for AIDS is incarcerated without explanation Valuable artifacts are mysteriously misplaced by a prominent archaeological institution Three celebrated astronauts perish in a suspicious fire after voicing their criticism of the US space program Yet our world's most powerful agencies hastily dispel these alarming reports as conspiracy theories and bury them in padlocked archives The fact is that a suppression syndrome exists in our society Suppressed Inventions and Other Discoveries exposes the startling degree of truth behind the rumors Jonathan Eisen has collected over forty intriguing stories of scientific cover ups and programs of misinformation concocted to conceal some of the most phenomenal innovations in mankind's history These no holds barred accounts force us to confront the naiveté and danger of trusting our academic and political leaders to act always for the common good Suppressed Inventions and Other Discoveries presents documented evidence that corporate self interest scientific arrogance and political savvy have contrived to keep us in the dark about technological breakthroughs or interplanetary contact that may shift the current balance of power Prepare yourself for a revealing look at the research and development to which we've been denied access Suppressed Inventions and Other Discoveries begins by examining the ties that bind the medical establishment to powerful pharmaceutical corporations Then it details the struggle of the independent research against Orthodox Science and its code of conduct the Scientific Method Next the book investigates the cover up of information concerning UFOs and extraterrestrial life that's certain to make you reconsider what you thought was science fiction The final section discusses just a few of the numerous alternate energy resources and fuel savers that if put on the market today would soon run the fossil fuel monopolies out of business

The Secret Influence of the Moon

Louis Proud, 2013-12-01 The Moon is not a cold dead rock but a rich fascinating world just as alive as Earth Investigates the Moon as the home of an alien intelligence who controls humanity Examines several of NASA's Apollo missions and the findings they concealed Reveals the many holes in the Giant Impact theory about the Moon's origins and the evidence for a hollow artificial Moon Explores the deep influence of the Moon on the collective mind of humanity and occult teachings about the Moon from the Qabalah tarot and other sources Despite being the most prominent celestial body after the Sun the Moon has many qualities that science has yet to explain Lunar rock samples reveal the Moon once had a magnetic field like the Earth and seismic experiments by NASA suggest the Moon is at least partially hollow For centuries people have observed lights moving clouds and shadows and even the disappearance of entire craters via telescope Apollo astronauts repeatedly felt the presence of a non human intelligence during their Moon visits and many indigenous traditions speak of malevolent visitors from the Moon A growing body of astrophysical and geological evidence shows the Moon is not an entirely natural world that someone or something altered it long ago Louis Proud explores the phases and movements of the Moon along with its ancient and mysterious features its craters maria rilles tunnels and domes He examines several of NASA's Apollo missions showing not that NASA faked the Moon expeditions but that they concealed what the astronauts found there He explains the many holes in the commonly accepted Giant Impact theory of the Moon's origins and reveals the evidence for a hollow

artificial Moon placed in orbit eons ago to observe Earth Examining the deep influence of the Moon on the collective mind of humanity Proud looks at what the Qabalah the tarot and other occult traditions say about the Moon and interprets G I Gurdjieff's teachings that we are food for the Moon He investigates the Moon as a gateway to another realm as the Purgatory of Christianity and as the home of an alien intelligence who controls and exploits humanity Examining the Moon from both scientific and esoteric perspectives Proud shows the Moon is not a cold dead rock but a rich fascinating world just as alive as Earth

The Encyclopedia of Moon Mysteries Constance Victoria Briggs, 2019-03-19 Our moon is an enigma The ancients viewed it as a light to guide them in the darkness and a god to be worshipped In modern times it has been taught that the Moon is simply a dead rock that is caught in Earth s gravity with no activity As a researcher of metaphysical paranormal and cosmic subjects I have come across stories and information about the Moon that tell us that indeed there is activity there and there has been for generations Just who or what is causing the commotion is a mystery There are stories that suggest that the Moon is home to extraterrestrials theories that it is not a natural satellite tales of anomalous lights and tales that NASA astronauts saw extraterrestrial ships and ruins of an ancient civilization there There is a rumor that Apollo 13 was saved by extraterrestrials Another story states that there are extraterrestrial bases on the Moon There is even a tale that states that a part of the kingdom of Atlantis was once located there Some even believe that there are cities beneath the surface of the Moon There is an interesting account of a government employee using remote viewing as a means of seeing what is on the Moon His experience is eye opening This is just a sample of the information that will be in **The Encyclopedia of Moon Mysteries** Secrets Conspiracy Theories Anomalies Extraterrestrials and More For example did you know that Aristotle and Plato wrote about a time when there was no Moon They even gave a name of an ancient tribe of people that lived during that moonless period several of the NASA astronauts reported seeing UFOs while traveling to the Moon the Moon might be hollow Apollo 10 astronauts heard strange space music when traveling on the far side of the Moon strange and unexplained lights have been seen on the Moon for centuries there are said to be ruins of structures on the Moon there is an ancient tale that suggests that the first human was created on the Moon that radio signals have been detected coming from the Moon that famed astronomer Sir John Herschel saw unidentified lights above the Moon during an eclipse that ancient Bolivian symbols tell us that the Moon came into Earth s orbit around 12 000 years ago a psychic was used by the government to relay information about the Moon The book is separated into A to Z sections for easy reference and reading
