Library Catalog of the Metropolitan Museum of Art, New York Metropolitan Museum of Art (New York, N.Y.). Library, 1987 **Art and Architecture in France, 1500-1700** Anthony Blunt, Richard Beresford, 1999-01-01 The sixteenth and seventeenth centuries in France were an epoch of spectacular artistic activity exemplified by the chateaux of the Loire valley the palace of Versailles the paintings of Poussin and Claude and the sculpture of Coysevox which echo the political and cultural importance of France and the Sun King Anthony Blunt presents major artists and their principal works chronologically provides an overview of the main projects of the period and of the artistic personalities behind them and clearly sets the historical context This new edition of one of the classics of the Pelican History of Art series has been revised and updated with color illustrations and a new bibliography **The Learned Draftsman** Édouard Kopp, 2017-01-10 The celebrated French artist Edme Bouchardon 1698 1762 is primarily known as a sculptor today but his contemporaries widely lauded him as a draftsman as well Talented highly innovative and deeply invested in the medium Bouchardon made an important contribution to the European art and culture of his time and in particular to the history of drawing Around two thousand of his drawings survive most of which bear no relation conceptual or practical to his sculpture yet remarkably little scholarly attention has been paid to this aspect of his oeuvre This is the first book length work devoted to the artist s draftsmanship since 1910 Ambitious in scope this volume offers a compelling narrative that effectively covers four decades of Bouchardon s activity as a draftsman from his departure for Rome in 1723 as an aspiring student to his death in Paris in 1762 by which time he was one of the most renowned artists in Europe His accomplished and dynamic style is analyzed and copiously illustrated in a series of five interrelated chapters that serve as case studies each of which focuses on a coherent group of drawings from a particular period of Bouchardon s career **French Drawings, XVI-XIX Centuries** Gillian Kennedy, Anne Thackray, Courtauld Institute Galleries, 1991 French Drawings XVI XIX Centuries is a fully illustrated catalogue of fifty French drawings from the sixteenth to the early nineteenth centuries drawn from the Witt collection at the Courtauld Institute Galleries Instead of a conventional concentration on a particular school chronological period or type of subject matter the keynote of the collection is variety variety of function style and technique The selection of works in this book is intended to reflect that variety and to highlight the remarkable richness of three centuries of French drawings **Bibliographic Guide to Art and Architecture** New York Public Library. Art and Architecture Division, 1990 **Mastery & elegance** Alvin L. Clark, 1998 Mastery Elegance Two Centuries of French Drawings from the Collection of Jeffrey E Horvitz is the catalogue of an exhibition that presents for the first time a selection from the most comprehensive private American collection of French old master drawings The catalogue features 115 drawings by seventy artists which range in date from the beginning of the seventeenth century to the early years of the nineteenth *Louis de Boullogne, 1654-1733*, 1986 **Art for the Nation** National Gallery of Art (U.S.), 1991 Art for the Nation celebrates the 50th

anniversary of the opening of the National Gallery of Art on March 17 1941 That event was the culmination of many years effort by Andrew W Mellon to establish an art museum of the highest possible quality in the nation s capital The gift of his superlative collection of paintings and sculptures as well as the original Gallery building and endowments were quickly followed by major donations from other collectors This catalog examines the new donations of works of art made in celebration of the Gallery s 50th anniversary to enhance the permanent collection More than 150 benefactors are represented here by more than 300 works of art
