Secret Cult Of The Order The:

The Secret Cult of the Order Antony C. Sutton, 1978-01-01 **The Old and New World Order** Jagdish Krishanlal Arora, 2023-05-28 Today there is a lot of talk of a new world order and I thought it as a right time to tell about it and how it will impact our lives *Guinea Pigs of the New World Order* Joachim Onyeakor, 2012 The author believes that those labelled as blacks in the world are the greatest victims of racial discrimination and will be highly victimised as the New World Government takes full force According to the author racism is not a problem as humans seem to have evolved with some seemingly physical differences resulting in different races but the main problem is racial discrimination which has resulted in series of racially driven ugliness that people of colour most especially blacks face in the world in these present times including the treatment they shall receive from the New World Government The African continent harbours this breed of humans called blacks and many studies have been undertaken to prove whether African natives are inferior in intelligence therefore incapable of higher thoughts and higher arts The author begs to disagree hence race has nothing to do with human intelligence and the reasons why there is insignificant human development in Africa according to the author are human slavery which happened in the past which was a plot to use African natives as human machines forced dominance which resulted in land seizures in some part of Africa and colonial invasion which was a plot to acquire land and natural resources and not to help Africa as the imperialists conspiracy propagandists want all to believe Colonialism came with religious tools enforced with guns and brute force and without the invasion of the colonialists Africans would have developed considering the pyramids of Egypt the axioms of Ethiopia the medical institutes in Timbuktu in the ancient times and more According to the author the reason why the African continent is paralysed in terms of economic development is mental slavery leading to economic slavery Mental slavery is caused by racial discrimination mind diversion using information and religious tools pseudoscience or superstitions faulty education colonialism and colonial destruction of African cultural evolution The author believes that since Chinese and Indians could develop and attain economic freedom so also can Africa develop but Africans must first deal with mental slavery Mental slavery leads to economic slavery Today Africans cannot produce what they consume nor consume what they produce all because of mental slavery An endangered species is a population of organisms which is facing a high risk of becoming extinct because it is either few in numbers or threatened by changing environmental or predation parameters Technically speaking African natives are facing predation parameters and it seems that the New World Order since its creation and inception designated the African natives that they call blacks as guinea pigs that will be used in its operations and to advance its cause The black man has faced cruel slavery colonialism forced dominance and subjugation neo colonialism and he is now also facing mental slavery a far more dangerous situation It is a situation not recognisable with the naked eye yet exists and poses more danger than all of the former creating a cloud of mental slaves who are moving in the wrong direction applying the wrong life operational parameters Development is extremely slow in the

African continent and the advanced nations have seized that opportunity to transform the continent into a huge market for their finished goods in the process also fuelling mind slavery to impair development They hypocritically condemn the African continent as incapable of self sustenance but it has never occurred to anyone that if Africa stands up today those advanced nations will lose their market In exchange directly or indirectly for the rich natural resources of the African continent the advanced nations have fuelled wars and mental slavery in the continent while still condemning the continent Unfortunately the same mercenaries of the New World Government who enslaved the African people in **Secret Societies** Michael Howard, 2007-12-05 An overview of how esoteric brotherhoods have shaped history Examines the secret chronology and clandestine causes of seminal world events Shows how secret societies feed into one another and how they have worked together For thousands of years secret societies guardians of ancient esoteric wisdom have exercised a strong and often crucial influence on the destiny of nations Though largely ignored by orthodox historians the Freemasons Knights Templar and Rosicrucians affected the course of the French and American Revolutions as well as the overthrow of the medieval feudal order Inevitably the true ideals and esoteric practices of these societies have at times been perverted by self serving individuals The Nazis and the Bolsheviks British security forces the founding fathers of America and the Vatican have all justified their actions for good or for ill by claiming the mystic ideals of secret societies Michael Howard explores these connections tracing their effects in politics and statecraft from the time of ancient Egypt up to the present He sheds light on the influence of secret societies on governments and in the lives of many well known figures including Frederick the Great John Dee Francis Bacon Benjamin Franklin Comte de Cagliostro Helena Blavatsky Rasputin and Woodrow Wilson He contends that the recent formation of the European Union was directed by an umbrella group of secret societies and reveals that though secret societies have been persecuted throughout history they have survived and continue to operate powerfully in world affairs today Secret Societies Philip Gardiner, 2007-06-15 With his recent best selling books and hundreds of articles as well as radio and TV appearances Philip Gardiner has started a crusade for uncovering the truth and nothing could be more indicative of that search than his latest foray into the dark and often sinister world of secret societies Yet again Gardiner finds himself on a journey across the world to uncover the ancient secrets of the world's most powerful men In one dramatic episode he finds himself driven out of Berlin in a black Mercedes by a secret organization that was believed to have disappeared after the second World War and eventually arrives in a modern Nazi watering hole Gardiner however survives this incredible journey and brings us the secrets of the Order held sacred for so long Gardiner delves into a world that is often hidden from our eyes and finds himself in situations that seem to mirror the fictional world of the Da Vinci Code Throughout Secret Societies Gardiner Uncovers an ancient secret society thought to have died out many years ago Gets to the core of the secret societies belief systems Explores the secret origins of Freemasonry and the links to secret Serpent Cults Investigates the secret hidden meaning of King Arthur and Robin Hood Examines the claimants to the name of

