Love Sex Death And The Meaning Of Life:

Love, Sex, Death, and the Meaning of Life Foster Hirsch, 1981 Love, Sex, Death, and the Meaning of Life Foster Hirsch, 2001 *The Films of Woody Allen* Charles L. P. Silet, 2006

From *What's Up Tiger Lily* to *Match Point* Woody Allen's work has generated substantial interest among scholars and professionals who have written extensively about the director. In *The Films of Woody Allen: Critical Essays* Charles L. P. Silet brings together two dozen scholarly articles that address the core of Allen's work from a variety of cultural and theoretical perspectives. With a special emphasis on his films of the 1980s, this collection includes both general essays that examine various themes and issues encompassed in Allen's repertoire as well as discussions that focus on one or two specific films. General essays explore Allen's Jewish background as a religious and cultural facet, his apparent love affair with New York City, and his relation to various strains of humor, particularly American film humor, but also Allen's broad use of such traditional comic tropes as irony and parody. The essays on individual films include examinations of some of Allen's most significant work, including *Love and Death*, *Annie Hall*, *Interiors*, *Crimes and Misdemeanors*, *Hannah and Her Sisters*, *Manhattan*, and *Shadows and Fog*. A number of the articles collected here were originally published in now hard-to-locate places, while others were selected from journals not usually associated with film studies. The result is an anthology of essays that presents an overview of the central issues raised by Allen's body of work as well as a close examination of fourteen individual films that convey these larger themes. A wide-ranging exploration of one of America's most innovative and productive modern directors, this book should appeal to both professionals and students of contemporary film comedy.

Love, Sex, and the Human Condition Lex Crane, 2007

A handbook on passionate living for rational folk, *Love, Sex, and the Human Condition* cuts through our media fog of information about living the good life and serves up practical wisdom for people who like being fully alive without slogans, sentimentality, or empty promises. So much of what keeps us from being who we might become has been laid on us by outside forces: incessant advertising, early childhood experience, the expectations of other people, inherited cultural and religious baggage. These, with our fierce drives for love, sex, and power, really enslave us. LSHC guides the reader through the maze of influences on our lives to a freedom rarely enjoyed these days. LSHC examines both the bright and dark sides of existence. Exploring both life and death and the creative and destructive aspects of human nature, the book shows how our drives for sex and power can work for us and those around us when tempered with love, reason, and liberated decision making. In provocative chapters like *Learning to Be Free*, *Living Deliberately*, *Love, Power, and Happiness*, *Youth, Time, and Aging*, *Changing Ourselves*, *Deliberately*, Crane describes what people fully alive really do to stay ahead of that sense of quiet desperation stalking us. A penetrating account of the current human condition and what it takes to be fully alive and engaged even in the face of today's overwhelming demands. The writing style is relaxed, witty, warm, and personal; the thinking fresh and profound. Crane is a teacher of essential wisdom, a real teacher, not a promoter of wishful or

magical thinking superstition or fundamentalism Here you ll find just clear thinking and a loving push in the direction of intentional living an exciting endorsement of reason and love as our best guides to being fully alive

Woody on Rye Vincent Brook, Marat Grinberg, 2013-12-03 Although Woody Allen's films have received extensive attention from scholars and critics, no book has focused exclusively on Jewishness in his work, particularly that of the late 1990s and beyond. In this anthology, a distinguished group of contributors whose work is richly contextualized in the fields of literature, philosophy, film, theater, and comedy examine the schlemiel Allen and women, the Jewish take on the morality of murder, Allen's take on Hebrew scripture and Greek tragedy, his stage work, his cinematic treatment of food and dining, and what happens to New York when Woody takes his films out of New York City. Considered together, these essays delineate the intellectual, artistic, and moral development of one of cinema's most durable and controversial directors.

(Inter)Facing Death Sam Han, 2019-10-16 In modern times, death is understood to have undergone a transformation not unlike religion. Whereas in the past it was out in the open, it now resides mostly in specialized spaces of sequestration: funeral homes, hospitals, and other medical facilities. A mainstay in so-called traditional societies in the form of ritual practices, death was usually messy but meaningful, with the questions of what happens to the dead or where they go lying at the heart of traditional culture and religion. In modernity, however, we are said to have effectively sanitized it, embalmed it, and packaged it, but it seems that death is back. In the current era, marked by economic, political, and social uncertainty, we see it on television, on the Internet; we see it almost everywhere. *Inter Facing Death* analyzes the nexus of death and digital culture in the contemporary moment in the context of recent developments in social, cultural, and political theory. It argues that death today can be thought of as interfaced, that is, mediated and expressed in various aspects of contemporary life, rather than put to the side or overcome, as many narratives of modernity have suggested. Employing concepts from anthropology, sociology, media studies, and communications, *Inter Facing Death* examines diverse phenomena where death and digital culture meet, including art, online suicide pacts, the mourning of celebrity deaths, terrorist beheadings, and selfies. Providing new lines of thinking about one of the oldest questions facing the human and social sciences, this book will appeal to scholars and students of social and political theory, anthropology, sociology, and cultural and media studies with interests in death.

The Haunted Smile Lawrence J. Epstein, 2008-08-05 Lawrence Epstein's *The Haunted Smile* tackles a subject both poignant and delightful: the story of Jewish comedians in America. For the past century and more, American comedy has drawn its strength and soul from the comic genius of Jewish performers and writers. An incomplete listing of names makes the point: The Marx Brothers, Jack Benny, Fanny Brice, George Burns, Milton Berle, Jackie Mason, Joan Rivers, Rodney Dangerfield, Mel Brooks, Alan King, Mort Sahl, Buddy Hackett, Woody Allen, Lenny Bruce, Andy Kaufman, Richard Belzer,

Jerry Seinfeld These men and women among others form the canon of Jewish American comedy In the words of the Detroit Jewish News The Haunted Smile offers us a deep and subtle understanding of how Jewish culture and American openness gave birth to a new style of entertainment Often the best way to illuminate a point is to recount some of these comedians own brilliant routines and Epstein uses the comedian s work to great effect making for a book that is both a thoughtful work of history and a great deal of fun

Genre-Busting Dark Comedies of the 1970s Wes D.
