Secret Fire:

The Secret Fire Dr Laurie Jo Moore, 2015-03-31 This book tells the gripping stories of twelve men who were imprisoned in the death camps in Laos. It tells the truth about the hidden war in Laos. Together the stories of these men show how communism destroyed liberty, terrorised an entire nation and tried to kill the essence of freedom itself. The author contends that the war in Vietnam was a just war and that the soldiers who risked and gave their lives in that prolonged conflict deserve our ultimate respect.

The Secret Fire Martin Langfield, 2009-04-16 Sotheby's London 1936 A paper by Sir Isaac Newton is sold at auction to a bookseller's agent and within minutes of leaving the auction house he is killed and the paper stolen. For the Nazis are desperate to get their hands on a Newton formula that will unleash the Secret Fire, a weapon beyond all imagining that can wipe their enemies off the face of the earth. And this document is the key unless the French Resistance and SOE operatives also on its trail can stop them. New York 2007 Katherine Reckliss inherits her grandmother's SOE radio and starts to pick up disturbing messages from occupied France warning that a V1 containing the Secret Fire is being launched by the Nazis. Its target: Present day London. So begins the desperate race to halt the Secret Fire both in 1940s Nazi occupied France and modern day London. The clock is ticking as history starts to re-write the future in a new and terrifying script.

The Secret Fire J. B. Toner, 2008-07-01 One Frodo many Sams. The Secret Fire is the story of Patrick Ardmore, a young man searching for God. He does many many stupid things along the way but people seem to love him anyway. Maybe it's the red hair.

The Philosophers' Secret Fire Patrick Harpur, 2007 Is there any place for the ancient myths of our ancestors in modern times? Could their shadowy presence in our common imagination be more influential than we realise? Across the globe many societies still believe in an Otherworld of spirits, gods and daimons which the West has banished to the unconscious mind and now only visits in dreams. Yet this visionary tradition continues to subvert the rational universe erupting out of the shadows in times of intense religious and philosophical transition. In his dazzling history of the imagination Patrick Harpur links together fields as far apart as Greek philosophy and depth psychology, Renaissance magic and tribal ritual, Romantic poetry and the ecstasy of the shaman to trace how myths have been used to make sense of the world. He uncovers that tradition which alchemists imagined as a Golden Chain of initiates who passed their mysterious secret fire down through the ages. As this inspiring book shows the secret of this perennial wisdom is of an imaginative insight, a simple way of seeing that re-enchants our existence and restores us to our own true selves.
