**England's Hidden Reverse, revised and expanded edition** David Keenan, 2023-08-08 An expanded edition of the classic exploration of the English esoteric musical underground with the first biography of Coil Current 93 and Nurse With Wound This newly expanded edition of *England's Hidden Reverse* the classic exploration of the English esoteric musical underground that includes the first and only biographies of Coil Current 93 and Nurse With Wound is based on exclusive interviews and unprecedented access to all three bands' personal archives Together these genre-defying bands and their circles represent the English underground in all its cultural, artistic, and sexual variety Over four decades the three intertwined groups have maintained a symbiotic yet uneasy relationship with the mainstream of popular culture even as their music, beliefs, and practices have repelled them from it Theirs was a clandestine scene whose work accents the many occulted peculiarities of Englishness that flow through generations of outsiders channeling personalities as diverse as Aleister Crowley, Arthur Machen, Joe Orton, Shirley Collins, Björk, and Marc Almond The story of this *Hidden Reverse* has necessarily remained a secret Until now This new volume contains almost 100 pages of extra material culled from *Furfur* a collection of interviews with musicians and artists whose careers intersected with the bands initially published alongside *Strange Attractor*'s first limited edition of the book **The Thebaid** Publius Papinius Statius, 2004 A classical epic of fratricide and war the *Thebaid* retells the legendary conflict between the sons of Oedipus, Polynices and Eteocles, for control of the city of Thebes The Latin poet Statius reworks a familiar story from Greek myth dramatized long before by Aeschylus in his tragedy *Seven against Thebes* Statius chose his subject well the Rome of his day ruled by the emperor Domitian was not too distant from the civil wars that had threatened the survival of the empire Published in 92 A.D. the *Thebaid* was an immediate success and its fame grew in succeeding centuries It reached its peak of popularity in the later Middle Ages and Renaissance

influencing Dante Chaucer and perhaps Shakespeare In recent times however it has received perhaps less attention than it deserves in large part because there has been no accessible dynamic translation of the work into English Charles Stanley Ross offers a compelling version of the Thebaid rendered into forceful modern English Casting Statius's Latin hexameter into a lively iambic pentameter more natural to the modern ear Ross frees the work from the archaic formality that has marred previous translations His translation reinvigorates the Thebaid as a whole its meditative first half and its violent second half its intimate portrayal of defeat and retribution and the need to seek justice at any cost In a wide ranging introduction Ross provides an overview of the poem its composition reception and legacy its major themes and literary influences and its place in Statius life And in a helpful series of notes he offers background information on the major characters and incidents
