Politics in the Marketplace Katie Jarvis, 2018-12-18 One of the most dramatic images of the French Revolution is of Parisian market women sloshing through mud and dragging cannons as they marched on Versailles and returned with bread and the king These market women the Dames des Halles sold essential foodstuffs to the residents of the capital but equally important through their political and economic engagement held great revolutionary influence *Politics in the Marketplace* examines how the Dames des Halles invented notions of citizenship through everyday trade It innovatively interweaves the Dames political activism and economic practices to reveal how marketplace actors shaped the nature of nascent democracy and capitalism through daily commerce While haggling over price controls fair taxes and acceptable currency the Dames and their clients negotiated tenuous economic and social contracts in tandem remaking longstanding Old Regime practices In this environment the Dames conceptualized a type of economic citizenship in which individuals activities such as buying goods selling food or paying taxes positioned them within the body politic and enabled them to make claims on the state They insisted that their work as merchants served society and demanded that the state pass favorable regulations for them in return In addition they drew on their patriotic work as activists and their gendered work as republican mothers to compel the state to provide practical currency and assist indigent families Thus their notion of citizenship portrayed useful work rather than gender as the cornerstone of civic legitimacy In this original work Katie Jarvis challenges the interpretation that the Revolution launched an inherently masculine trajectory for citizenship and reexamines work gender and citizenship at the cusp of modern democracy

Focus On: 100 Most Popular South Korean Idols Wikipedia contributors, **FCC Record** United States. Federal Communications Commission, 2003 *Taiwan Straits Standoff* Bruce A. Elleman, 2021-08-10 Following the Nationalist defeat on the mainland in 1949 Chiang Kai shek and his followers retreated to Taiwan forming the Republic of China (ROC). Tensions with the People's Republic of China (PRC) focused on control over a number of offshore islands especially Quemoy, Jinmen and Matsu. Twice in the 1950s tensions peaked during the first 1954-55 and second 1958 Taiwan Strait crises. This small body of water often compared to the English Channel separates the PRC and Taiwan and has been the location for periodic military tensions, some threatening to end in war. Today relations between the ROC and PRC depend on quelling tensions over the Taiwan Strait. This work provides a short but highly relevant history of the Taiwan Strait and its significance today. *Imposing, Maintaining, and Tearing Open the Iron Curtain* Mark Kramer, Vít Smetana, 2013-11-22 The Cold War began in Europe in the mid 1940s and ended there in 1989. Notions of a global Cold War are useful in describing the wide impact and scope of the East-West divide after World War II but first and foremost the Cold War was about the standoff in Europe. The Soviet Union established a sphere of influence in Eastern Europe in the mid 1940s that later became institutionalized in the Warsaw Pact, an organization that was offset by the North Atlantic Treaty Organization (NATO) led by the United States. The fundamental division of Europe persisted for forty years, coming to an end only when Soviet hegemony in Eastern Europe dissolved. *Imposing, Maintaining, and Tearing Open the Iron Curtain: The Cold War and East Central Europe 1945-1989* edited by Mark Kramer and Vít Smetana consists of cutting edge essays by distinguished experts who discuss the Cold War in Europe from beginning to end with a particular focus on the countries that were behind the iron curtain. The contributors take account of structural conditions that helped generate the Cold War schism in Europe but they also ascribe agency to local actors as well as to the superpowers. The chapters dealing with the end of the Cold War in Europe explain not only why it ended but also why the events leading to that outcome occurred almost entirely peacefully. **Secrets of September**, Stalin's Great Game Michael Jabara
