Muslim Women In America The Challenge Of Islamic Identity Today:

Muslim Women in America Yvonne Yazbeck Haddad, Jane I. Smith, Kathleen M. Moore, 2006-03-02 The treatment and role of women are among the most discussed and controversial aspects of Islam. The rights of Muslim women have become part of the Western political agenda, often perpetuating a stereotype of universal oppression. Muslim women living in America continue to be marginalized and misunderstood since the 9/11 terrorist attacks. Yet their contributions are changing the face of Islam as it is seen both within Muslim communities in the West and by non-Muslims. In their public and private lives, Muslim women are actively negotiating what it means to be a woman and a Muslim in an American context. Yvonne Yazbeck Haddad, Jane I. Smith, and Kathleen M. Moore offer a much needed survey of the situation of Muslim American women, focusing on how Muslim views about and experiences of gender are changing in the Western diaspora. Centering on Muslims in America, the book investigates Muslim attempts to form a new American Islam. Such specific issues as dress, marriage, childrearing, conversion, and workplace discrimination are addressed. The authors also look at the ways in which American Muslim women have tried to create new paradigms of Islamic womanhood and are reinterpreting the traditions apart from the males who control the mosque institutions. A final chapter asks whether 9/11 will prove to have been a watershed moment for Muslim women in America. This groundbreaking work presents the diversity of Muslim American women and demonstrates the complexity of the issues. Impeccably researched and accessible, it broadens our understanding of Islam in the West and encourages further exploration into how Muslim women are shaping the future of American Islam.

When Islam Is Not a Religion Asma T

Uddin,2019-07-09 American Muslim religious liberty lawyer Asma Uddin has long considered her work defending people of all faiths to be a calling more than a job Yet even as she seeks equal protection for Evangelicals Sikhs Muslims Native Americans Jews and Catholics alike she has seen an ominous increase in attempts to criminalize Islam and exclude Muslim Americans from those protections Somehow the view that Muslims aren't human enough for human rights or constitutional protections is moving from the fringe to the mainstream along with the claim Islam is not a religion This conceit is not just a threat to the First Amendment rights of American Muslims It is a threat to the freedom of all Americans Her new book reveals a significant but overlooked danger to our religious liberty Woven throughout this national saga is Uddin's own story and the stories of American Muslims and other people of faith who have faced tremendous indignities as they attempt to live and worship freely Combining her experience of Islam as a religious truth and her legal and philosophical appreciation that all individuals have a right to religious liberty Uddin examines the shifting tides of American culture and outlines a way forward for individuals and communities navigating today's culture wars
