Technology and the Public Interest Haochen Sun, 2022-04-21 In this groundbreaking work Haochen Sun analyzes the ethical crisis unfolding at the intersection of technology and the public interest He examines technology companies growing power and their increasing disregard for the public good To tackle this asymmetry of power and responsibility he argues that we must reexamine the nature and scope of the right to technology and dynamically protect it as a human right under international law a collective right under domestic civil rights law and potentially a fundamental right under domestic constitutional law He also develops the concept of fundamental corporate responsibility requiring technology companies to compensate users for their contributions assume an active role responsibility in upholding the public interest and counter injustices caused by technological developments *Resources in Education* , 1995-04

The Status of Religion and the Public Benefit in Charity Law Barry W. Bussey, 2020-02-29 The Status of Religion and the Public Benefit in Charity Law is an apologetic for maintaining the presumption of public benefit for the charitable category advancement of religion in democratic countries within the English common law tradition In response to growing academic and political pressure to reform charity law including recurring calls to remove tax exemptions granted to religious charities the scholars in this volume analyse the implications of legislative and legal developments in Canada the UK Australia New Zealand and South Africa In the process they also confront more fundamental sociological or philosophical questions on the very nature and role of religion in a secular society that would deny any space for religious communities outside their houses of worship In other words this book is concerned with the place of religion and religious institutions in contemporary society It represents a series of concerns about the proper role of the state in relation to the differing beliefs of citizens some of which will quite rightly manifest in actions to benefit the wider society This debate then naturally engages with broader issues related to secularism civic engagement and liberal democratic freedoms
