Religion Of Jesus:

The Religion of Jesus Albert Gallatin Lawson, 1920 **Jesus** W. Barnes Tatum, 2015-09-23 Drawing on examples from literature art and popular culture as well as theology this engaging book reveals the importance of the question whose was he in fully understanding the life and legacy of Jesus A concise accessible and engaging exploration of Jesus's life and enduring influence Charts the changing global status and influence of Jesus a Galilean Jew born when the ancient Roman Empire ruled the Mediterranean world and how he has come to be honored as the Christ and recognized by billions of people around the world Traces the reception history of Jesus and his story over the past two millennia through art literature and culture as well as theology Draws on a fascinating range of materials from ancient texts creeds and theological treatises to the visual and dramatic arts including books like *The Da Vinci Code* and films such as *The Passion of the Christ* **The Method of Jesus** Alfred Williams Anthony, 1899 *Images of Jesus Christ in Islam* Oddbjørn Leirvik, 1999 Jesus and Muhammad Daniel Hummel, 2017-07-01 Jesus and Muhammad lived in different times and in different contexts An absolute comparison of the careers of these two men is not a satisfactory method in understanding the similarities and differences between their teachings This book approaches this topic from a different perspective The time that Muhammad preached in Mecca is compared to the time Jesus spent preaching throughout Palestine This improves the similarities in contexts between them and makes a comparison more valid The number of similarities outweighs the number of differences when looking at the four books of the Gospel and the chapters of the Qur'an revealed in Mecca On issues related to prayer the Oneness of God charity the Hereafter and forgiveness the teachings in these two books are practically the same A number of core theological issues surfaced in the Book of John do clash with Qur'anic teachings about the person of Jesus These differences and the possible reasons for them are explored in this book The conclusion of this book is that Muslims and Christians have more shared values and even theological similarities than differences It is recommended that Muslims and Christians should spend more time understanding these commonalities The Religion of God and the Reformation by Jesus Christ Religion, 1876

Jesus in the World's Faiths Gregory A. Barker, 2005 What Jesus as his teachings mean to contemporary Buddhists Hindus Muslims Jews and Christians in the context of their traditions and in their personal faith experiences *Jesus Among Other Gods* Ravi Zacharias, 2000-10-12 You can't be friends with God if the God you believe in doesn't really exist You can't depend on God if your God is a figment of your imagination In a world full of gods how do you know Jesus is real You have probably heard things like All religions lead to the same God All faiths teach the same things It doesn't matter what you believe just that you believe sincerely But Jesus said that He alone is the way to God He alone shows us the truth of who God is He alone gives us life close to God In this youth edition of *Jesus Among Other Gods* Ravi Zacharias gives solid evidence as to why we should choose Jesus Christ as THE God among all other gods Zacharias contrasts the truth of Jesus with the founders of Islam Hinduism and Buddhism providing strong descriptions of each faith and solid defenses for the cause of Christ In

addition to the religion comparisons the book answers questions such as What about all the hypocrites at church How scientific is science How can you best share what you believe and Does the Bible teach reincarnation You can never be too young to learn how to defend your faith and this book will tell you exactly how to do just that **The Essence of Jesus** Arthur Rowe,2006-01-01 Jesus of Nazareth the Nazarene Jesus Christ the Christ the Good Shepherd the Redeemer or the Deliverer To this day the identity of Jesus remains an unfathomable mystery for non believers and a glorious open book of hope for the devout Who really was this figure and why are his life and sermons so pivotal to the core of Christianity the religion founded in his name and in honour of his sacrifice to humankind The Essence of Jesus tackles such fascinating subject matter in ground breaking form turning to sources as diverse as the Bible iconic art Church reformers religious ritual as well as other religions leaders and holy texts in order to offer a well rounded discussion about the power of Jesus word and his legacy *The Secret Religion of Jesus* N. H. Newhall,2008-01 No book about Gestalt therapy or probably any kind of psychotherapy for that matter has talked about anthropology ethnology and cross species comparison including vampire bats ground squirrels Florida scrub jays and chimpanzees as though they were relevant to the enterprise And there have been only a few books that have described how Evolutionary Psychology should begin to change the way we conceive of psychotherapy mental health and psychopathology This book treads on relatively new ground for both psychotherapists and Darwinists Therapists especially so called Humanistic therapists which include Gestalt therapists will find many of their standard assumptions about human behavior and life in general challenged For example the teleological view that life has purpose toward perfection cannot possibly be true This does not mean that humans can t strive for some kind of ideal Indeed we should and we do But evolution tells us why this is difficult and why our hopes cannot be pinned on assumptions of innate goodness We need to understand what humans are really up to in order to achieve a social order that is well civilized This fact is most clearly exemplified by male female relationships which have hardly yielded at all to efforts to eradicate rape and violence the double standard and egregious misreading even through the centuries This book dares to explore and seek that understanding This book should make Gestalt therapy and its training methods attractive to students who are looking for something beyond their graduate school experience to prepare them for the psychotherapy profession in the 21st century The author recounts some of his experience in residential training and shows why that be preserved as a central feature in the development of Gestalt therapists
