regional differences in the history of book production and reading practices **The Tudor Drama** Tucker Brooke, 1911

Anglistische Forschungen May Lansfield Keller, 1906 **Contesting the Middle Ages** John Aberth, 2018-10-03

Contesting the Middle Ages is a thorough exploration of recent arguments surrounding nine hotly debated topics: the decline and fall of Rome, the Viking invasions, the Crusades, the persecution of minorities, sexuality in the Middle Ages, women within medieval society, intellectual and environmental history, the Black Death, and lastly the waning of the Middle Ages. The historiography of the Middle Ages, a term in itself controversial amongst medieval historians, has been continuously debated and rewritten for centuries. In each chapter, John Aberth sets out key historiographical debates in an engaging and informative way, encouraging students to consider the process of writing about history and prompting them to ask questions even of already thoroughly debated subjects such as why the Roman Empire fell or what significance the Black Death had both in the late Middle Ages and beyond. Sparking discussion and inspiring examination of the past and its ongoing significance in modern life, *Contesting the Middle Ages* is essential reading for students of medieval history and historiography.

The Shakespeare Thefts Eric Rasmussen, 2011-10-11. Part literary detective story, part Shakespearean lore. The *Shakespeare Thefts* will charm the Bard's many fans. The first edition of Shakespeare's collected works, the First Folio, published in 1623, is one of the most valuable books in the world and has historically proven to be an attractive target for thieves. Of the 160 First Folios listed in a census of 1902, 14 were subsequently stolen, and only two of these were ever recovered. In his efforts to catalog all these precious First Folios, renowned Shakespeare scholar Eric Rasmussen embarked on a riveting journey around the globe involving run-ins with heavily tattooed criminal street gangs in Tokyo, bizarre visits with eccentric reclusive billionaires, and intense battles of wills with secretive librarians. He explores the intrigue surrounding the Earl of Pembroke, arguably Shakespeare's boyfriend, to whom the First Folio is dedicated and whose personal copy is still missing. He investigates the uncanny sequence of events in which a wealthy East Coast couple drowned in a boating accident, and the next week their First Folio appeared for sale in Kansas. We hear about Folios that were censored, the pages ripped out of them, about a volume that was marked in red paint or is it blood on every page, and of yet another that has a bullet lodged in its pages.
