Secrets Uncovered Millie McGhee, 2000-06-01 *The Zapruder Film* David R. Wrone, 2003-11-22 It is the most famous home movie of all time the most closely analyzed 26 seconds of film ever shot the most disturbing visual record of what many have called the crime of the century In 486 frames a mere six feet of celluloid Abraham Zapruder's iconic film captures from

beginning to end the murder of President John F Kennedy in broad daylight An essential piece of evidence the film has become nearly synonymous with the assassination itself and has generated decades of debate among conspiracy theorists and defenders of the Warren Commission's official report Until now however no scholar has produced a comprehensive book length study of the film and its relation to the tragic events of November 22 1963 David Wrone one of our nation's foremost authorities on the assassination re-examines Zapruder's film with a fresh eye and a deep knowledge of the forensic evidence He traces the film's history from its creation on the grassy knoll by Dallas dressmaker Zapruder through its initial sale to Life magazine and early reproductions and its analysis by the Warren Commission and countless assassination researchers licensing by the Zapruder family legal battles over bootleg copies and sale to the federal government for sixteen million dollars Wrone's major contribution however is to demonstrate how a close examination of the film itself necessarily refutes the Warren Commission's lone gunman and single bullet theories The film as he reminds us provides a scientifically precise timeline of events as well as crucial clues regarding the timing number origins and impact of the shots fired that day Analyzing the film frame by frame in relation to other evidence including two key photos by Phil Willis and Ike Altgens he builds a convincing case against the official findings Without fanfare he concludes that more than three gunshots were fired from more than one direction and that most likely none were fired by alleged assassin Lee Harvey Oswald If true then JFK's death was the result of a conspiracy for the Commission's nonconspiracy conclusion requires a maximum of three shots and one gunman Wrone however does not speculate as to who actually shot JFK or why or even if Oswald was a part of the conspiracy In fact he is no fan of conspiracy think and is just as critical of the legion of conspiracy theorists as he is of the Warren Commission which he reveals crushed dissent within its own ranks Doggedly pursuing the evidence wherever it leads Wrone has produced a meticulous clear-eyed and provocative new reading of this remarkable cinematic Rosetta Stone

Encyclopedia of Cold War Espionage, Spies, and Secret Operations Richard Trahair, 2012-01-10 The only comprehensive and up to date book of its kind with the latest information *Secret City* James Kirchick, 2022-05-31 The New York Times Bestseller A New York Times Notable Book of 2022 Named one of Vanity Fair's Best Books of 2022 Not since Robert Caro's Years of Lyndon Johnson have I been so riveted by a work of history Secret City is not gay history It is American history George Stephanopoulos Washington D C has always been a city of secrets Few have been more dramatic than the ones revealed in James Kirchick's Secret City For decades the specter of homosexuality haunted Washington The mere suggestion that a person might be gay destroyed reputations ended careers and ruined lives At the height of the Cold War fear of homosexuality became intertwined with the growing threat of international communism leading to a purge of gay men and lesbians from the federal government In the fevered atmosphere of political Washington the secret too loathsome to mention held enormous terrifying power Utilizing thousands of pages of declassified documents interviews with over one hundred people and material unearthed from presidential libraries and archives around the country Secret City is a chronicle of

American politics like no other Beginning with the tragic story of Sumner Welles Franklin Delano Roosevelt s brilliant diplomatic advisor and the man at the center of the greatest national scandal since the existence of the United States James Kirchick illuminates how homosexuality shaped each successive presidential administration through the end of the twentieth century Cultural and political anxiety over gay people sparked a decades long witch hunt impacting everything from the rivalry between the CIA and the FBI to the ascent of Joseph McCarthy the struggle for Black civil rights and the rise of the conservative movement Among other revelations Kirchick tells of the World War II era gay spymaster who pioneered seduction as a tool of American espionage the devoted aide whom Lyndon Johnson treated as a son yet abandoned once his homosexuality was discovered and how allegations of a homosexual ring controlling Ronald Reagan nearly derailed his 1980 election victory

