Learn Spanish - Quick / Easy / Efficient Pinhok Languages,2022-05-01 A curated Spanish word frequency list Are you looking for unconventional ways to speed up the process of learning Spanish Then this book is exactly what you are looking for Following the Pareto principle 80 20 rule this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations The result is a unique vocabulary book with 2000 of the most important Spanish words and phrases ordered by their frequency of use Who this Spanish learning book is for This book is for beginners and intermediate learners of Spanish who are self motivated and willing to spend 15 to 20 minutes a day on learning vocabularies The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time If you are willing to put in 20 minutes of learning every day this book is very likely the single best investment you can make if you are at a beginner or intermediate level You will be amazed at the speed of progress within a matter of just weeks of daily practice Who this Spanish frequency list is not for This book is not for you if you are an advanced learner of Spanish In this case please go to our website or search for our Spanish vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields Furthermore if you are looking for an all in one Spanish learning book that guides you through the various steps of learning Spanish this book is most likely also not what you are looking for This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book Please be aware of this when making the purchase How to use this Spanish workbook This book is ideally used on a daily basis reviewing a set number of pages in each session The book is split into sections of 50 vocabularies which allows you to step by step progress through the book Let s for example say you are currently reviewing vocabularies 101 to 200 Once you know vocabularies 101 to 150 very well you can start learning vocabularies 201 to 250 and on the next day skip 101 150 and continue reviewing vocabularies 151 to 250 This way step by step you will work your way through the book and your language skills will jump with each page you master Some final thoughts Like many language hacking methods this book is quite unconventional in its approach but for a driven person that uses it correctly it can significantly speed up the learning process Vocabulary books have been around for centuries and as with so many things that have been around for some time they are not very fashionable and a bit boring but they usually work quite well and that is what counts in the end **1001 Easy Spanish Phrases** Pablo Garcia Loaeza,2010-11-18 More than 1 000 basic phrases for fast effective communication include expressions for dining shopping transportation and other common situations Designed for quick reference and easy study Phonetic pronunciation guide for each phrase **Easy**
