Burrell Ph.D,2013-04-09 This is a valuable book on the topical subjects of love sex and marriage from a practical Christian perspective The author uses clear understandable language to point out the God given purpose of sex in marriage and some of the potential dangers of sexual abuse He explores the early beginnings of new born babies and their subsequent growth over the years to puberty and adolescence Teenagers are like strangers in a foreign country They are experiencing a difficult period of transition between childhood and adulthood At this crucial stage of their development young people have a keen interest in fashion music and sex Many are sexually active and some begin to think about marriage and family life although they often confuse love with lust and they are not mature enough to assume the responsibility of parenthood **The Bond of Love: Catholic Teaching on Marriage & Sexual Ethics** Willem Jacobus Cardinal Eijk,2025-09-10 Contemporary attitudes toward marriage family life and human sexuality have undergone profound changes since the mid twentieth century spurred by a host of social and cultural factors Large segments

of the population in the West now hold views on marriage and sexual ethics that are very different from the values and norms taught by the Church. Indeed, Catholic teaching on the truth of marriage and human sexuality is open to strong criticism including among groups of Catholics and seems at best poorly understood. In *The Bond of Love*, Willem Jacobus Cardinal Eijk provides a comprehensive and unflinching account of the Church's teaching on marriage and sexual ethics, dispelling misconceptions and elucidating its truth with grace and clarity. As he demonstrates, far from being a set of arbitrary rules that constrain human freedom, this teaching is instead a deep wisdom for human flourishing anchored in the truth of God and man divinely revealed within Scripture Tradition and the Gospel. Eijk first locates Catholic teaching on marriage and sexuality in relation to the currently dominant views in Western society. He follows this with an exposition of the fundamental starting point of the Church's teaching on the nature of marriage and sexuality rooted in theological anthropology. Next discussed is the virtue of chastity, the integration of the sexual faculties into the personality and what it requires of both married and unmarried persons. The volume concludes by addressing practices and circumstances that violate the essence of marriage. This powerful witness to the truth and beauty of Catholic teaching on marriage and sexual ethics is a vital resource for pastors, teachers, and all of the Church's faithful striving to live in the love and communion that is grounded in Christ.

American Christianity's foremost ethicists propose a framework for sexual ethics whereby justice is the criterion for all loving including love that is related to sexual activity and relationships. It begins with historical and cross-cultural explorations then addresses the large questions of embodiment, gender and sexuality and finally delineates the justice framework for sexual ethics. Though Just Love's particular focus is Christian sexual ethics, Farley's framework is broad enough to have relevance for multiple traditions. Also covered are specific issues in sexual ethics including same-sex relationships, marriage and family, divorce and second marriage, celibacy and sex and its negativities. **Dangerous**

Liaisons: Sex and Love in the Segregated South (p) Charles Frank Robinson, Charles F. Robinson II, 2003. In the South after the Civil War, segregation and race itself was based on the idea that interracial sex posed a biological threat to the white race. In this groundbreaking book, Charles Robinson examines how white southerners enforced antimiscegenation laws. His findings challenge conventional wisdom, documenting a pattern of selective prosecutions under which interracial domestic relationships were punished even more harshly than transient sexual encounters. *Love on Trial* Heidi Ardizzone, Earl Lewis, 2014-08-25. Too important to be ignored. A fascinating look at America's obsession with race, pride and privilege. Essence: A modern Cinderella must defend her fairy tale marriage in a scandal that rocked jazz-age America. When Alice Jones, a former domestic, married Leonard Rhinelander in 1924, she became the first black woman to be listed in the Social Register as a member of one of New York's wealthiest families. Once news of the marriage became public, a scandal of race, class and sex gripped the nation and forced the couple into an annulment trial. **The Poetics of Intimacy and the Problem of**

Sexual Abstinence Michael J. Hartwig, 2009. This bold work asks whether traditional Christian sexual morality with its emphasis on sexual abstinence outside of heterosexual marriage is harmful. Appealing to sociological studies, anthropological theories and contemporary theological ethics, Hartwig develops a model of sexual virtue around the concept of a poetics of intimacy and applies this model to particular challenges faced by the divorced, married couples, gay men and lesbians, single adults and people with mental and developmental disabilities. He concludes that mandated long-term and lifelong sexual abstinence for those outside heterosexual marriage is not only harmful but compromises many features of Christian morality.

Love and Sexuality in Social Theory Emiliano Bevilacqua, Mariano Longo, Michael Hviid Jacobsen, 2024-11-27. Love and Sexuality in Social Theory considers the role that love and sexuality play in private and public life. Drawing on both classical and contemporary social theory, this book presents both theoretical and empirical studies of love and sexuality as social factors from the earliest reconstructions of modern emotional life to the most recent analyses of liquid love. With attention to the consequences that passions and desires have both on morals and behaviour, it departs from the analysis of society in terms of the division of labour and utilitarian mechanisms to consider how a society based on performances values human energy and emotional behaviour in a contradictory way. This book therefore presents and discusses classic authors from Georg Simmel and Pitirim Sorokin to Marianne Weber and Simone de Beauvoir through the work of Erving Goffman and

ending with contemporary authors such as Michel Foucault Anthony Giddens Zygmunt Bauman Ulrich Beck and Eva Illouz By presenting love as the social foundation of altruism an essential element in modern conceptions of subjectivity and a force shaping intimacy and contemporary social life this book will appeal to scholars of sociology particularly those interested in social theory and the sociology of emotions