The Snatch Racket Carolyn Cox,2021-03 Although the 1932 kidnapping of aviator Charles Lindbergh s baby was a worldwide sensation it was only one of an estimated three thousand ransom kidnappings that occurred in the United States that year The epidemic hit America during the Great Depression and the last days of Prohibition as criminal gangs turned kidnapping into the highly lucrative snatch racket Wealthy families and celebrities purchased kidnap insurance hired armed chauffeurs and bodyguards and carried loaded handguns Some sent their children to school or summer camp in Europe to get them out of harm s way Recent Kidnappings in America was a regular feature in the New York Times while Time magazine included kidnappings in its weekly list of notable births deaths and other milestones The Snatch Racket is the story of a crime epidemic that so frightened families that it undermined confidence in law enforcement and government in general In response President Franklin D Roosevelt waged a three year War against Kidnappers with J Edgar Hoover and his G men newly empowered to carry weapons and make arrests on the front lines This first U S war against terrorism revolutionized and modernized law enforcement in the United States dramatically expanding the powers of the federal government in the fight against not only kidnapping but many new types of interstate crime At the heart of the narrative are some of the most iconic names of the twentieth century Rockefeller Ford Lindbergh Roosevelt Hoover Capone Schwarzkopf and Hearst all caught up in the kidnapping frenzy The Snatch Racket is a spellbinding account of terrifying abductions of prominent citizens gangsters invading homes with machine guns the struggles of law enforcement and the courage of families doing whatever it took to bring home the ransomed

Top Secret Government Archives Nick Redfern,2014-12-15 This compelling volume tackles the topic of the classified files that government agencies choose not to release under the terms of the Freedom of Information Act Many of these documents supposedly cannot be found or are Top Secret files that the agencies admit exist but that they have decided to keep the public from seeing The reason for the missing files is to stop the truth about some of the world s greatest conspiracies from ever becoming known such as the Roswell UFO crash the JFK assassination Project MKUltra the CIA s mind control operation and a secret U S base on the moon

Branding Hoover's FBI Matthew

Cecil, 2016-09-16 Hunting down America's public enemies was just one of the FBI's jobs. Another perhaps more vital and certainly more covert was the job of promoting the importance and power of the FBI, a process that Matthew Cecil unfolds clearly for the first time in this eye-opening book. The story of the PR men who fashioned the Hoover era. Branding Hoover's FBI reveals precisely how the Bureau became a monolithic organization of thousands of agents who lived and breathed a well-crafted public relations message, image, and worldview. Accordingly, the book shows how the public was persuaded, some would say conned into buying and even bolstering that image. Just fifteen years after a theater impresario coined the term public relations, the FBI under J. Edgar Hoover began practicing a sophisticated version of the activity. Cecil introduces those agency PR men in Washington who put their singular talents to work by enforcing and amplifying Hoover's message. Louis B. Nichols, overseer of the Crime Records Section for more than twenty years, was a master of bend-your-ear networking. Milton A. Jones brought meticulous analysis to bear on the mission. Fern Stukenbroeker, a gift for eloquence, and Cartha DeLoach, a singular charm and ambition. Branding Hoover's FBI examines key moments when this dedicated cadre, all working under the protective wing of Associate Director Clyde Tolson, manipulated public perceptions of the Bureau. Was the Dillinger triumph really what it seemed? In these critical moments, the book allows us to understand, as never before, how America came to see the FBI's law enforcement successes and overlook the dubious accomplishments, such as domestic surveillance, that truly defined the Hoover era.

HAUNEBU: THE SECRET FILES David Childress, 2020-01-01 David Childress, popular author and star of the History Channel show *Ancient Aliens*, brings us the incredible tale of the German flying disk known as the Haunebu. Although rumors of German flying disks have been around since the late years of WWII, it was not until 1989 when a German researcher named Ralf Ettl, living in London, received an anonymous packet of photographs and documents concerning the planning and development of at least three types of unusual craft, which we would classify today as UFOs or flying saucers. Ettl went on to make several television documentaries based on the material in the packet and released most of the documents and photos to researchers in Austria and other parts of Europe. What the Ralf Ettl document dump shows us is what many have suspected for a long time: that WWII did not end in the manner in which we have been told, and a remnant of the Nazi military, particularly the SS, continued to operate flying saucers and submarines around the world in the decades after the end of the war. This activity, involving a flying saucer known as the Haunebu, was particularly notable in South America, but it ultimately involved all the continents of the world, including Antarctica. Join Childress as he shows us the secret files involving the Haunebu, the Vril craft, the Andromeda craft, and others. Includes a 16-page color section. Over 120 photographs and diagrams.
