Journey to America Manny Quijada, 2022-07-24 We all make important and crucial decisions at some point in life Some decisions can truly be life changing A month after I turned sixteen years old I was given the opportunity to leave my country and go north in the continent to the great United States of America It was not an easy thing to do by any means neither was it to decide over After seeking God s answer in prayer for a few days I decided to leave my known life behind to venture into the unknown trusting in God alone to make it safe to my destination As I made the decision to leave my country that also included leaving behind the most beautiful girl I had known I was risking my life in many ways trying to reach the Land of the Free the Home of the Brave with only one purpose in my heart I wanted nothing more than to become a successful man in order to have something to offer to the girl I considered to be the love of my life This was my one and only reason for leaving my country However as the day for my departure approached the strange feeling that I was going to end up with a broken heart at the end of it all became very overwhelming each day and even more so during the entire journey Although I hoped that was not going to be the case I wanted God s will to be done above all else I believed that God had a reason for taking me away from her my country my friends and family at the time He did If He did not want me to go to America the way I did He simply would have said so when I asked if He wanted me to go It took twenty five days from the day I left my home in El Salvador until the day I arrived at my new home in Orange County California There were a number of dangers that I faced during a three week period going across four different countries traveling for more than three thousand miles While my faith was tested in different ways each day my mind and my body were also put to the test in more ways than I expected It all began on the eleventh day of February in the year two thousand and two A group of fifteen individuals full of hope and dreams of a better future decided to begin a journey that would forever change their lives Although unique my story is not the only one for there are millions more that have come before and after me This however is the story of my Journey to America [Love's Journey in Sugarcreek](#) Serena B. Simamane, 2008-02-01 It is a substantial book with a number of intriguing levels which are testimony to the author's skill and versatility. It is a work of considerable scope and imagination by turns inspiring, poignant, and hopeful. Although it is a fiction, there is authenticity in the attitudes it takes and credibility in the characters, settings, and situations it portrays. The characterisation of the Africa to America and the conflict created by their subjugated history coming into contact with aroused hopes and aspirations is sensitively and authentically approached. The detail which is plentiful brings the story alive and is well selected and intuitively observed. The plot races along without losing its momentum, aided considerably by the structure of the novel.

The Way of Saint James: Journey to America Eugene Sierras, 2019-07-15 The Way of Saint James Journey to America is the story about a family with origins in Spain and their journey to America, including the United States of America and Los Estados Unidos Mexicanos. The story focuses on the lives of two men, Mihail Gurevich and Baltazar de la Vega. Their families' background, history, and the lives they led in Europe under conditions that motivated both men to immigrate to America to seek a better life are told. Both men departed when they were young and overcame several obstacles with a resolve to achieve a life in which they could live in freedom and prosper with hard work and dedication toward family. Both individuals were products of not only their place of birth but also the societies in which they lived. Both left what could have been a life not confronted by danger and the unknown. Both chose to venture forth, accepting whatever challenges and risks life may present to them. Their journeys occurred against the larger history of Europe in which they lived. Their journey is similar to the mystical El Camino de Santiago, the Way of Saint James, which served as a metaphor of their quest.
