Relocating Eden The Image And Politics Of Inuit Exile In The Canadian Arctic:

Relocating Eden Alan R. Marcus, 2016 *Righting Canada's Wrongs: Inuit Relocations* Frank James Tester, Krista Ulujuk Zawadski, 2023-11-07 A ground breaking account of multiple forced relocations by the Canadian government of Inuit communities and individuals All have been the subject of apologies but are little known beyond the Arctic The Inuit community has proven resilient to many attempts at assimilation relocation and evacuation to the south In a highly visual and appealing format for young readers this book explores the many forced relocation of Inuit families and communities in the Canadian Arctic from the 1950s to the 1990s Governments promoted and forced relocation based on misinformation and racist attitudes These actions changed Inuit lives forever This book documents the Inuit experience and the resilience and strength they displayed in the face of these measures Years afterwards there have been multiple apologies by the Canadian government for its actions and some measure of restitution for the harms caused Included in the book are accounts of a community forced to move to the High Arctic where they found themselves with little food and almost no shelter of children suddenly taken away from their families and communities to be transported to hospitals for treatment for tuberculosis and of the notorious slaughter by RCMP officers of hundreds of sled dogs in Arctic settlements Though apologies have been made Inuit in northern Canada still face conditions of inadequate housing schools that fail to teach their language and epidemics of infectious diseases like TB Yet still the Inuit have achieved a measure of self government control over resource development while they enrich cultural life through music film art and literature This book enables readers to understand the colonialism and racism that remain embedded in Canadian society today and the successful resistance of Inuit to assimilation and loss of cultural identity Like other volumes in the *Righting Canada's Wrongs* series this book uses a variety of visuals first person accounts short texts and extracts from documents to appeal to a wide range of young readers **Uumajursiutik**

unaatuinnamut / Hunter with Harpoon / Chasseur au harpon Markoosie Patsauq, 2021-01-20 Fifty years ago Markoosie Patsauq then a bush pilot in his late twenties living in the tiny isolated High Arctic community of Resolute spent his spare time quietly writing a story that effectively emerged as the first Indigenous novel released in Canada Published in English under the title *Harpoon of the Hunter* in 1970 by McGill Queen's University Press that version of the story was Patsauq's own adaptation In the years that followed the widely acclaimed English edition was translated into many different languages but what has remained obscured until the present day is the Inuktitut text originally produced by the author In collaboration with Patsauq Valerie Henitiuk and Marc Antoine Mahieu have foregrounded the original Inuktitut text to inform their translations into both English and French This critical edition complete with the story in both Inuktitut syllabics and Latin script utilizes the author's handwritten manuscript as well as interviews with Patsauq to produce a new rigorous examination of this literary and cultural milestone This work also includes the first comprehensive account of the critical response to his writing while underscoring the way the much altered English adaptation from 1970 shaped that response A momentous achievement

that situates a new classic in the twenty first century Hunter with Harpoon brings readers back to the roots of Markoosie Patsauq s Inuit story to experience it as it was originally written Walking a Tightrope David T. McNab,Ute Lischke,2005-03-15 The most we can hope for is that we are paraphrased correctly In this statement Lenore Keeshig Tobias underscores one of the main issues in the representation of Aboriginal peoples by non Aboriginals Non Aboriginal people often fail to understand the sheer diversity multiplicity and shifting identities of Aboriginal people As a result Aboriginal people are often taken out of their own contexts Walking a Tightrope plays an important role in the dynamic historical process of ongoing change in the representation of Aboriginal peoples It locates and examines the multiplicity and distinctiveness of Aboriginal voices and their representations both as they portray themselves and as others have characterized them In addition to exploring perspectives and approaches to the representation of Aboriginal peoples it also looks at Native notions of time history land cultures identities and literacies Until these are understood by non Aboriginals Aboriginal people will continue to be misrepresented both as individuals and as groups By acknowledging the complex and unique legal and historical status of Aboriginal peoples we can begin to understand the culture of Native peoples in North America Until then given the strength of stereotypes Native people have come to expect no better representation than a paraphrase *Breaking Ice* Arctic Institute of North America,2005 From the pressures of development technological advances globalization and climate change to social and cultural life this book attempts to define the nature of competing demands and assess their impact on the environment These essays provide a detailed examination of ocean and coastal management in the Canadian north exploring a wide range of issues critical to environmental stewardship and breaking the ice to connect academics government managers policy makers aboriginal groups and industry Book Jacket **North American Indians** Alice Beck Kehoe,2017-10-03 Written in an easy to read narrative format this volume provides the most comprehensive coverage of North American Indians from earliest evidence through 1990 It shows Indians as a people with history and not as primitives covering current ideological issues and political situations including treaty rights sovereignty and repatriation A must read for anyone interested in North American Indian history This is a comprehensive and thought provoking approach to the history of the native peoples of North America including Mexico and Canada and their civilizations For Native American courses taught in anthropology history and Native American Studies Historical Dictionary of the Inuit Pamela R. Stern,2013-09-26 The Inuit do not represent a very large population only 160 000 or so spread over a very large portion of the Arctic region and located in four different countries Although they are a people there are many variations from one group to the next and any study of them must consider both similarities and differences The Historical Dictionary of the Inuit introduces us to the Inuit as they actually are and not as they have been traditionally pictured and some would still like to see them looking after their traditional chores and engaged in time honored practices but rather as a modern people trying to shape their worlds in their own interest This second edition includes an updated chronology as well as an

