A Christian America Restored Robert Glenn Slater, 2019-08-13 Protestant evangelical Christian schools are the fastest growing segment of American private school education Despite their notable individual autonomy these schools have retained a consistent belief system and mission over several decades Private religious schools can be traced to our nation's earliest origins Why is it that these unique educational institutions arose in twentieth century America and have continued to thrive *A Christian America Restored* seeks to delve into the beginnings of private Christian schools and discovers that while they are relatively new on the educational landscape of America their roots are actually quite deep connecting with the ongoing dreams of our nation's conservative evangelicals

The Politics of Faith during the Civil War

Timothy L. Wesley, 2013-05-13 *In The Politics of Faith during the Civil War* Timothy L Wesley examines the engagement of both northern and southern preachers in politics during the American Civil War revealing an era of denominational governmental and public scrutiny of religious leaders Controversial ministers risked ostracism within the local community censure from church leaders and arrests by provost marshals or local police In contested areas of the Upper Confederacy and Border Union ministers occasionally faced deadly violence for what they said or would not say from their pulpits Even silence on political issues did not guarantee a preacher's security as both sides arrested clergymen who defied the dictates of civil and military authorities by refusing to declare their loyalty in sermons or to pray for the designated nation army or president The generation that fought the Civil War lived in arguably the most sacralized culture in the history of the United States The participation of church members in the public arena meant that ministers wielded great authority Wesley outlines the scope of that influence and considers conversely the feared outcomes of its abuse By treating ministers as both individual men of conscience and leaders of religious communities Wesley reveals that the reticence of otherwise loyal ministers to bring politics into the pulpit often grew not out of partisan concerns but out of doctrinal historical and local factors *The Politics of Faith during the Civil War* sheds new light on the political motivations of homefront clergymen during wartime revealing how and why the Civil War stands as the nation's first concerted campaign to check the ministry's freedom of religious expression

Paradigmes du pèlerinage : du voyage dévotionnel au tourisme (religieux) Monica RUSSET OANCA, Maria Yvonne BĂNCILĂ, Mădălina TOADER, 2023-01-01 The volume *Paradigms of Pilgrimage From Devotional Journey to Religious Tourism* endeavours to present some insights into the multi layered significance of pilgrimage starting from a theoretical approach and then addressing specific situations The first two parts deal chronologically with instances of traditional images of pilgrimage and the last two parts move towards analysing modern and post modern examples of journeys with a spiritual purpose Each chapter is independent and provides an original rendering of the concept of pilgrimage The authors use various approaches to discuss the notion of pilgrimage and the images interconnect creating an irregular but harmonious mosaic Le volume *Paradigmes du pèlerinage du voyage dévotionnel au tourisme religieux* vise à présenter les différentes facettes du pèlerinage en partant d'une approche théorique et en proposant ensuite des situations spécifiques Les deux premières parties examinent chronologiquement les exemples d'images traditionnelles de pèlerinage tandis que les deux dernières parties s'orientent vers l'analyse d'exemples modernes et postmodernes des voyages travers la spiritualité Chaque chapitre est indépendant et montre une interprétation originale de la notion de pèlerinage Les auteurs utilisent diverses approches
