**The Second Sister** Carrie Weaver, 2004 The Second Sister by Carrie Weaver released on Jul 25 2004 is available now for purchase **A Marriage of Majors** Elizabeth Ashtree, 2004 Can he be a hero again Major Kristen Clark shows a brave face when her husband Major Anthony Garitano returns from Afghanistan Her proud warrior husband would hate to be on the receiving end of pity But Anthony is nothing like the strong carefree man she married In fact he is as much of a stranger to her as he is to eighteen month old Amy the daughter he has never met Kristen is determined to save their marriage even though Anthony seems ready to give up Until a terrorist out for revenge threatens his home and his family Then Kristen notices that it is not just the soldier in Anthony **Air Force Magazine** , 1995-07 Daddy's Little Matchmaker Roz Denny Fox, 2004 Daddy's Little Matchmaker by Roz Denny Fox released on Jul 25 2004 is available now for purchase *Bowker's Guide to Characters in Fiction 2007* , 2008-02 **The Second Sister** Carrie Weaver, 2012-01-17 You can't change the past Colleen Davis is the younger sister the second sister the one who stayed behind Now her dying father has one final wish to reconcile with his elder daughter Violet and Colleen has no choice but to help But that isn't going to be easy because once she gets to Violet's she finds Sheriff Vince Moreno standing in her way But can you build a future Vince has sworn to take care of Violet during her difficult pregnancy and traveling four hundred miles for a bittersweet reunion that won't make up for the past doesn't strike him as a great idea But Colleen refuses to let them wait until the baby is born meaning Vince has to go with them back to the hometown he doesn't want to see again Along the way he realizes that Colleen doesn't come second to anyone but before he can even act on his feelings he has to confront the tragedy of his own past The African American Press in World War II Paul Alkebulan, 2014-04-17 Black journalists have vigorously exercised their First Amendment right since the founding of Freedom's Journal in 1827 World War II was no different in this regard and Paul Alkebulan argues that it was the most important moment in the long history of that important institution American historians have often postulated that WWII was a pivotal moment for the modern civil rights movement This argument is partially based on the pressing need to convincingly appeal to the patriotism and self interest of black citizens in the fight against fascism and its racial doctrines This appeal would have to recognize long standing and well known grievances of African Americans and offer some immediate resolution to these problems such as increased access to better housing and improved job prospects 230 African American newspapers were prime actors in this struggle Black editors and journalists gave a coherent and organized voice to the legitimate aspirations and grievances of African Americans for decades prior to WWII In addition they presented an alternative and more inclusive vision of democracy The African American Press in World War II Toward Victory at Home and Abroad shows how they accomplished this goal and is different from other works in this field because it interprets WWII at home and abroad through the eyes of a diverse black press Alkebulan shows the wide ranging interest of the press prior to the war and during the conflict Labor union struggles equal funding for black education the criminal justice

system and the Italian invasion of Ethiopia were some of subjects covered before and during the war. Historians tend to write as if the African American press was ideologically homogenous but according to Alkebulan this is not the case. For example prior to the war African American journalists were both sympathetic and opposed to Japanese ambitions in the Pacific. A Philip Randolph's socialist journal *The Messenger* accurately warned against Imperial Japan's activities in Asia during WWI. There are other instances that run counter to the common wisdom. During World War II the Negro Newspaper Publishers Association not only pursued equal rights at home but also lectured blacks military and civilian about the need to avoid any behavior that would have a negative impact on the public image of the civil rights movement. *The African American Press in World War II* explores press coverage of international affairs in more depth than similar works. The African American press tended to conflate the civil rights movement with the anti colonial struggle taking place in Africa, Asia and the Caribbean. Alkebulan demonstrates how George Padmore and W. E. B. Du Bois were instrumental in this trend. While it heightened interest in anti colonialism it also failed to delineate crucial differences between fighting for national independence and demanding equal citizenship rights in one's native land.

**Education in the New China** Yvonne Turner, Amy Acker, 2017-07-05 The effects of the deregulation of the Chinese University system have been nothing short of spectacular. This fascinating book examines China's higher education system and how its new and unique blend of foreign and Chinese perspectives impact on both the lives of students and academics and wider Chinese society. Using a range of in depth interviews and unique research it provides open and often frank accounts of life work and education in China from the Cultural Revolution to the creation of its market focused entrepreneurial generation.

**Latinas Crossing Borders and Building Communities in Greater Washington** Raúl Sánchez Molina, Lucy M. Cohen, 2016-04-04 After crossing several borders Latina o immigrants and their children meet challenges of globalization as they acclimate to the Washington D C metropolitan area. Facing different social and cultural barriers while adapting to this metropolis most of them meet these challenges by building transnational bridges that connect societies and cultures. These circumstances have offered opportunities for anthropologists and other scholars to work together with community residents in activities that have contributed to cultural knowledge and action. *Latinas Crossing Borders and Building Communities in Greater Washington* Applying Anthropology in Multicultural Neighborhoods addresses how Latina o immigrants use a variety of strategies to meet adaptation challenges. Drawing on ethnographic research and practices contributors highlight how Latinas and Latinos are building community while reshaping ethnic gender and generational identities. They focus on models of collaboration and interaction in community centers healthcare the labor market education and faith based communities.

**Bands of Sisters** Jill M. Sullivan, 2011-09-15 On Saturday November 14 1944 radio listeners heard an enthusiastic broadcast announcer describe something they had never heard before. Women singing the Marines Hymn instead of the traditional all male United States Marine Band. The singers were actually members

of its sister organization The Marine Corps Women's Reserve Band of Camp Lejeune North Carolina Today few remember these all female military bands because only a small number of their performances were broadcast or pressed to vinyl But as Jill Sullivan argues in *Bands of Sisters U S Women's Military Bands during World War II* these gaps in the historical record can hardly be treated as the measure of their success The novelty of these bands initially employed by the U S military to support bond drives drew enough spectators for the bands to be placed on tour raising money for the war and boosting morale The women once discharged at the war's end refused to fade into post war domesticity Instead the strong bond fostered by youthful enthusiasm and the rare opportunity to serve in the military while making professional caliber music would come to last some 60 years Based on interviews with over 70 surviving band members *Bands of Sisters* tells the tale of this remarkable period in the history of American women Sullivan covers the history of these ensembles tracing accounts such as the female music teachers who would leave their positions to become professional musicians no easy matter for female instrumentalists of the pre war era Sullivan further traces how some band members would later be among the first post war music therapists based on their experience working with medical personnel in hospitals to treat injured soldiers The opportunities presented by military service inevitably promoted new perspectives on what women could accomplish outside of the home resulting in a lifetime of lasting relationships that would inspire future generations of musicians Michigan Municipal Review ,1989

*The American Musical* Marc Bauch, 2003 Although almost neglected in research and studies on American Literature the American Musical is certainly the most interesting and the most popular genre of American theater and drama It has been influenced by the necessities of a self funding commercial theater system of a democratic country The fact that it has developed in a country of democracy means that it should be a genre for everyone the intellectual and the common man Broadway has provided all these In his study Marc Bauch analyzes three American Musicals namely *South Pacific* 1949 by Richard Rodgers and Oscar Hammerstein *West Side Story* 1957 by Leonard Bernstein Arthur Laurents and Stephen Sondheim as well as *Sunday in the Park with George* 1984 by Stephen Sondheim and James Lapine Special attention is paid to the themes and topics the literary means and the dramatic dodges of the aforementioned American Musicals The three analyses are extended with historical overviews of the American Musical Marc Bauch is also the author of *Themes and Topics of the American Musical after World War II* 2001 also published by Tectum Verlag
