The user-friendly content is enhanced by charts of religious festivals, historic timelines, updated maps of the world's religions, and a useful glossary. This third edition has several updates, including a new design, a new section on women and religion, and a newly revised section on religions in today's world.

World Religions and Contemporary Issues Brennan Hill, 2013. To live in a global society and make sense of world events requires more than a cursory understanding of world religions and the roles they play. This fascinating in-depth academic study of the five major religions focuses on each group's response to some of the most critical social issues of our time: ecology, peace, and women's rights. The author also highlights individual religious heroes and provides links to numerous digital sources for further research, making this a particularly timely and personalized approach to the study of world religions and their far-reaching impact at every level of society.
