How to Know Higher Worlds Rudolf Steiner,1994 This is the classic account of the modern Western esoteric path of initiation made public by Steiner in 1904 He begins with the premise that the capacities by which we can gain insights into the higher worlds lie dormant within each one of us Steiner carefully and precisely leads the reader from the cultivation of the fundamental soul attitudes of reverence and inner tranquility to the development of inner life through the stages of preparation illumination and initiation Steiner provides practical exercises of inner and outer observation and moral development By patiently and persistently following his guidelines new organs of soul and spirit begin to form which reveal the contours of

the higher worlds thus far concealed from us Steiner in this important work becomes a teacher a counselor and a friend whose advice is practical clear and effective The challenges we face in life require increasingly deeper levels of understanding and Steiner s text helps readers to cultivate the capacities for such insights and places them at the service of humanity This is Steiner s most essential guide to the modern path of initiation he advocated throughout his life It has been translated into many languages and has inspired hundreds of thousands of readers around the world How to Know Higher Worlds has been admired by some of the most brilliant minds of our time Contents Foreword by Arthur Zajonc Prefaces by Rudolf Steiner How to Know Higher Worlds The Stages of Initiation Initiation Practical Considerations Requirements for Esoteric Training Some Effects of Initiation Changes in the Dream Life of the Esoteric Student Achieving Continuity of Consciousness The Splitting of the Personality in Esoteric Training The Guardian of the Threshold Life and Death The Great Guardian of the Threshold Epilogue 1918 Afterword by Arthur Zajonc Index A true classic of spiritual literature It is one of the best ways I know for opening up one s life to the spiritual realms in a manner that is balanced integrated and loving It is the product of a great soul who pointed out new routes into the interior David Spangler author of Blessing The Art and the Practice It is not only a personal guide to the spirit but also a path through self knowledge to compassionate action in the world Arthur Zajonc author of Catching the Light The Entwined History of Light and Mind *My Doughty Wife* Ai Henfeifei,2019-12-30 Lin Xiaochen actually managed to catch up to a trend she crossed it Fortunately he was not a pushover Xiao Mianyang However now that he had just met two of their opponents Lin Xiaochen felt that he would never be able to escape from their grasp in this lifetime He Yun Zixi shouldn t have married Lin Xiaochen into the Duke s Palace This beautiful lady was actually a wolf and her stature was so tall and sturdy like he was nothing but Xiao Mianyang in front of her This Hong Tai Lang even brought his own children and ran amok in the martial arts world A Shuang Er girl whom he had not seen for many years could only hold her forehead and sigh Nature Spirits Rudolf Steiner,2013-04-17 Based on knowledge attained through his highly trained clairvoyance Rudolf Steiner contends that folk traditions regarding nature spirits are based on spiritual reality He describes how people possessed a natural spiritual vision in ancient times enabling them to commune with nature spirits These entities which are also referred to as elemental beings became immortalised as fairies and gnomes in myth legend and children s stories Today says Steiner the instinctive understanding that humanity once had for these elemental beings should be transformed into clear scientific knowledge He even asserts that humanity will not be able to reconnect with the spiritual world if it cannot develop a new relationship to the elementals The nature spirits themselves want to be of great assistance to us acting as emissaries of higher divine spiritual beings
