Love In The Future:

Love for the Future David Osborne, 2013-06-14 Climate change pollution and diminishing resources mean that the future will be difficult for life on earth We need the courage to face up to what is happening the determination to work at the problems and the freedom to let go of the old ways of living which are causing such damage to the earth David Osborne tells of a long pilgrimage on foot to the island of Iona an ancient centre of Celtic Christianity and draws on the Bible the Christian tradition and other sources of wisdom to suggest the qualities we need to develop in ourselves for the journey we face into the future

How to Fall in Love with the Future Rob Hopkins, 2025-06-17 There are an infinite number of possible futures that lie ahead of us like threads stretching out into the distance Rob Hopkins cofounder of the international Transition Network movement invites us to travel to future worlds we would actually want to live in In 2020 when the COVID 19 pandemic disrupted every aspect of daily life climate activist and Transition Network cofounder Rob Hopkins responded the way a lot of people did by starting a podcast But it wasn't any ordinary podcast In each episode Hopkins and his guests would time travel together to the year 2030 walking down imagined future streets talking with imagined future neighbors visiting imagined future local businesses While Hopkins's guests came from all walks of life economists politicians bakers comedians novelists and more they all shared a willingness to suspend their worries about the future long enough to mentally inhabit and then describe a world they were thrilled to be a part of What Hopkins discovered was no less profound this simple exercise of visiting a positive future forced him to rethink the work he'd been doing as a climate activist for decades How to Fall in Love with the Future is the result of that radical disruption and Hopkins's deep dive into the people and movements throughout history who have used visions of the future to inspire positive change on a large and dramatic scale From the life and writings of musician Sun Ra and the history of Black utopian movements to the latest neuroscience on what goes on in our minds and hearts when we time travel Hopkins brings essential new thinking to anyone overwhelmed with dread and anxiety for the future He asks us to consider what would the world look like if we all got to work imagining and then building a world we were deeply in love with Rob Hopkins puts imagination back at the heart of future dreaming offering us an irresistible invitation to dream

bigger and then make those dreams a reality Kate Raworth author of Doughnut Economics *Philosophy of Love in the Past, Present, and Future* André Grahle, Natasha McKeever, Joe Saunders, 2022-01-25 This volume features original essays on the philosophy of love The essays are organized thematically around the past present and future of philosophical thinking about love In Part I the contributors explore what we can learn from the history of philosophical thinking about love The chapters cover Ancient Greek thinkers namely Plato and Aristotle as well as Kierkegaard's critique of preferential love and Erich Fromm's mystic interpretation of sexual relations Part II covers current conceptions and practices of love These chapters explore how love changes over time the process of falling in love the erotic dimension of romantic love and a new interpretation of grand parental love Finally Part III looks at the future of love These chapters address technological developments related to love such as algorithm driven dating apps and robotic companions as well as the potential of polyamory as a future romantic ideal This book will be of interest to researchers and advanced students in moral philosophy and social and political philosophy who are working on issues related to the philosophy of love **The Future of Love** Daphne Rose Kingma, 2010-04-21 The future of relationships is moving us toward the vaulting awareness of who we really are as human beings something we have managed to avoid for a very long time by being so thoroughly committed to convention This is the future of love vast love love beyond boundaries love without preconceptions and judgments love without outdated myths love which can actually be experienced At a time when over half of all marriages are ending in divorce Daphne Rose Kingma a well known therapist and relationship expert has recognized that our familiar ways of thinking about relationships are no longer working I have written this book because it is clear that many of our previous assumptions about relationships need to be dismantled writes Kingma As we go through this process we will discover a number of new ideas that our relationships can have different forms than we ever imagined that they will serve different purposes that they will require different offerings from us They will also bring us new gifts We are in the midst of a sea change in which not only are many traditional relationships failing but unexpected new arrangements are beginning to appear gay marriages are surfacing step families abound and many people are consciously choosing to live alone As Kingma explains these transformations should not be feared instead they represent a real opportunity In the past conventional relationships were often destroyed by an overemphasis on the nuts and bolts of psychology on working to achieve the unattainable perfect relationship while ignoring our most vital selves our souls The glorious message of *The Future of Love* is that the disturbing changes we are all experiencing are actually part of the soul's plan as it breaks down outdated conventions to bring us a new fuller understanding of love **Love Yesterday, Today and Future Tomorrows** Torion Kent, 2013-07-18 Inspired to Love We are all born to love As we go through life we sometimes lose sight of how much love is in us and around us always every day We sometimes need to be reminded of its presence in all that was all that is and all that is yet to be Then there are other times when we just need additional confirmation *Love Yesterday Today and Future Tomorrows Inspiration Through Notes Music*