introduction to provide a broader view of who the Inuit are where they live and what they do But it is the dictionary section that is most interesting with many new informative entries on persons places events and institutions shedding light not only on the culture but also on the society economy and politics For those seeking further information there is a considerably expanded bibliography This book is an excellent access point for students researchers and anyone wanting to know more about the Inuit *New Arctic Cinemas* Scott MacKenzie,Anna Westerstahl Stenport,2023-03-07 For centuries the Arctic was visualized as an unchanging stable and rigidly alien landscape existing outside twenty first century globalization It is now impossible to ignore the ways the climate crisis expanding resource extraction and Indigenous political mobilization in the circumpolar North are constituent parts of the global present *New Arctic Cinemas* presents an original comparative and interventionist historiography of film and media in twenty first century Scandinavia Greenland Russia Canada and the United States to situate Arctic media in the place it rightfully deserves to occupy as central to global environmental concerns and Indigenous media sovereignty and self determination movements The works of contemporary Arctic filmmakers from Zacharias Kunuk and Alethea Arnaquq Baril to Amanda Kernell and Inuk Silis H egh reach worldwide audiences In examining the reach and influence of these artists and their work Scott MacKenzie and Anna Westerstahl Stenport reveal a global media system of intertwined production contexts circulation opportunities and imaginaries all centering the Arctic North

Portraits of the Far North Gerald Kuehl,2019-06-08T00:00:00-04:00 If portraits could speak what fascinating stories would they tell For over two decades Manitoban artist Gerald Kuehl has travelled to the far fl ung corners of Canada to draw out these answers from the last generation of Indigenous Peoples born on the land and pencil in hand to record their likenesses and experiences Picking up where Kuehl s acclaimed *Portraits of the North* left off *Portraits of the Far North* follows the artist as he crosses the 60th parallel into Nunavut to meet the few Inuit Elders who still remember the days when their people lived entirely off the bounty of the land Kuehl s astonishing graphite pencil drawings and accompanying stories the result of his travels in the Far North over thirteen years hundreds of interviews with Elders and thousands of hours at the drawing board provide an unprecedented poignant account of the changing realities Inuit experienced over the course of the last century and their bright hopes for the future *Routledge Handbook of Indigenous Peoples in the Arctic* Timo Koivurova,Else Grete Broderstad,Dorothee Cambou,Dalee Dorough,Florian Stammer,2020-12-03 This handbook brings together the expertise of Indigenous and non Indigenous scholars to offer a comprehensive overview of issues surrounding the well being self determination and sustainability of Indigenous peoples in the Arctic Offering multidisciplinary insights from leading figures this handbook highlights Indigenous challenges approaches and solutions to pressing issues in Arctic regions such as a warming climate and the loss of biodiversity It furthers our understanding of the Arctic experience by analyzing how people not only survive but thrive in the planet s harshest climate through their innovation ingenuity and agency to tackle rapidly changing environments and evolving political social economic and cultural conditions The book is

structured into three distinct parts that cover key topics in recent and future research with Indigenous Peoples in the Arctic. The first part examines the diversity of Indigenous peoples and their cultural expressions in the different Arctic states. It also focuses on the well-being of Indigenous peoples in the Arctic regions. The second part relates to the identities and livelihoods that Indigenous peoples in Arctic regions derive from the resources in their environments. This interconnection between resources and people's identities underscores their entitlements to use their lands and resources. The third and final part provides insights into the political involvement of Indigenous peoples from local all the way to the international level and their right to self-determination and some of the recent related topics in this field. This book offers a novel contribution to Arctic studies, empowering Indigenous research for the future and rebuilding the image of Indigenous peoples as proactive participants, signaling their pivotal role in the co-production of knowledge. It will appeal to scholars and students of law, political sciences, geography, anthropology, Arctic studies, and environmental studies, as well as policy makers and professionals.
