Roger Caillois, 2003 A collection of newly translated writings by the French sociologist and surrealist *Surrealism and the Gothic* Neil Matheson, 2017-08-07 Surrealism and the Gothic is the first book length analysis of the role played by the gothic in both the initial emergence of surrealism and at key moments in its subsequent development as an art and literary movement The book argues the strong and sustained influence not only of the classic gothic novel itself Ann Radcliffe Charles Maturin Matthew Lewis etc but also the determinative impact of closely related phenomena as with the influence of mediumism alchemy and magic The book also traces the later development of the gothic novel as with Bram Stoker's Dracula and its mutation into such works of popular fiction as the Fant mas series of Marcel Allain and Pierre Souvestre enthusiastically taken up by writers such as Apollinaire and subsequently feeding into the development of surrealism More broadly the book considers a range of motifs strongly associated with gothic writing as with insanity incarceration and the accursed outsider explored in relation to the personal experience and electroshock treatment of Antonin Artaud A recurring motif of the analysis is that of the gothic castle developed in the writings of Andr Breton Artaud Sade Julien Gracq and other writers as well as in the work of visual artists such as Magritte

Consuming Surrealism in American Culture Sandra Zalman, 2017-07-05 Consuming Surrealism in American Culture Dissident Modernism argues that Surrealism worked as a powerful agitator to disrupt dominant ideas of modern art in the United States Unlike standard accounts that focus on Surrealism in the U S during the 1940s as a point of departure for the ascendance of the New York School this study contends that Surrealism has been integral to the development of American visual culture over the course of the twentieth century Through analysis of Surrealism in both the museum and the marketplace Sandra Zalman tackles Surrealism's multi faceted circulation as both elite and popular Zalman shows how the American encounter with Surrealism was shaped by Alfred Barr William Rubin and Rosalind Krauss as these influential

curators mobilized Surrealism to compose to concretize or to unseat narratives of modern art in the 1930s 1960s and 1980s alongside Surrealism's intersection with advertising Magic Realism Pop and the rise of contemporary photography As a popular avant garde Surrealism openly resisted art historical classification forcing the supposedly distinct spheres of modernism and mass culture into conversation and challenging theories of modern art in which it did not fit in large part because of its continued relevance to contemporary American culture **Anti-Ugly** Gavin Stamp,2013-12-01 Since 2004 Gavin Stamp one of Britain's most eminent and readable architectural historians has written a monthly column for Apollo the esteemed architecture and fine art magazine The subject is simply whatever in design or architecture happens to take his fancy It might be the splendid reopening of the magnificent Midland Grand Hotel at St Pancras Station or the dilapidation of a little known church in Eastbourne the much lamented demise of the original Routemaster bus or the colossal majesty of the airship sheds that housed the R 101 **Surrealism and the Art of Crime** Jonathan Paul Eburne,2008 Corpses mark surrealism's path through the twentieth century providing material evidence of the violence in modern life Though the shifting group of poets artists and critics who made up the surrealist movement were witness to total war revolutionary violence and mass killing it was the tawdry reality of everyday crime that fascinated them Jonathan P Eburne shows us how this focus reveals the relationship between aesthetics and politics in the thought and artwork of the surrealists and establishes their movement as a useful platform for addressing the contemporary problem of violence both individual and political In a book strikingly illustrated with surrealist artworks and their sometimes gruesome source material Eburne addresses key individual works by both better known surrealist writers and artists including Andr Breton Louis Aragon Aim C saire Jacques Lacan Georges Bataille Max Ernst and Salvador Dal and lesser known figures such as Ren Crevel Simone Breton Leonora Carrington Benjamin P ret and Jules Monnerot For Eburne the art of crime denotes an array of cultural production including sensationalist journalism detective mysteries police blotters crime scene photos and documents of medical and legal opinion as well as the roman noir in particular the first crime novel of the American Chester Himes The surrealists collected and scrutinized such materials using them as the inspiration for the outpouring of political tracts pamphlets and artworks through which they sought to expose the forms of violence perpetrated in the name of the state its courts and respectable bourgeois values Concluding with the surrealists quarrel with the existentialists and their bitter condemnation of France's anticolonial wars Surrealism and the Art of Crime establishes surrealism as a vital element in the intellectual political and artistic history of the twentieth century The traumatic surreal Patricia Allmer,2022-04-05 The traumatic surreal is the first major study to examine the ground breaking role played by Germanophone women artists working in surrealist traditions in responding to the traumatic events and legacies of the Second World War Analysing works in a variety of media by leading artists and writers the book redefines the post war trajectories of surrealism and recalibrates critical understandings of the movement's relations to historical trauma Chapters address artworks writings and
