**A New Beginning** Jim Senjanin,2025-04-29 Unbeknownst to Earthlings the Milky Way Galaxy is much more complicated with several powerful planetary systems positioning for control Three of the most powerful planetary systems Torm Belten and Grel have entered into a fragile alliance to help ensure galactic peace and stability But the Grel continue to test the strength of the alliance They have identified Earth as an ideal entity for harvesting much needed undersea minerals The Torm and Belten leaders recognized that they would not be able to pass on control of their respective systems via natural childbirths To counter their heir concerns they embarked on an ambitious plan to design two children using the genetics of the Belten and Torm leaders To help ensure the secrecy of the program it was decided to raise the children on the Torm protectorate planet Earth After completing their grammar school studies the children were told they were aliens and sent to the Belten space academy for further study The children were ultimately informed of their future roles and the need to become proficient in the use of their special skills As the young leaders Carson and Celine progressed through the academy program they were asked to assist in resolving several galactic issues As they worked together using their special skills to combat various galactic threats their love for each other grew strong During a stealthy undersea mineral operation on Earth the Grel discovered a spacecraft that belonged to a once very powerful alien race To keep peace the Grel reported their finding to their alliance partners The two academy students with their unique abilities were able to communicate with the alien craft And ultimately they used the alien spaceship in their missions to help resolve several galactic issues Combining high stakes political drama cutting edge science fiction and an emotional story of legacy and leadership this epic space saga launches a powerful new trilogy *Galactic Heritage Cards* Lyssa Royal Holt,2013-04-02 The Galactic Heritage Cards were first introduced in Japan where hundreds of Lyssa s students have since used them with profound results USING THE CARDS The overall concept of the cards is to explore the journey from unity to fragmentation polarity and back to reintegration Since each of us is part of the same one consciousness this is a holographic journey that unifies us all The card system uses the holographic concept that we are experiencing both unity and separation simultaneously The components of the cards explore this journey in a variety of ways including SPECIES or STAR SYSTEM Twenty one different species or star systems are

represented in the four suits or time streams of cards to symbolize the main archetypal groups who have influenced the development of our galactic family THEME Each card has a theme or lesson that is connected to the civilization it depicts Contemplative text and deeper commentary are presented for each card to help users understand how to apply this wisdom in their current lives ARTWORK The architect of these cards the multidimensional consciousness Germane channeled through Lyssa also assisted Hong Kong artist David Cow in the channeling of the images Contemplating the artwork allows more information and energy to be transmitted that goes beyond the text for each card The art works deeply with the subconscious and adds a powerful dimension to the user's inner work with the cards In addition to the individual card art an underlying image spans all the cards when they're laid out on a grid with 18 cards per row This image represents our journey back to integration and thus each card carries an embedded energy of unity even within the uniqueness and separate journey of each card When the final card was channeled the total number was 108 a sacred number in many traditions that reflects the idea of wholeness and completion GETTING STARTED In the accompanying booklet we offer more information the text and commentary for each card and several recommended spreads to help you get started
