Ruswick, 2012-12-17 A history and analysis of scientific charity organizations that arose in late nineteenth century America In the 1880s social reform leaders warned that the unworthy poor were taking charitable relief intended for the truly deserving Armed with statistics and confused notions of evolution these scientific charity reformers founded organizations intent on limiting access to relief by the most morally biologically and economically unfit Brent Ruswick examines a prominent national organization for scientific social reform and poor relief in Indianapolis in order to understand how these new theories of poverty gave birth to new programs to assist the poor Ruswick s well researched monograph traces the history of the charity organization society in the US from its origins in the Gilded Age to its merging with social work in the Progressive Era Recommended Choice This study provides a welcome insight into the inner workings of charity organization societies and their drive to eliminate poverty Nonprofit some possibly fruitful hypotheses about what to make of changes in COS approaches over time thoughtful new propositions about the relationship between scientific charity and eugenics including some charity reformers apparent remorse and a fresh new mini biography of Oscar McCulloch interspersed throughout H SHGAPE Brent Ruswick wants to put the science back into scientific charity He argues that the essence of organized charity

was not its class prejudices and censorious attitude toward the poor but rather its belief that systematic evidence gathering could serve to improve the quality of charity work and public policy American Historical Review Volume 119 Issue 4 October 2014

A Spiritual Home Charles D. Cashdollar, 2000-08-01 A Spiritual Home explores congregational life inside British and American Reformed churches between 1830 and 1915 At a time when scholars have become interested in the day to day experience of local congregations this book reaches back into the nineteenth century a critically formative period in Anglo American religious life to examine the historical roots of congregational life Taking the perspective of the laity Cashdollar ranges widely from worship and music to fund raising and administration from pastoral care to social work from prayer meetings to strawberry festivals from the sanctuary to the kitchen Firmly rooted in broader currents of gender class notions of middle class respectability increasing expectations for personal privacy and patterns of professionalization he finds that there was a gradual shift in emphasis during these years from piety to fellowship Based on records publications and memorabilia from about 150 congregations representing eight denominations A Spiritual Home gives us a comprehensive composite portrait of religious life in Victorian Britain and America

, *Tariff Question in the Gilded Age* Joanne Reitano, 2010-11-01 Protective tariffs were part of American life long before the era of NAFTA and GATT In the late nineteenth century the tariff question was one of the most controversial issues of the day As Joanne Reitano shows in this far reaching study the ensuing debate was anything but an empty exercise in political rhetoric occupying only politicians and lobbyists The tariff was of central concern to a broad cross section of people because of its perceived relationship to immediate economic problems such as wages prices and trusts In fact it became a means for many Americans to wrestle with the implications of the country's rapid growth and the impact of industrial capitalism on American life Reitano focuses on the election year of 1888 when the tariff was adopted as a cause célèbre by President Grover Cleveland Congress the two major parties and the press At the heart of the debate was the Mills Bill for tariff reduction Although the bill failed to pass Reitano finds in the rancorous public debate a barometer of changes in the American mind in the Gilded Age She carefully blends intellectual political economic and social issues through analyses of the Congressional Record press coverage of the debate academic and polemical literature political cartoons and the presidential campaign Ultimately Reitano contends that ideas about political economy have always been central to the American mind They were so in the Gilded Age as they are today

Oscar Wilde's America Mary Warner Blanchard, 1998-01-01 In 1882 Oscar Wilde toured America as the Apostle of Aestheticism The nation was still shaken by the Civil War and Wilde's message of regeneration through art and beauty seemed to open new horizons In this first cultural history of the aesthetic movement in the U S Mary Blanchard provides an imaginative account of a neglected dimension of our history 221 illustrations
