Rembrandt Rembrandt Harmenszoon van Rijn, 1977 Rembrandt is revered not only as a painter but as a supreme master of drawing and etching as well His work in etching spanned most of his career and embraced the wide range of subjects he pursued in his painting portraits landscapes biblical scenes pictures with allegorical and mythological themes and more This comprehensive collection contains Rembrandt s complete etchings over 300 works shown in their original size They have been reproduced directly from a rare collection famed for its pristine condition fresh clean impressions rich contrasts and brilliant printing *Rembrandt* Rembrandt, **A Corpus of Rembrandt Paintings IV** Ernst van de Wetering, 2005-10-18 Volume IV of A Corpus of Rembrandt Paintings deals uniquely with the self portraits of Rembrandt In a clearly written explanatory style the head of the Rembrandt Research Project and Editor of this Volume Ernst van de Wetering discusses the full body of work of paintings and etchings portraying Rembrandt He sets the different parameters for accepting or rejecting a Rembrandt self portrait as such whilst also discussing the exact working environment of Rembrandt and his apprentices This workshop setting created a surroundings where apprentices could be involved in working on Rembrandt paintings making it more difficult to determine the hand of the master Van de Wetering who is one of the Rembrandt experts of our day and age goes down to great detail to explain how the different self portraits are made and what techniques Rembrandt uses also giving an overview of which paintings are to be attributed to the Dutch Master and which not In the additional catalogue

the self portraits are examined in detail In clear and accessible explanatory text the different paintings are discussed larded with immaculate images of each painting Details are shown where possible as well as the results of modern day technical imaging like X radiography This work of art history and art research should be part of every serious art historical institute university or museum Nowhere in the art history have all Rembrandt s self portraits been discussed in such detailed and comparative manner by an authority such as Ernst van de Wetering This is a standard work for decades to come **The Biblical Rembrandt** John I. Durham,2004 1 To begin with 2 Human painter of the human condition 3 Rembrandt s Bible 4 Rembrandt s pictures 5 Rembrandt s meaning 6 Rembrandt s faith 7 Rembrandt s diary 8 To end with **Fictions of the Pose** Harry Berger,2000 This lavishly illustrated reading of the structure and meaning of portraiture asks what happens when portraits are interpreted as imitations or likenesses not only of individuals but also of their acts of posing Includes 84 illustrations 40 in color Landscape and Religion from Van Eyck to Rembrandt Boudewijn Bakker,2017-07-05 Offering a corrective to the common scholarly characterization of seventeenth century Dutch landscape painting as modern realistic and secularized Boudewijn Bakker here explores the long history and purpose of landscape in Netherlandish painting In Bakker s view early Netherlandish as well as seventeenth century Dutch painting can be understood only in the context of the intellectual climate of the day Concentrating on landscape painting as the careful depiction of the visible world Bakker s analysis takes in the thought of figures seldom consulted by traditional art historians such as the fifteenth century philosopher Dionysius the Carthusian the sixteenth century religious reformer John Calvin the geographer Abraham Ortelius and the seventeenth century poet Constantijn Huygens Probing their conception of nature as the first Book of God and art as its representation Bakker identifies a world view that has its roots in the traditional Christian perceptions of God and creation Landscape and Religion from Van Eyck to Rembrandt imposes a new layer of interpretation on the richly varied landscapes of the great masters In so doing it adds a new dimension to the insights offered by modern art historical research Further Bakker s explorations of early modern art and literature provide essential background for any student of European intellectual history **Rembrandt/not Rembrandt in the Metropolitan Museum of Art: Paintings, drawings, and prints: art-historical perspectives** Hubertus von Sonnenburg,Walter A.
