

A Walk with You

By 365poetry.com

I use to call you my knight in shining armor,
For you have rescued my weeping heart in bitter fervor,
My hero in the darkest hours of my loneliness,
And broke the shackles of my melancholic distress.

I've been walking this road for several years,
Passed the curves in the shadow of my fears,
Then you held my hand as I took a step,
And together we danced for a blissful leap.

You held me in your arms like there's no tomorrow,
Your smiles have been the antidote of my sorrows,
No longer afraid to surpass a crossroad's uncertainties,
You taught me to drop off my insecurities.

There must've been someone else better for you,
But you define "ME" as the best one for "You",
No longer "I" but "We" is the promise we formulated,
A perpetual journey together is what we have created.

I look behind not with bitter regrets,
For my feet landed me to your memoirs I dare not forget,
We have reached this point with this love so true,
I'd be glad to walk an extra mile with you.

Wolves Eat Deer Philip Jarrett,2008-11-13 These poems were written over the course of a year I met Megan in August and we fell in love emphasis on the word fell as in losing all sense of balance and toppling head over ass But I was going through a divorce and missed my kids sorely so I broke up with her in the fall I spent the winter of my discontent in a holler in Boone County If you have to be depressed and lonely there is no more suitable place When I finally realized there would be no reconciliation with my ex or reunion with my children I much to my shame but nonetheless heaved a sigh of relief I went back to Megan with a surety in my heart and mind that she was the one I wanted to marry and grow old with Alas my Deer was seeing someone else by then The Wolf And I a grumbling old Bear had to woo her away from him Or as the rather odd title for a book of love poems has it to remind her that Wolves Eat Deer

Horace R. O. A. M. Lyne,1995-01-01 This fascinating study of one of the greatest poets of the Augustan Age sheds new light on Horace s works by the way it combines literary analysis with investigation into the poet s social and political circumstances Lyne s personal and historical approach focuses on the poet s relations with his patron Maecenas with the Emperor Augustus and with other grandees Closely analyzing poems from Satires Odes and Epistles Lyne reveals not only the magnificence of Horace s public literature but the private man behind it He shows how Horace neatly balanced deference with the careful assertion of his own social and political standing According to Lyne Horace was a master of private insinuation as well as a skilled maker of public poetry He was also a master in the art of ordering his works exactly where a poem occurs is often of the subtlest importance Lyne also examines the resumption of the great political lyric in the Odes of Book 4 set aside in 23 B C and contends that beneath the public face Horace here exhibited resentment recording views that undermined earlier patriotic statements

prevailing ideologies *Love Poems of Elizabeth Sargent* Elizabeth Sargent, 1966 George Santayana John Rodden, 2017-07-12

From the late nineteenth century to the middle of the twentieth George Santayana was a highly esteemed and widely read writer of philosophy poetry essays memoirs and even a best selling novel *The Last Puritan*. After a period of relative neglect interest in his work has revived. A complete edited edition of his works is in progress and he has become the object of renewed scholarly activity. Contributing significantly to the renewal was John McCormick's 1987 biography the first full scale volume to treat an elusive figure's life and thought in the detail they deserve. Santayana's life was rich in its interior and outer associations. There was his birth and early childhood in Spain followed by a move to Boston where he came under the influence of William James at Harvard. This led to his career at Harvard as a professor where Wallace Stevens Robert Frost Conrad Aiken Franklin D Roosevelt and Walter Lippmann were among his devoted students. We see Santayana in correspondence and conversation with Bertrand Russell G E Moore Ezra Pound and Robert Lowell. Predominant in Santayana's life was his philosophical work. Hostile to the dominant empiricism of Anglo American philosophy he left the academy and remained detached from both the political and ideological movements of early decades of the twentieth century. McCormick relates his skepticism and materialism to a form of idealism deriving from his classical education in Plato and Aristotle together with his readings in Descartes and Spinoza. He presents Santayana as a supreme stylist in English who lived a long life always consistent with his stoic epicureanism.
