Religion In The Soviet Union An Archival Reader:

Religion in the Soviet Union F. Corley, 1996-08-27 The Soviet government's attitude to religion in theory and practice is shown in this wide ranging collection of annotated texts from the newly opened archives Included are documents from the KGB the Central Committee the Council for Religious Affairs and numerous other official bodies For the first time in English we see the bureaucrats own view of how religious believers should be controlled following the story from the persecutions of the early Soviet years to the openness instituted by Mikhail Gorbachev *Religion in the Soviet Union* F. Corley, 1996

Religion and Jewish Identity in the Soviet Union, 1941-1964 Mordechai Altshuler, 2012 Unearths the roots of a national awakening among Soviet Jews during World War II and its aftermath **Religious Life in the Late Soviet Union** Barbara Martin, Nadezhda Beliakova, 2023-08-18 This book presents the first large overview of late Soviet religiosity across several confessions and Soviet republics from the 1960s to the 1980s Based on a broad range of new sources on the daily life of religious communities including material from regional archives and oral history it shows that religion not only survived Soviet anti religious repression but also adapted to new conditions Going beyond traditional views about a mere return of the repressed the book shows how new forms of religiosity and religious socialisation emerged as new generations born into atheist families turned to religion in search of new meaning long before perestroika facilitated this process In addition the book examines anew religious activism and transnational networks between Soviet believers and Western organisations during the Cold War explores the religious dimension of Soviet female activism and shifts the focus away from the non religious human rights movement and from religious institutions to ordinary believers *Apocalypse, Revolution and Terrorism* Jeffrey Kaplan, 2018-09-21 This book focuses on religiously driven oppositional violence through the ages Beginning with the 1st century Sicari it examines the commonalities that link apocalypticism revolution and terrorism occurring in Judaism Christianity and Islam past and present It is divided into two sections This was Then and This is Now which together examine the cultural and religious history of oppositional violence from the time of Jesus to the aftermath of the 2016 American election The historical focus centers on how the movements leaders and revolutionaries from earlier times are interpreted today through the lenses of historical memory and popular culture The radical right is the primary but not exclusive focus of the second part of the book At the same time the work is intensely personal in that it incorporates the author's experiences in the worlds of communist Eastern Europe in the Iranian Revolution and in the uprisings and wars in the Middle East and East Africa This book will be of much interest to students of religious and political violence religious studies history and security studies Orthodox Russia: Belief and Practice Under the Tsars, Islam in the Soviet Union Yaacov Ro'i, 2000 Based largely on official Soviet archive material this study describes and analyses all aspects of Islam which relate to the Soviet domestic scene with the purpose of demonstrating how it survived in the face of Soviet repression and secularisation **Soviet and Muslim** Eren Tasar, 2017-11-01 Central Asia was the sole Muslim region of the former Russian

Empire that lacked a centralized Islamic organization or muftiate When Soviet leader Joseph Stalin created such a body for the region as part of his religious reforms during World War II he acknowledged that the Muslim faith could enjoy some legal protection under Communist rule From a skeletal and disorganized body run by one family of Islamic scholars out of a modest house in Tashkent's old city this muftiate acquired great political importance in the eyes of Soviet policymakers and equally significant symbolic significance for many Muslims Relying on recently declassified Central Asian archival sources most of them never seen before by historians Eren Tasar argues that Islam did not merely survive the decades from World War II until the Soviet collapse in 1991 but actively shaped the political and social context of Soviet Central Asia Muslim figures institutions and practices evolved in response to the social and political reality of Communist rule Through an analysis that spans all aspects of Islam under Soviet rule from debates about religion inside the Communist Party to the muftiate's efforts to acquire control over mosques across Central Asia changes in Islamic practices and dogma and overseas propaganda targeting the Islamic World Soviet and Muslim offers a radical new reading of Islam's resilience and evolution under atheism

The Catholic Church and Soviet Russia, 1917-39 Dennis Dunn, 2016-11-18 This book based on extensive research including in the Russian and Vatican archives charts the development of relations between the Catholic Church and the Soviet Union from the Bolshevik Revolution of 1917 to the death of Pope Pius XI in 1939 It provides background information on the animosity between the Orthodox and Catholic churches and moves towards reconciliation between them discusses Soviet initiatives to eradicate religion in the Soviet Union and spread atheist international communism throughout the world and explores the Catholic Church's attempts to survive in the face of persecution within the Soviet Union and extend itself Throughout the book reveals much new detail on the complex interaction between these two opposing bodies and their respective ideologies

The Dangerous God Dominic Erdozain, 2017-10-02 At the heart of the Soviet experiment was a belief in the impermanence of the human spirit souls could be engineered conscience could be destroyed The project was in many ways chillingly successful But the ultimate failure of a totalitarian regime to fulfill its ambitions for social and spiritual mastery had roots deeper than the deficiencies of the Soviet leadership or the chaos of a command economy Beneath the rhetoric of scientific communism was a culture of intellectual and cultural dissidence which may be regarded as the prehistory of perestroika This volume explores the contribution of Christian thought and belief to this culture of dissent and survival showing how religious and secular streams of resistance joined in an unexpected and powerful partnership The essays in *The Dangerous God* seek to shed light on the dynamic and subversive capacities of religious faith in a context of brutal oppression while acknowledging the often collusive relationship between clerical elites and the Soviet authorities Against the Marxist notion of the ideological function of religion the authors set the example of people for whom faith was more than an opiate against an enduring mythology of secularization they propose the centrality of religious faith in the intellectual political and cultural life of the late modern era This volume will appeal to specialists on religion in Soviet history

as well as those interested in the history of religion under totalitarian regimes
