The Second Indochina War Wilfred G. Burchett, 1970 *Second Indochina War* Wilfred G. Burchett, 1970 **The Second Indochina War** William S. Turley, 2008-10-17 Now in a thoroughly revised and updated edition this classic history of the Vietnam War as seen by all participants takes into account the wealth of research and writing on the war since the book's original publication more than two decades ago. Leading scholar William S. Turley combines original research, thorough knowledge of the literature, his own insight from many trips to Vietnam during and since the war, and sound interpretation into a succinct and well-crafted analysis that provides a balanced treatment of the Vietnamese, Lao, Khmer, and American dimensions of the war.

Historical Dictionary of Laos Martin Stuart-Fox, Simon Creak, 2023-02-06 Laos has the smallest population, the weakest military, and despite rapid economic growth in recent years, one of the lowest levels of per capita income in mainland Southeast Asia. Yet a glance at the map reveals its strategic location between China and Cambodia and Thailand and Vietnam. As Laos was formerly a crossroads for trade routes, the socialist government of the Lao People's Democratic Republic seeks to transform the country into a prosperous crossroads at the heart of this rapidly developing region. *Historical Dictionary of Laos* Fourth Edition provides an in-depth examination of one of the least known countries in Southeast Asia through a detailed chronology, comprehensive introduction, and extensive bibliography. The dictionary section has more than 1,000 cross-referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion, and culture. This book will be an excellent resource for students, researchers, and anyone wanting to know more about Laos.

Historical Dictionary of Ho Chi Minh City Justin Corfield, 2014-11-01 Offering a concise overview of Ho Chi Minh City's history and development, the *Historical Dictionary of Ho Chi Minh City* presents a comprehensive historical survey of the city in the form of an alphabetical list of keywords and names with accompanying definitions. Both well-researched and authoritative, the volume draws upon a wide range of modern sources and contains an introductory essay about the city, a chronology, a list of acronyms and abbreviations, photographs, and appendixes of supplemental information.

The History of Cambodia Justin Corfield, 2009-10-13 This book includes a narrative history that provides a chronological examination of the political, cultural, philosophical, social, and religious continuities in Cambodia's long, rich history. It overviews the history of Cambodia from the fall of Angkor and the French Protectorate period (1432-1863) to the present. More than half of the book is dedicated to the period from 1970 through the present, with chapters on the Khmer Republic, Democratic Kampuchea, the second civil war, the road to democracy, and Cambodia under Hun Sen. An introductory chapter overviews the country's geography, political institutions, economy, and culture. The book includes black and white historical and contemporary photographs, a chronology, and profiles of key figures.

Postwar Indochina Joseph Jeremiah Zasloff, 1989 *Vietnam Joins the World* James W. Morley, Masashi Nishihara, 1997-01-07 Ten American and Japanese specialists offer a comprehensive analysis of one of the most dramatic developments in Asia today: the reemergence

of Vietnam not as the belligerent champion of a militant ideology and socialist causes but as an open friendly country seeking a respected place in the world community Basing their observations on five years of study visits to Vietnam and numerous interviews with knowledgeable officials scholars and businessmen there and in the United States and Japan the authors evaluate the political economic social and foreign policy changes that have been taking place in Vietnam over the past decade trace the responses of the United States and Japan and offer a policy prescription for responding to the challenges of the future

Southeast Asia Views the United States Ann Marie Murphy, 2025-01-28 This book is a comprehensive study of Southeast Asian views of their respective countries foreign policies towards the United States The Southeast Asian contributors are all individuals who bridge both academia and foreign policy circles in their countries in Southeast Asia the Indo Pacific more broadly and globally There is a dearth of theoretically informed empirically rich literature on the foreign policies of Southeast Asian states This volume with eight chapters written by some of Southeast Asia s leading analysts is therefore important timely and fills a large gap in the literature