Illuminati and analyzes the history of the group in Europe and America Reveals the secret links within the Vatican and the Nazi Party Looks in depth at the white powdered gold theory supposedly kept secret by orders throughout time and radically re appraises it Shows the link between the so called enlightenment experience and the control of our minds Nobody in the genre involves themselves in the tale in the same way that Gardiner does and here he shows that the search for ultimate truth can often be a terrifying one **Inside Secret Societies** Michael Benson,2005 Secret Societies lifts the lid on some of the most notorious and clandestine organisations in the world From frat boy handshakes to the 47th level of Freemasonry this entertaining and hugely informative guide tells all Even the most sceptical of readers will agree that secret societies are more important than just passwords secret handshakes and silly ceremonies Often they control business and politics The book includes 150 200 entries each detailing a secret society There is also an extensive bibliography and glossary included

THE REAL QUESTS FOR NEW WORLD ORDER Dipo Toby Alakija, While some historical accounts are distorted so many parts were written long before they eventually become history This is because a clique sees the need to destroy the old order and pave the way for the New World Order The quest to dominate the world and fuse all nations together as one entity is an age long battle which becomes more profound and pronounced in the modern days with the use of chemical biological psychological spiritual and other weapons With presentations of documentary circumstantial and pictorial evidences most of which are made available by ancient and modern researchers and writers this book shed light on what actually characterized global events like the French revolution world wars civil wars virus pandemic like COVID 19 and other catastrophes that plague humanity These research works address the question that was raised in the book titled Pawn In The Game by William Guy Carr who asked why the Human Race can t live in peace and enjoy the bounties and blessing God provides for our use and benefit in such abundance This book also serves as a warning that when the New World Order emerges human beings will be shackled with Computer Network and turned into semi robots that are controlled by a Clique of Globalists A

God's Mysteries and Paradoxes: Looking Through the Glass, Darkly Dr. Carroll M. Helm,2013-10

God's Mysteries and Paradoxes Looking through the Glass Darkly is a book about paradoxes and how they were actually created by God to bring unique enlightenment but also to confound the so called earthly wisdom Paradoxes also keep believers humble by showing them that God's ways are not always man's ways For this is what the high and lofty One says he who lives forever whose name is holy I live in a high and holy place but also with him who is contrite and lowly in spirit to revive the spirit of the lowly and to revive the heart of the contrite Isaiah 57:15 This book introduces the reader to the ancient idea of The Divine Paradox written by Hermes Trismegistus thrice great in The Divine Pylander An additional book Corpus Hermeticum was translated by Marsilio Ficino during the early Renaissance and helps frame the philosophical paradox of nature versus faith This book along with other fragments written by Hermes Trismegistus was translated in the early 1400s and caused a rebirth of its teachings during the Renaissance Modern secret societies and the occult are using much of the same knowledge to deceive people in the world today Evidence shows Albertus Magnus Roger Bacon and the Knights Templar possessed ancient knowledge and from it gave rise to secret organizations and societies operating today including the Illuminati Freemasons and modern occultists

The Quests For New World Order Dipo Toby Alakija ,2001 While some historical accounts are distorted so many parts were written long before they eventually become history This is because a clique sees the need to destroy the old order and pave the way for the New World Order The quest to dominate the world and fuse all nations together as one entity is an age long battle which becomes more profound and pronounced in the modern days with the use of chemical biological psychological spiritual and other weapons With presentations of documentary circumstantial and other evidences most of which are made available by ancient and modern researchers and writers this book attempts to shed light on what actually characterized global events like the French revolution world wars civil wars virus pandemic and other catastrophes that plague humanity These research works address the question that was raised in the book titled Pawn In The Game by William Guy Carr who asked why the Human Race can't live in peace and enjoy the bounties and blessing God provides for our use and benefit in such abundance This book also serves as a warning that when the New World Order emerges humans will become semi robots that are shackled into Computer Network through the use of Artificial Intelligence IA as opposed to Natural Intelligence

Anatomy of the Niger Delta Crisis Victor Ojatorotu,2010 Anatomy of the Niger Delta crisis causes consequences and opportunities for peace is a firm key

work providing deep insights into the complex and varied interests that are at play in the Niger Delta of Africa's most populous nation Nigeria. The nine treatises in this book unequivocally identify the primary motivations and major players in the imbroglio that is responsible for the quagmire which the international oil market is faced with today. The bold academic discourses to a large extent blame British imperialism, global capitalism and Nigeria's political elites for the situation in the Niger Delta which has a far-reaching global effect. Each of the essays nonetheless paints a picture of hope for the distraught communities in the Niger Delta in spite of the dark themes that are the preoccupations of the scholars. That is, if the Nigerian government would approach the Niger Delta crisis with the absolute sincerity that it deserves.

Divine Secrets and Human Imaginations Angelika Berlejung, 2021-04-13. The articles in this volume of collected essays written over the last two decades and all revised, updated and supplemented with unpublished material are grouped around two themes: Divine Secrets and Human Imaginations. The first essays deal with the production, initiation, use and function, the abduction, repatriation and the replacement of divine images, their outer appearance and the many facets of the divine presence, theology in Ancient Mesopotamia. The essays on the second topic deal with human imaginations, human constructs and constructed memories which assign meaning to the past or to things or experiences that are beyond human control. Thematically, several aspects of the human condition are examined, such as the ideas associated in the Old Testament and the Ancient Near East with death, corporeality, enemies, disasters, utopias and passionate love.
