Dog trainer, healer, and counselor Jocelyn Kessler asserts that while your dog does not speak English, he or she is communicating with you all of the time. In *The Secret Language of Dogs*, Kessler explains the importance of learning how to listen to your pet by learning to read the behavioral and energetic traits of your dog. Based on her years of experience with dogs and their owners in Southern California, Kessler explains how energy flows between pets and their owners and what the implications of that energy flow are for both parties. Her stories show how we often inflict our own emotional issues onto our pets and how negative energy can result in both behavior and physical difficulties. In addition to the stories, she provides concrete tips on how to connect with your pet.

[The Secret Language of Intimacy](#) Robert G. Lee, 2018-10-24 In *The Secret Language of Intimacy*, shame and its consequences are foregrounded as a major, if not the major, impediment to the healthy functioning in the relationships of couples. In the first part of the book, Robert Lee presents the Secret Language of Intimacy Workshop, developed and presented for the first time at the 1998 Annual Conference of the Association for the Advancement of Gestalt Therapy. Lee not only describes how the hidden forces of shame and belonging regulate couple dynamics but also how the workshop itself has facilitated the acceptance of these forces and promoted therapeutic resolution utilizing clinical vignettes. The second half of the book is comprised of internationally contributed essays from leading names in the Gestalt perspective, each adding to and redefining the role of shame and belonging in the theory and practice of Gestalt couples therapy. Their conclusions, however, are just as insightful for purveyors of other psychoanalytic and psychodynamic therapies as well.

Modernity at Sea Cesare Casarino,2002 At once a literary philosophical meditation on the question of modernity and a manifesto for a new form of literary criticism Modernity at Sea argues that the nineteenth century sea narrative played a crucial role in the emergence of a theory of modernity as permanent crisis In a series of close readings of such works as Herman Melville s White Jacket and Moby Dick Joseph Conrad s The Nigger of the Narcissus and The Secret Sharer and Karl Marx s Grundrisse Cesare Casarino draws upon the thought of twentieth century figures

including Giorgio Agamben Louis Althusser Walter Benjamin Leo Bersani Gilles Deleuze Félix Guattari and Antonio Negri to characterize the nineteenth century ship narrative as the epitome of Michel Foucault's heterotopia a special type of space that simultaneously represents inverts and contests all other spaces in culture Elaborating Foucault's claim that the ship has been the heterotopia par excellence of Western civilization since the Renaissance Casarino goes on to argue that the nineteenth century sea narrative froze the world of the ship just before its disappearance thereby capturing at once its apogee and its end and producing the ship as the matrix of modernity
