Robert Jackson

Religious Convictions:

Religious Convictions and Political Choice Kent Greenawalt, 1987-12-10 How far may Americans properly rely on their religious beliefs when they make and defend political decisions For example are ordinary citizens or legislators doing something wrong when they consciously allow their decisions respecting abortion laws to be determined by their religious views Despite its intense contemporary relevance the full dimensions of this issue have until now not been thoroughly examined *Religious Convictions and Political Choice* represents the first attempt to fill this gap Beginning with an account of the basic premises of our liberal democracy Greenawalt moves to a comparison between rational secular grounds of decision and grounds based on religious convictions He discusses particular issues such as animal rights and abortion showing how religious convictions can bear on an individual's decisions about them and inquires whether reliance on such convictions is compatible with liberal democratic premises In conclusion he argues that citizens cannot be expected to rely exclusively on rational secular grounds

Religious Convictions and Political Choice Kent Greenawalt, 1991 How far may Americans properly rely on their religious beliefs when they make and defend political decisions Are decisions based on religious convictions compatible with liberal democratic premises Kent Greenawalt dissects such issues as abortion and animal rights to illustrate secular and religious bases for decision making concluding that citizens cannot be expected to rely exclusively on rational secular grounds

Dimension of Religions and Non-religious Convictions Within Intercultural Education

Council of Europe. Committee of Ministers, Council of Europe Publishing, 2009-01-01 This policy recommendation defines the perspective from which religions and non religious convictions are to be taken into account in a framework of intercultural education while setting out a number of principles objectives and teaching and learning methods It was adopted by the Committee of Ministers of the Council of Europe on December 10 2008 as the final outcome of the project carried out by the Steering Committee for Education on the New Challenge of Intercultural Education Religious Diversity and Dialogue in Europe 2002 2005 It can be used as a reference by policy makers curricula designers trainers and teachers in their everyday work to develop competences for intercultural dialogue and to remove obstacles that prevent appropriate treatment of the diversity of religions and non religious convictions in school settings Publisher's description

Religious Conviction in Liberal Politics

Christopher J. Eberle, 2002-05-02 What role should a citizen's religious convictions play in her political activities Is she for example permitted to decide on the basis of her religious convictions to support laws that criminalize abortion or discourage homosexual relations Christopher Eberle is deeply at odds with the dominant orthodoxy among political theorists about the relation of religion and politics His argument is that a citizen may responsibly ground her political commitments on religious beliefs even if her only reasons for her political commitments are religious in nature His ideal of citizenship allows citizens to engage in politics without privatizing their religious commitments and yet does not license mindless and intransigent sectarianism An inherently controversial book that offers a substantial challenge to

political liberalism it will be read by students and professionals in philosophy political science law and religious studies and general readers seeking insight into the relationship between religious commitments and liberal politics Scientific Explanation and Religious Belief Michael G.
