Atlantis and the Coming Ice Age Frank Joseph,2015-03-16 Reveals the parallels between the rise and fall of Atlantis cultures in ancient Mesoamerica and our modern civilization Links the demise of Atlantis with the birth of the Olmec civilization in Mexico the beginning of the first Egyptian dynasty and the start of the Mayan Calendar Reveals the Atlantean and Mayan prophecy of an eternal cycle of global creation destruction and renewal and how we are headed into a destructive phase Shows how ancient prophecies correlate precisely with the latest climatology studies the rising incidence of solar flares and papers from Pentagon and NASA analysts With the passing of the Mayan Calendar s end date we can now focus on the true significance of what the Maya and their predecessors were trying to convey to future civilizations Frank Joseph reveals how the Mayan prophecy symbolized by their calendar was created through the combined genius of Atlantis and Lemuria and predicts an eternal cycle of global creation destruction and renewal He shows how this cycle correlates precisely with scientific studies on glacial ice cores and predictions from the Hopi the Incas and the Scandinavian Norse as well as the visions of Edgar Cayce He links the demise of Atlantis with the birth of the Olmec civilization in Mexico the progenitors of the Maya the beginning of the first Egyptian dynasty and the start of the Mayan Calendar Drawing on the latest climatology studies and papers from Pentagon and NASA analysts he reveals that we are on the brink of a destructive phase in the global cycle of change as predicted by the Atlanteans and the Maya The world s current political economic and cultural deterioration is paralleled by unprecedented storms and record temperatures massive solar flares tectonic disturbances and fissuring sea floors that could release dangerous reservoirs of methane gas

into the environment all of which signals we are headed into another ice age Despite the Atlanteans greater understanding of the cyclical nature of catastrophes and of the human role in them Joseph reveals the mistakes they made that played a crucial role in their civilization s destruction By recognizing the self destructive patterns of Atlantis in our own civilization we can learn from their mistakes to reestablish civilization s cosmic balance before time runs out *Acorns: Windows High-Tide Foghat* Joshua Morris,2013-01-23 *Acorns* delineates the future of humanity as a reunification of intellect with the Deep Self Having chosen to focus upon ego established securely by the time of Christ much more beta brain wave development will destroy our species and others which process has already begun We create our own realities through beliefs intents and desires and we were in and out of probabilities constantly Feelings follow beliefs not the other way around **2012** Daniel Pinchbeck,2007 Draws on cosmological phenomena of the modern world as well as the author s own research into shamanic and metaphysical belief systems to support the Mayan theory about an unprecedented global shift predicted for the year 2012 **The 2012 Collection** Daniel Pinchbeck,2012-02-21 Now in the years beyond 2012 discover the true meaning behind the hype that captivated the world It should be no surprise to us now but the pomp surrounding the coming of the year 2012 that grasped the human race s attention in those preceding years was not at all about the end of the world Instead much to the contrary Daniel Pinchbeck believes that the passing of the year 2012 marked the beginning of a global shift in consciousness where the human race would begin to see the world and existence on this planet through a different lens embracing fresh ideas about who we are and what it means to be human Discover the true wisdom behind the 2012 phenomenon with these two captivating works by one of the leading minds in the movement both in one place for the first time and at one low price 2012 *The Return of Quetzalcoatl* Cross James Merrill H P Lovecraft and Carlos Castaneda each imbued with a twenty first century aptitude for quantum theory and existential psychology and you get the voice of Daniel Pinchbeck And yet nothing quite prepares us for the lucidity rationale and informed audacity of this seeker skeptic and cartographer of hidden realms Throughout the 1990s Pinchbeck had been a member of New York s literary select He wrote for publications such as *The New York Times Magazine* *Esquire* and *Harper s Bazaar* His first book *Breaking Open the Head* was heralded as the most significant on psychedelic experimentation since the work of Terence McKenna But slowly something happened Rather than writing from a journalistic remove Pinchbeck his literary powers at their peak began to participate in the shamanic and metaphysical belief systems he was encountering As his psyche and body opened to new experience disparate threads and occurrences made sense like never before Humanity every sign pointed is precariously balanced between greater self potential and environmental disaster The Mayan calendar s end date of 2012 seems to define our present age It heralds the end of one way of existence and the return of another in which the serpent god Quetzalcoatl reigns anew bringing with him an unimaginably ancient yet to us wholly new way of living A result not just of study but also of participation 2012 tells the tale of a single man in whose trials we ultimately recognize our own hopes and anxieties about
