Packard, 1999-12-23 The story of five women who shared one of the most extraordinary and privileged sisterhoods of all time Vicky Alice Helena and Beatrice were historically unique sisters born to a sovereign who ruled over a quarter of the earth's people and who gave her name to an era Queen Victoria Two of these princesses would themselves produce children of immense consequence All five would curiously come to share many of the social restrictions and familial machinations borne by nineteenth century women of less exalted class Victoria and Albert's precocious firstborn child Vicky wed a Prussian prince in a political match her high minded father hoped would bring about a more liberal Anglo German order That vision met with disaster when Vicky's son Wilhelm to be known as Kaiser Wilhelm turned against both England and his mother keeping her out of the public eye for the rest of her life Gentle quiet Alice had a happier marriage one that produced Alexandra later to become Tsarina of Russia and yet another Victoria whose union with a Battenberg prince was to found the present Mountbatten clan However she suffered from melancholia and died at age thirty five of what appears to have been a deliberate grief fueled exposure to the diphtheria germs that had carried away her youngest daughter Middle child Helena struggled against obesity and drug addiction but was to have lasting effect as Albert's literary executor By contrast her glittering and at times scandalous sister Louise the most beautiful of the five siblings escaped the claustrophobic stodginess of the European royal courts by marrying a handsome Scottish commoner who became governor general of Canada and eventually settled into artistic salon life as a respected sculptor And as the baby of the royal brood of nine rebelling only briefly to forge a short lived marriage Beatrice lived under the thumb of her mother as a kind of personal secretary until the queen's death Principally researched at the houses and palaces of its five subjects in

London Scotland Berlin Darmstadt and Ottawa and entertainingly written by an experienced biographer whose last book concerned Victoria's final days Victoria's Daughters closely examines a generation of royal women who were dominated by their mother married off as much for political advantage as for love and finally passed over entirely with the accession of their only brother Bertie to the throne Packard provides valuable insights into their complex oft tragic lives as daughters of their time

The Royal Navy, China Station: 1864 - 1941 Jonathan Parkinson, 2018-02-20 A definitive history of the Royal Navy's China Station In the The Navy List for April 1864 the China Station was first shown as a separate Royal Navy Station It remained as such until the outbreak of the Pacific War in December 1941 which was to signal the end of that era In addition to a precis of the lives and naval careers of each of the Commanders in Chief of the China Station this volume also gives relevant information outlining something of the concurrent internal affairs of China and Japan Both are very different but sad tales the former in decline towards the end of the Manchu Ching dynasty and then into the chaotic 1920's and 1930's and the latter increasingly adopting a militaristic attitude which was to result in their disaster of the Pacific War of 1941-1945 As a reminder of these days long gone are interwoven brief references to the British Consular Service This is especially relevant for China and for a shorter period for Japan during that era of extraterritoriality Mention is also made of the British Colonial Service with whom necessarily the Navy worked very closely In addition being one important reason for it all frequent references are made to a few British shipping and trading interests together with those of some other nations All of these areas are linked together to give a definitive history of this very important Royal Navy Station
