Singapore retrospect through postcards, 1900-1930, 1982 *Ah Ku and Karayuki-san* James Francis Warren, 2003

Among the groups of workers whose labour built Singapore in the 20th century were women who travelled from China and Japan to work in Singapore as prostitutes This study explores the trade in women and children in Asia and looks at the daily lives of prostitutes in the colonial city Postcolonial Urbanism Ryan Bishop, John Phillips, Wei Wei Yeo, 2013-01-11 A common assumption about cities throughout the world is that they are essentially an elaboration of the Euro American model Postcolonial Urbanism demonstrates the narrowness of this vision Cities in the postcolonial world the book shows are producing novel forms of urbanism not reducible to Western urbanism Despite being heavily colonized in the past Southeast Asia has been largely ignored in discussions about postcolonial theory and in general considerations of global urbanism An international cast of contributors focuses on the heavily urbanized world region of Southeast Asia to investigate the novel forms of urbanism germinating in postcolonial settings such as Indonesia Thailand Singapore Hanoi and the Philippines Offering a mix of theoretical perspectives and empirical accounts Postcolonial Urbanism presents a panoramic view of the cultures societies and politics of the postcolonial city Singapore River Stephen Dobbs, 2013-11-11 For most of its modern history to speak of Singapore was to speak of the Singapore River physical centre of the city and site of the greater part of the colony's entrepot trade The river has been transformed over the last 25 years from a polluted industrial sewer choked with traffic to a clean placid waterway that forms the centrepiece of Singapore's financial civic and entertainment districts This transformation symbolizes the city state's efforts to remake itself for the 21st century Stephen Dobbs sets out the history of this waterway and of the people who made it their home and workplace He describes the tidal swamp in the early days of the British settlement where merchants ignored Raffles much vaunted city plan and built their businesses on the limited high ground along the marshy riverbanks Later even as the long distance shipping moved to new port facilities elsewhere on the island the river remained the base for a large regional trade and boatmen and businessmen struggled to cope with silting over crowding and bridges that were too low to be passed at high tide Looking at the post war years Dobbs zeros in on the boatmen who carried goods between the godownse or warehouses along the river and the freighters lying at anchor in the roads Despite its pollution the river remained home to a vital community of coolies and tally clerks and the tumultuous urban life that swirled around them Today the waterfront community has been relocated The shophouses and warehouses along the river are now chic cafes and upmarket restaurants fish have returned to the Singapore River and urban dwellers stroll on walks along the river's edge Blending social history geography economic history and urban studies this book will be of interest to anyone wishing to understand Singapore's many transformations during the past two centuries

Singapore Jin Seng Cheah, 2006 Presenting for the first time through the illustrations of 500 postcards from the author's private collection this book offers a rare and comprehensive glimpse into the changing landscapes and lifestyles of Singapore

s past right up to the Second World War. **Rickshaw Coolie** James Francis Warren, 2003 Between 1880 and 1930 colonial Singapore attracted tens of thousands of Chinese immigrant laborers brought to serve its rapidly growing economy. This book chronicles the vast movement of coolies between China and the Nanyang and their efforts to survive in colonial Singapore. Focusing in on one particular occupation of rickshaw coolie, this study unveils the devastating poverty of the Chinese sojourner in the colonial city, the disjunctions between colonial order and the reality of life on the streets. Drawing on a broad range of sources including Coroner's records overlooked for many years and making use of the technique of collective biography, this book brings to life the texture of experience, the ironies and often the despair of the laborers of urban Singapore. In the years since its original publication in 1986, *Rickshaw Coolie* has become an inspiration to those seeking to come to grips with Singapore's past. *50 Records from History* Abigail Huang, National Archives (Singapore), 2019
