Esotericism in African American Religious Experience

,2014-11-06 In Esotericism in African American Religious Experience There is a Mystery Stephen C Finley Margarita Simon Guillory and Hugh R Page Jr assemble twenty groundbreaking essays that provide a rationale and parameters for Africana Esoteric Studies AES a new trans disciplinary enterprise focused on the investigation of esoteric lore and practices in Africa and the African Diaspora The goals of this new field while akin to those of Religious Studies Africana Studies and Western Esoteric Studies are focused on the impulses that give rise to Africana Esoteric Traditions AETs and the ways in which they can be understood as loci where issues such as race ethnicity and identity are engaged and in which identity embodiment resistance and meaning are negotiated Russia in 1913 Wayne Dowler,2010-10-29 A pivotal year in the history of the Russian Empire 1913 marks the tercentennial celebration of the Romanov Dynasty the infamous anti Semitic Beilis Trial Russia s first celebration of International Women s Day the ministerial boycott of the Duma and the amnestying of numerous prisoners and political exiles along with many other important events A vibrant public sphere existed in Russia s last full year of peace prior to war and revolution During this time a host of voluntary associations a lively and relatively free press the rise of progressive municipal governments the growth of legal consciousness the advance of market relations and new concepts of property tenure in the countryside and the spread of literacy were transforming Russian society Russia in 1913 captures the complexity of the economy and society in the brief period between the revolution of 1905 and the outbreak of war in 1914 and shows how the widely accepted narrative about pre war late Imperial Russia has failed in significant ways While providing a unique synthesis of the historiography Dowler also uses reportage from two newspapers to create a fuller impression of the times This engaging and important study will appeal both to Russian studies scholars and serious readers of history **Cities of Power** G÷ran Therborn,2021-10-12 Why are cities centers of power A sociological analysis of urban politics In this brilliant very original survey of the politics and meanings of urban landscapes leading sociologist G ran Therborn offers a tour of the world s major capital cities showing how they have been shaped by national popular and global forces Their stories begin with the emergence of various kinds of nation state each with its own special capital city problematic In turn radical shifts of power have impacted on these cities development in popular urban reforms or movements of protest and resistance in the rise and fall of fascism and military dictatorships and the coming and going of Communism Therborn also analyzes global moments of urban formation of historical globalized nationalism as well as the cities of current global image capitalism and their variations of skyscraping gating and displays of novelty Through a global historical lens and with a thematic range extending from the mutations of modernist architecture to the contemporary return of urban revolutions Therborn questions received assumptions about the source manifestations and reach of urban power combining perspectives on politics sociology urban planning architecture and urban iconography He argues that at a time when they seem to be moving apart there is a strong link between the city and the nation state and that the current globalization of cities is largely driven by the global aspirations of politicians as well as those of national and local capital

With its unique systematic overview from Washington D C and revolutionary Paris to the flamboyant twenty first century capital Astana in Kazakhstan its wealth of urban observations from all the populated continents and its sharp and multi faceted analyses Cities of Power forces us to rethink our urban future as well as our historically shaped present

*Autocracy* Anton A. Fedyashin, 2012-06-19 With its rocky transition to democracy post Soviet Russia has made observers wonder whether a moderating liberalism could ever succeed in such a land of extremes But in *Liberals under Autocracy* Anton A Fedyashin looks back at the vibrant Russian liberalism that flourished in the country's late imperial era chronicling its contributions to the evolution of Russia's rich literary culture socioeconomic thinking and civil society For five decades prior to the revolutions of 1917 The Herald of Europe Vestnik Evropy was the flagship journal of Russian liberalism garnering a large readership The journal articulated a distinctively Russian liberal agenda one that encouraged social and economic modernization and civic participation through local self government units zemstvos that defended individual rights and interests especially those of the peasantry in the face of increasing industrialization Through the efforts of four men who turned The Herald into a cultural nexus in the imperial capital of St Petersburg the publication catalyzed the growing influence of journal culture and its formative effects on Russian politics and society Challenging deep seated assumptions about Russia's intellectual history Fedyashin's work casts the country's nascent liberalism as a distinctly Russian blend of self governance populism and other national cultural traditions As such the book stands as a contribution to the growing literature on imperial Russia's nonrevolutionary intellectual movements that emphasized the role of local politics in both successful modernization and the evolution of civil society in an extraparliamentary environment **Interior,**

Deborah Simonton, Hannu Salmi, 2016-10-04 As Enlightenment notions of predictability progress and the sense that humans could control and shape their environments informed European thought catastrophes shook many towns to the core challenging the new world view with dramatic impact This book concentrates on a period marked by passage from a society of scarcity to one of expenditure and accumulation from ranks and orders to greater social mobility from traditional village life to new bourgeois and even individualistic urbanism The volume employs a broad definition of catastrophe as it examines how urban communities conceived adapted to and were transformed by catastrophes both natural and human made Competing views of gender figure in the telling and retelling of these analyses women as scapegoats as vulnerable as victims even as cannibals or conversely as defenders organizers of assistance inspirers of men and men in varied guises as protectors governors and police heroes leaders negotiators and honorable men Gender is also deployed linguistically to feminize activities or even countries Inevitably however these tragedies are mediated by myth and memory They are not neutral events whose retelling is a simple narrative Through a varied array of urban catastrophes this book is a nuanced account that physically and metaphorically maps men and women into the urban landscape and the worlds of catastrophe *Female Entrepreneurs in Nineteenth-Century Russia* Galina Ulianova, 2015-10-06 This pioneering work comprehensively examines the history of female entrepreneurship in the Russian Empire during nineteenth century industrial development

Migration, Homeland, and Belonging in Eurasia Cynthia J. Buckley, Blair A. Ruble, Erin Trouth Hofmann, 2008-09-09

Migration a force throughout the world has special meanings in the former Soviet lands Soviet successor countries each with strong ethnic associations have pushed some racial groups out and pulled others back home Forcible relocations of the Stalin era were reversed and areas previously closed for security reasons were opened to newcomers These countries represent a fascinating mix of the motivations and achievements of migration in Russia and Central Asia Migration Homeland and Belonging in Eurasia examines patterns of migration and sheds new light on government interests migrant motivations historical precedents and community identities The contributors come from a variety of disciplines political science sociology history and geography Initial chapters offer overall assessments of contemporary migration debates in the region Subsequent chapters feature individual case studies that highlight continuity and change in migration debates in imperial and Soviet periods Several chapters treat specific topics in Central Eurasia and the Far East such as the movement of ethnic Kazakhs from Mongolia to Kazakhstan and the continuing attractiveness to migrants of supposedly uneconomical cities in Siberia
