Surviving the Home Front Stuart Hylton, 2012-10-01. Terrifying raids,

thousands of bombs, and countless petrified inhabitants of Britain's busiest cities. These are the prevailing images of the Blitz and the Home Front in the Second World War. However, for the people who experienced it, it was so much more and affected every aspect of their existence. *Surviving the Home Front* explores through contemporary newspaper reports and advertisements the effect the Blitz had on issues as varied as fashion, food, transport, and more. It explores how facets of humanity showed themselves through individual tales of heroism, eccentricity, and humour, but above all, Stuart Hylton shows how the irrepressible spirit of the British people overcame a period of harsh austerity combined with the fresh terrors that appeared in their skies almost every night.

The Culture of Clothing Daniel Roche, 1996-10-10. Newly available in paperback, this major contribution to cultural history is a study of dress in France in the seventeenth and eighteenth centuries. Daniel Roche discusses general approaches to the history of dress, locates the subject within current French historiography, and uses a large sample of inventories to explore the differences between the various social classes in the amount they spent and the kind of clothes they wore.
