Love In A Dark Time And Other Explorations Of Gay Lives And Literature:

Love in a Dark Time Colm Tóibín, 2002 An award winning writer examines the life and work of some of the greatest authors of the past two centuries figures whose homosexuality remained hidden or oblique for much of their lives Toibin looks both at writers forced to disguise their true experience on the page and at readers who find solace and sexual identity by reading between the lines

Love in a Dark Time Colm Toibin, 2002-10-24 In *Love in a Dark Time* Colm T ib n appraises the life and work of nine highly influential writers and artists of the 19th and 20th centuries These were figures for whom being gay seemed to come second in their public lives either by choice or by necessity but in their private lives in their own spirit the laws of desire changed everything From Oscar Wilde born in the 1850s to Pedro Almodovar born a hundred years later this book studies how a changing world altered gay lives in ways both subtle and profound T ib n is drawn with sympathetic fascination to each of his subjects to Elizabeth Bishop and her artistic triumph over her demons to James Baldwin whose own agent advised him to burn the manuscript for Giovanni s Room to Francis Bacon for his refusal to play the role of the tragic queer to unlovable Thomas Mann victim of his biographers Colm T ib n interweaves close reading of the artist s work with detailed analysis of the personality behind it to illuminating effect

Dialogue and Deviance R. Sturges, 2005-03-01 This book traces the historical relationship between male male erotic desire and the genre of literary or philosophical dialogue It describes three literary philosophical traditions each of which originates in a different Platonic dialogue whose subsequent influence can be traced first through the Roman and medieval periods second through the Renaissance and Enlightenment periods and finally through the modern and postmodern periods Sturges demonstrates that various forms of erotic deviance have been differently valued in these different periods and cultures and that dialogue has consistently proven to be the genre of choice for expressing these changing values This study provides a valuable historical perspective on current debates over the place of homosexuality in modern Western culture

space for LGBT or queer people The concept of space is thus important both symbolically and physically for lesbian literature In asking if Irish women writers have moved out of the shadows so to speak what space is open to the Irish lesbian author How is spatiality reflected in lesbian representation throughout Irish literary history *Space and Irish Lesbian Fiction* examines a diverse range of writers from the nineteenth century to the contemporary age evaluating the contributions of largely unknown authors who have been overlooked alongside more established voices within Irish literature The concept of liminality that this volume takes as its theme and focus engage with notions of intersectionality thresholds crossings and transitions In suggesting the overlap between the indeterminate threshold of the liminal space and its ambiguously queer potentiality to examine the dynamics of space and its relationship to lesbianism this ground breaking project both locates and charts spaces of queer liminality in Irish lesbian fiction *Thinking About Love* Diane Enns, Antonio Calcagno, 2015-11-10 Does love command an ineffability that remains inaccessible to the philosopher *Thinking About Love* considers the nature and experience of love through the writing of well known Continental philosophers such as Hannah Arendt Simone de Beauvoir Jacques Derrida and Maurice Merleau Ponty Evolving forms of social organization rapid developments in the field of psychology and novel variations on relationships demand new approaches to and ways of talking about love Rather than offering prescriptive claims this volume explores how one might think about the concept philosophically without attempting to resolve or alleviate its ambiguities paradoxes and limitations The essays focus on the contradictions and limits of love manifested in such phenomena as trust abuse grief death violence politics and desire An erudite examination of the many facets of love this book fills a lacuna in the philosophy of this richly complicated topic Along with the editors the contributors are Sophie Bourgault John Caruana Christina M Gschwandtner Marguerite La Caze Alphonso Lingis Christian Lotz Todd May Dawne McCance Dorothea Olkowski Felix Murchadha Fiona Utley and M lanie Walton *Chances Are* Valerie Rohy, 2019-10-11 This innovative work makes use of psychoanalytic queer and narrative theories to read nineteenth and twentieth century American literature and demonstrate how the concept of contingency whether chance accident luck or mutation enriches our understanding of how queer sexualities are articulated Perhaps love always carries an element of contingency our attraction to a particular person can be arbitrary and inexplicable and a sense of necessity we find that we cannot imagine life without them But contingency and chance mean something different for queer subjects In a heteronormative culture heterosexuality claims to be necessary it must be whereas homosexuality not only could be otherwise but perhaps it should be otherwise and probably it should not be at all This book outlines why and how issues of chance and contingency should matter to queer theory and queer literary studies Combining psychoanalytic queer and narrative theories *Chances Are* considers nineteenth and twentieth century American literary texts that formally or thematically involve contingencies of their own including narrative coincidences and accidents the role of luck in notions of race and class and efforts to imagine queer hermeneutic methods that make space for contingency Literary texts include
